The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:

1

- 115.11 - Zero tolerance of sexual abuse and sexual harassment; PREA coordinator

Number of standards met:

44

Number of standards not met:

0

POST-AUDIT REPORTING INFORMATION

Please note: Question numbers may not appear sequentially as some questions are omitted from the report and used solely for internal reporting purposes.

GENERAL AUDIT INFORMATION

On-site Audit Dates

1. Start date of the onsite portion of the audit:	2026-06-10
2. End date of the onsite portion of the audit:	2026-06-11

Outreach

10. Did you attempt to communicate with community-based organization(s) or victim advocates who provide services to this facility and/or who may have insight into relevant conditions in the facility?	☒ Yes ☐ No
a. Identify the community-based organization(s) or victim advocates with whom you communicated:	CASA and JDI

AUDITED FACILITY INFORMATION

14. Designated facility capacity:	800
15. Average daily population for the past 12 months:	759
16. Number of inmate/resident/detainee housing units:	9
17. Does the facility ever hold youthful inmates or youthful/juvenile detainees?	☐ Yes ☒ No ☐ Not Applicable for the facility type audited (i.e., Community Confinement Facility or Juvenile Facility)

Audited Facility Population Characteristics on Day One of the Onsite Portion of the Audit

Inmates/Residents/Detainees Population Characteristics on Day One of the Onsite Portion of the Audit

23. Enter the total number of inmates/residents/detainees in the facility as of the first day of onsite portion of the audit:	753
25. Enter the total number of inmates/residents/detainees with a physical disability in the facility as of the first day of the onsite portion of the audit:	82
26. Enter the total number of inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) in the facility as of the first day of the onsite portion of the audit:	1
27. Enter the total number of inmates/residents/detainees who are Blind or have low vision (visually impaired) in the facility as of the first day of the onsite portion of the audit:	2
28. Enter the total number of inmates/residents/detainees who are Deaf or hard-of-hearing in the facility as of the first day of the onsite portion of the audit:	10
29. Enter the total number of inmates/residents/detainees who are Limited English Proficient (LEP) in the facility as of the first day of the onsite portion of the audit:	0

31. Enter the total number of inmates/residents/detainees who identify as transgender or intersex in the facility as of the first day of the onsite portion of the audit:	2
32. Enter the total number of inmates/residents/detainees who reported sexual abuse in the facility as of the first day of the onsite portion of the audit:	2
33. Enter the total number of inmates/residents/detainees who disclosed prior sexual victimization during risk screening in the facility as of the first day of the onsite portion of the audit:	20
34. Enter the total number of inmates/residents/detainees who were ever placed in segregated housing/isolation for risk of sexual victimization in the facility as of the first day of the onsite portion of the audit:	0
35. Provide any additional comments regarding the population characteristics of inmates/residents/detainees in the facility as of the first day of the onsite portion of the audit (e.g., groups not tracked, issues with identifying certain populations):	No text provided.
Staff, Volunteers, and Contractors Population Characteristics on Day One of the Onsite Portion of the Audit	
36. Enter the total number of STAFF, including both full- and part-time staff, employed by the facility as of the first day of the onsite portion of the audit:	283
37. Enter the total number of VOLUNTEERS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	62

38. Enter the total number of CONTRACTORS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	36
39. Provide any additional comments regarding the population characteristics of staff, volunteers, and contractors who were in the facility as of the first day of the onsite portion of the audit:	No text provided.
INTERVIEWS	
Inmate/Resident/Detainee Interviews	
Random Inmate/Resident/Detainee Interviews	
40. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	15
41. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	☒ Age ☒ Race ☒ Ethnicity (e.g., Hispanic, Non-Hispanic) ☒ Length of time in the facility ☒ Housing assignment ☒ Gender ☐ Other ☐ None
42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	The auditor ensured a geographically diverse sample among interviewees (random and targeted). The following offenders were selected from the housing units: five from 11, two from 12, three from 13, two from 14, eight from 15, one from 16, five from 17, three from 18 and one from 19.

43. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?	☒ Yes ☐ No
44. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	28 of the offenders interviewed (random and targeted) were male and two were transgender female. Seven of the offenders interviewed were black, eighteen were white, two were Hispanic and three were another race/ethnicity. Regarding age, one was between eighteen and 25, nine were 26-35, eleven were 36-45, five were 46-55 and four were 56 or older. 25 of the offenders interviewed were at the facility less than a year and five were there between a year and five years.
Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	15
As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".	
47. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	2

48. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	1
49. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:	2
50. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:	2
51. Enter the total number of interviews conducted with inmates/residents/detainees who are Limited English Proficient (LEP) using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	☒ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	The auditor reviewed risk screening documents and spoke with staff and offenders.

52. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:	2
53. Enter the total number of interviews conducted with inmates/residents/detainees who identify as transgender or intersex using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:	2
54. Enter the total number of interviews conducted with inmates/residents/detainees who reported sexual abuse in this facility using the "Inmates who Reported a Sexual Abuse" protocol:	1
55. Enter the total number of interviews conducted with inmates/residents/detainees who disclosed prior sexual victimization during risk screening using the "Inmates who Disclosed Sexual Victimization during Risk Screening" protocol:	4
56. Enter the total number of interviews conducted with inmates/residents/detainees who are or were ever placed in segregated housing/isolation for risk of sexual victimization using the "Inmates Placed in Segregated Housing (for Risk of Sexual Victimization/Who Allege to have Suffered Sexual Abuse)" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	☒ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	The auditor reviewed housing for high risk victims and those who reported sexual abuse.
57. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):	No text provided.
Staff, Volunteer, and Contractor Interviews	
Random Staff Interviews	
58. Enter the total number of RANDOM STAFF who were interviewed:	13
59. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)	☐ Length of tenure in the facility ☒ Shift assignment ☒ Work assignment ☒ Rank (or equivalent) ☒ Other (e.g., gender, race, ethnicity, languages spoken) ☐ None
If "Other," describe:	Race, gender and ethnicity.
60. Were you able to conduct the minimum number of RANDOM STAFF interviews?	☒ Yes ☐ No

61. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	The auditor was able to interview the minimum number of random staff. Six staff were interviewed from 7am-3pm, four were from 3pm-11pm and three were from 11pm-7am. Regarding the demographics of the random staff interviewed, eight were male and five were female. One staff was black, nine were white and three were Hispanic. Seven staff were Correctional Officers, two were Sergeants, one was a Lieutenant and three were Captains.
Specialized Staff, Volunteers, and Contractor Interviews	
Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.	
62. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):	25
63. Were you able to interview the Agency Head?	☒ Yes ☐ No
64. Were you able to interview the Warden/Facility Director/Superintendent or their designee?	☒ Yes ☐ No
65. Were you able to interview the PREA Coordinator?	☒ Yes ☐ No
66. Were you able to interview the PREA Compliance Manager?	☒ Yes ☐ No ☐ NA (NA if the agency is a single facility agency or is otherwise not required to have a PREA Compliance Manager per the Standards)

67. Select which SPECIALIZED STAFF roles were interviewed as part of this audit from the list below: (select all that apply)

- ☐ Agency contract administrator
- ☒ Intermediate or higher-level facility staff responsible for conducting and documenting unannounced rounds to identify and deter staff sexual abuse and sexual harassment
- ☐ Line staff who supervise youthful inmates (if applicable)
- ☐ Education and program staff who work with youthful inmates (if applicable)
- ☒ Medical staff
- ☒ Mental health staff
- ☐ Non-medical staff involved in cross-gender strip or visual searches
- ☒ Administrative (human resources) staff
- ☒ Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) staff
- ☒ Investigative staff responsible for conducting administrative investigations
- ☒ Investigative staff responsible for conducting criminal investigations
- ☒ Staff who perform screening for risk of victimization and abusiveness
- ☒ Staff who supervise inmates in segregated housing/residents in isolation
- ☒ Staff on the sexual abuse incident review team
- ☒ Designated staff member charged with monitoring retaliation
- ☒ First responders, both security and non-security staff
- ☒ Intake staff

	☒ Other
If "Other," provide additional specialized staff roles interviewed:	Mailroom
68. Did you interview VOLUNTEERS who may have contact with inmates/residents/detainees in this facility?	☒ Yes ☐ No
a. Enter the total number of VOLUNTEERS who were interviewed:	2
b. Select which specialized VOLUNTEER role(s) were interviewed as part of this audit from the list below: (select all that apply)	☐ Education/programming ☐ Medical/dental ☐ Mental health/counseling ☒ Religious ☐ Other
69. Did you interview CONTRACTORS who may have contact with inmates/residents/detainees in this facility?	☒ Yes ☐ No
a. Enter the total number of CONTRACTORS who were interviewed:	1
b. Select which specialized CONTRACTOR role(s) were interviewed as part of this audit from the list below: (select all that apply)	☐ Security/detention ☐ Education/programming ☐ Medical/dental ☒ Food service ☐ Maintenance/construction ☐ Other

70. Provide any additional comments regarding selecting or interviewing specialized staff.	No text provided.
SITE REVIEW AND DOCUMENTATION SAMPLING	
Site Review	
PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.	
71. Did you have access to all areas of the facility?	☒ Yes ☐ No
Was the site review an active, inquiring process that included the following:	
72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?	☒ Yes ☐ No
73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	☒ Yes ☐ No
74. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	☒ Yes ☐ No

75. Informal conversations with staff during the site review (encouraged, not required)?

☒ Yes

☐ No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).

The on-site portion of the audit was conducted on June 10-11, 2026. The auditor had an initial briefing with facility leadership and discussed the audit logistics. After the initial briefing, the auditor selected offenders and staff for interview. The auditor conducted a tour of the facility on June 10, 2026. The tour included all areas associated with the facility to include housing units, laundry, warehouse, intake, visitation, chapel, education, vocation, maintenance, food service, health services, recreation, industries, clothing, canteen, programming, front entrance, and administration. During the tour the auditor was cognizant of staffing levels, video monitoring placement, blind spots, posted PREA information, privacy for offenders in housing units and other factors as indicated in the appropriate standard findings.

The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy

Services Poster in English and Spanish to the tablet.

Third party reporting information was observed in visitation via the PREA Third Party Reporting Poster. The PREA Third Party Reporting Poster was in English on letter size paper. After the on-site portion of the audit the facility displayed the PREA Third Party Reporting Poster at the front entrance. Photos were provided as confirmation.

During the tour the auditor confirmed the facility follows a staffing plan. There was at least one security staff member assigned to each housing unit. Additional security staff were assigned to work, program and common areas. Where staff were not directly assigned, routine security checks were required. The auditor observed that the facility was not overcrowded. The auditor noted that the facility had adequate lines of sight. The auditor did not observe any blatant blind spots but did observe areas that would benefit from mirrors and/or video monitoring technology. The auditor viewed staff conducting rounds and official duties during the tour.

During the tour the auditor observed cameras in housing units and work and common areas. The auditor verified that cameras assisted with supervision through coverage of blind spots and high traffic areas. Cameras do not replace staff, but supplement staffing. Cameras are actively monitored by the control center and staff at the front entrance. Housing unit staff and work and program area staff can monitor their own specific areas. Cameras can also be remotely viewed by shift supervisors and administrative level staff.

Regarding cross gender viewing, the auditor confirmed that housing units provided privacy through half walls and full walls. The auditor observed the strip search areas and confirmed there were no cross gender viewing

issues. A review of video monitoring technology noted that the strip search area in segregated housing was on camera. The camera included a black box over the strip search area. All cells with cameras included a black box over the toilet area. During the tour the auditor did not hear the opposite gender announcement upon entry into the housing units. Additionally, the auditor observed posted signs advising the offenders that female staff were working in the unit, however the signs appeared to always be displayed, even when females were not working, thus being an ineffective supplement to the required verbal announcement. It was determined that all offenders are required to dress in the bathroom area, which has privacy.

Medical and mental health records are paper and electronic. Paper files are maintained in medical records, which is staffed Monday through Friday during business hours. The records room is secure after hours with limited access. Electronic records are maintained in the Missouri Corrections Integrated System (MOSIC), which is only accessible to medical and mental health care staff. Offender risk assessments are documented electronically via the MOSIC system. During the tour the auditor had a security staff member pull up the risk screening information in MOSIC. The auditor viewed that the staff did not have access and was given an error message that noted they were not authorized to view the information. Investigative files are electronic and are maintained in the Investigative Reporting Intelligence System (IRIS), which has limited access.

During the tour the auditor observed the mail process. A locked box is located at the entrance to each housing unit where offenders can place mail. The mailroom staff indicated that incoming regular mail from family and friends is electronic and comes in

through the tablet system. Staff review all incoming electronic regular mail prior to it being released to the offender tablet. Incoming legal mail is verified and then given to the grievance officer. The grievance officer will call the offender up and have the offender open the mail in front of her. Outgoing electronic regular mail goes through the tablet system. Staff review outgoing mail prior to it being released to the recipient. Outgoing regular physical mail is provided to the mailroom unsealed. All outgoing regular mail is opened and reviewed by staff. Legal mail is provided to the mailroom sealed. Mailroom staff do not open legal mail. The mailroom staff advised that mail to DPS and the rape crisis centers is treated like legal mail.

The auditor observed the intake/ comprehensive education process through a demonstration. Education is completed in visitation. The PREA Adult Comprehensive Education video is played on a 32 inch television screen. Offenders are provided the PREA Brochure. Staff meet with the offender for the risk screening and ask them if they have any concerns related to PREA.

The auditor observed the initial risk screening process. The initial risk assessment is completed in visitation at a table that is separated from the other offenders. Staff ask the questions on the Adult Internal Risk Assessment questionnaire, sexual orientation, gender identity, prior sexual victimization, perception of vulnerability, history of violence, etc. The staff also review information from the offender record, including criminal history and institutional discipline. Staff use both information from verbal responses and the file review to complete the risk assessment. The risk reassessment process is completed in a private office setting, one-on-one. The staff complete the same process as the initial, including verbally asking questions and reviewing file information.

The auditor tested the internal reporting mechanism during the tour. The auditor called the PREA hotline with assistance from an offender on June 10, 2026 from a phone in an offender housing unit. The offender dialed "1" for a collect call, then was prompted to enter his pin number and then entered the hotline number. The auditor left a message on the PREA hotline voicemail. The auditor was provided confirmation on June 11, 2026 that the call was received and processed by the PC.

The auditor also tested the external reporting mechanism via a letter to DPS. The auditor sent a letter to DPS at a prior MO DOC facility. This process is the same and as such an additional letter was not sent from the facility. The auditor obtained an envelope and sent a letter to DPS. The auditor observed the mailing address on the numerous PREA Posters. Residents can remain anonymous as the letter does not require a return address. Additionally, it does not require postage. The DPS is utilized for numerous services and as such they are not just an organization to report sexual abuse. The auditor received confirmation within two weeks that the letter was received by the Department of Public Safety. The DPS staff advised she would scan the letter and send it to the MO DOC PREA office. She further confirmed that offenders can remain anonymous when reporting.

Additionally, during the tour, the auditor asked staff to demonstrate how they would document a verbal report of sexual abuse. Staff indicated all verbal reports would be documented in an Interoffice Communication (IOC). The IOC would be completed on the computer and printed out. The IOC would then be submitted to the Shift Commander.

The auditor tested the third party reporting mechanism. The auditor sent an email to the email address found on the agency website.

The auditor received confirmation from the PREA Coordinator on the same date that the email was received directly by him and that the information would be forwarded to the facility PREA Compliance Manager to initiate the coordinated response and submit a Report for Investigation (RFI).

The facility provides access to emotional support services through CASA, JDI and RAINN. The phone numbers and mailing addresses to CASA, JDI and RAINN are provided via the PREA Advocacy Poster and Local Advocacy Services Poster. Offenders can send correspondence via legal mail. Offenders can call the hotline numbers, but they are required to pay for these calls. Offenders are advised the calls are monitored. The auditor was unable to test the hotline due to the cost to the offenders. The auditor did review the mail process to confirm access via written correspondence.

The auditor did not require accommodations during offender interviews. During offender interviews at prior MO DOC facilities the auditor utilized staff translators to assist with LEP and disabled resident interviews. Staff was utilized for Spanish translation and American Sign Language interpretation. The auditor also confirmed that the facility has access to translators and interpreters through the agency contracts. Staff call the organizations and schedule the services. Additionally, the agency has a list of staff across all facilities that can serve as translators and interpreters in person or via phone.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

☒ Yes

☐ No

78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

During the audit the auditor requested personnel and training files of staff, Offender files, medical and mental health records, grievances, incident reports and investigative files for review. A more detailed description of the documentation review is below.

Personnel and Training Files. The auditor reviewed 40 personnel and/or training records that included five staff hired in the previous twelve months, three contractors hired within the previous twelve months, four staff employed longer than five years, two contractors employed longer than five years, and three staff promoted in the previous twelve months. The review included six volunteers, seven contractors and five medical and mental health care staff.

Offender Files. A total of 43 offender files were reviewed. 37 offender files were of those that arrived within the previous twelve months, eight were disabled offenders, one was an LEP offender, two were transgender offenders and eleven were offender who disclosed prior sexual victimization during the risk screening or were identified with prior sexual abusiveness during the risk screening.

Medical and Mental Health Records. The auditor reviewed medical and mental health documents for ten offenders who reported sexual abuse or sexual harassment and eleven offenders who disclosed prior sexual victimization during the risk screening or were identified with prior sexual abusiveness during the risk screening.

Grievances. The facility indicated they had five sexual abuse grievances in the previous twelve months. The auditor reviewed the five grievances and the grievance log.

Incident Reports. The auditor reviewed the incident reports associated with the ten investigations reviewed.

Investigation Files. The auditor reviewed ten investigations, nine were sexual abuse and one was sexual harassment. All ten investigations were administrative, and none were referred for prosecution.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	9	0	9	0
Total	9	0	9	0

80. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	1	0	1	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	1	0	1	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

81. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

82. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	1	0	1	7

Interviews:

1. Interview with the PREA Coordinator

2. Interview with the PREA Compliance Manager

Findings (By Provision):

115.11 (a): The PAQ indicated that the agency has a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment in facilities it operates directly or under contract. The PAQ also stated that the facility has a policy outlining how it will implement the agency's approach to preventing, detecting and responding to sexual abuse and sexual harassment and that the policy includes definitions on prohibited behaviors regarding sexual abuse and sexual harassment and sanctions for those found to have participated in prohibited behaviors. The PAQ further stated that the policy includes a description of agency strategies and response to reduce and prevent sexual abuse and sexual harassment of offenders. The agency has a comprehensive PREA policy, D1-8.13 Offender Sexual Abuse and Harassment. Page 5 states that the department has zero tolerance for all forms of offender sexual abuse, harassment, and retaliation. Pages 2-4 include the definitions of sexual abuse and sexual harassment and prohibited behavior. Pages 6 and 22-23 include the sanctions and process for those found to have participated in prohibited behaviors. D1-8.13 outlines the strategies and responses to preventing, detecting and responding to sexual abuse and sexual harassment. In addition to D1-8.13, the agency has numerous other policies that address specific areas of prevention, detection and response. These policies include: D1-8.1, D1-8.4, D1-8.8, D1-8.9, D2-2.2, D2-2.23, D2-9.1, D2-11.6, D2-11.10, D2-11.14, D2-13.1, D2-13.2, D5-3.2, D5-5.1, IS5-1.2, IS5-2.3, IS5-3.1, IS5-3.3, IS6-1.3, IS11-34.1, IS18-1.1, IS19-1.6, IS20-1.1, IS20-1.3, IS21-1.1, IS21-1.2, IS21-1.3, and IS21-1.4. The policies address preventing sexual abuse and sexual harassment through the designation of a PC and PCMs, criminal history background checks, training, staffing, intake/risk screening, offender education and posting of signage. The policies address detecting sexual abuse and sexual harassment through training and intake/risk screening. The policies address responding to allegations of sexual abuse and sexual harassment through reporting, investigations, victim services, medical and mental health services, disciplinary sanctions for staff and offenders, incident reviews and data collection. The policies are consistent with the PREA standards and outline the agency's approach to sexual safety.

115.11 (b): The PAQ indicated that the agency employs or designates an upper-level, agency-wide PREA Coordinator that has sufficient time and authority to develop, implement and oversee agency efforts to comply with the PREA standards in all of its facilities. The PAQ stated the position of the PC is within the Office of the Director. D1-8.13, page 6 states to ensure compliance with the Prison Rape Elimination Act (PREA), the department shall employ a full-time PREA manager responsible for implementation and oversight of the department's efforts to prevent, detect, and respond to offender sexual abuse, harassment, and retaliation. The agency's

	organizational chart confirms that the PC position is an upper-level position and is agency-wide. The organization chart notes that the PC reports to the Director of the Office of Professional Standards, who in turn reports to the agency Director. The interview with the PC indicated he has enough time to manage all his PREA related responsibilities. He stated that there are 27 facility PREA Compliance Managers and he completes training annually for the staff. The PC further advised if he identifies an issue, he tries to solve it at the lowest level. He works with the Wardens and has a good communication route with leadership within the agency. It should be noted that the PC is very knowledgeable and involved in the PREA compliance process across all facilities. 115.11 (c): The PAQ indicated that the facility has designated a PREA Compliance Manager who has sufficient time and authority to coordinate the facility's effort to comply with the PREA standards. The PAQ stated the position of the PCM at the facility is the Deputy Warden who reports to the Warden. D1-8.13, page 6 states each facility and community confinement facility shall designate a PREA site coordinator who has sufficient time and authority to ensure the facility's compliance with the PREA standards at their assigned facility. A review of the facility organization chart confirms that the Deputy Warden reports directly to the Warden. The interview with the PREA Compliance Manager indicated he has enough time to manage all his PREA related responsibilities. He advised he coordinates compliance through training, following all policies, tracking and hit marks. He noted if they identified an issue complying with a standard they would put in Interoffice Communications (IOC) to state how it will be fixed and then alleviate the issue. It should be noted that while the PCM was new to the position he had already implemented corrective action on items he identified prior to the audit. He was very organized and efficient. He also was self-motivated and was educating himself on all aspects of PREA compliance at the facility. During his short time as PCM he had exceeded expectations on duties and responsibilities. Based on a review of the PAQ, D1-8.13, D1-8.1, D1-8.4, D1-8.8, D1-8.9, D2-2.2, D2-2.23, D2-9.1, D2-11.6, D2-11.10, D2-11.14, D2-13.1, D2-13.2, D5-3.2, D5-5.1, IS5-1.2, IS5-2.3, IS5-3.1, IS5-3.3, IS6-1.3, IS11-34.1, IS18-1.1, IS19-1.6, IS20-1.1, IS20-1.3, IS21-1.1, IS21-1.2, IS21-1.3, IS21-1.4, the organizational charts and information from interviews with the PC and PCM, the facility appears to exceed this standard.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Blank Solicitation and Contract Findings (By Provision): 115.12 (a): The PAQ indicated the agency has not entered into or renewed a contract for the confinement of offenders since the last PREA audit. The PAQ stated that the agency does not contract for confinement of offenders. D1-8.13, page 6 states all community confinement facilities shall adopt and comply with PREA standards as outlined in their contract with the department. The department shall regularly audit community confinement facilities to ensure compliance with the PREA standards. A review of the blank solicitation (Request for Proposal) noted that Section 2.6 is the PREA requirements, which notes that the contractor must be in compliance with 28 Code of Federal Regulations (CFR) Part 115. The contract also requires that no later than 120 calendar days after receiving the first client, the contractor shall complete a PREA audit by a DOJ approved PREA auditor and shall provide a copy of the PREA audit results to the state agency within ten working days. 115.12 (b): The PAQ stated that the agency does not contract for confinement of offenders. D1-8.13, page 6 states all community confinement facilities shall adopt and comply with PREA standards as outlined in their contract with the department. 3. Interview with the PREA Coordinator
4. Interview with Intermediate-Level or Higher-Level Facility Staff

Site Review Observations:

1. Staffing Levels
2. Video Monitoring Technology or Other Monitoring Materials

Findings (By Provision):

115.13 (a): The PAQ indicated that the agency requires each facility it operates to develop, document, and make its best efforts to comply on a regular basis with a staffing plan that provides adequate levels of staffing and, where applicable, video monitoring, to protect offenders against sexual abuse. D1-8.13, page 7 states the department shall maintain staffing plans for each facility that provides adequate levels of staffing to protect offenders against sexual abuse. The staffing plan shall consider the facility's physical plant to include but not limited to blind spots or areas where staff members or offenders may be isolated, the composition of the offender population, and the prevalence of substantiated and unsubstantiated offender sexual

abuse allegations. The PAQ indicated that the current staffing plan is based on 800 offenders, and the average daily population at the facility was 764. The facility employs 283 staff. A review of the daily shift rosters indicated that each shift has at least one Shift Supervisor/Commander and numerous other intermediate or higher level supervisors. Correctional Officers are assigned to posts throughout the facility including in housing units, common areas, work areas and program/education areas. A review of the staffing plan notes that it includes narrative for each element under this provision as well as post analysis, master roster, vacancy report breakdown, facility organizational chart and daily shift summaries. During the tour the auditor confirmed the facility follows a staffing plan. There was at least one security staff member assigned to each housing unit. Additional security staff were assigned to work, program and common areas. Where staff were not directly assigned, routine security checks were required. The auditor observed that the facility was not overcrowded. The auditor noted that the facility had adequate lines of sight. The auditor did not observe any blatant blind spots but did observe areas that would benefit from mirrors and/or video monitoring technology. The auditor viewed staff conducting rounds and official duties during the tour. During the tour the auditor observed cameras in housing units and work and common areas. The auditor verified that cameras assisted with supervision through coverage of blind spots and high traffic areas. Cameras do not replace staff, but supplement staffing. Cameras are actively monitored by the control center and staff at the front entrance. Housing unit staff and work and program area staff can monitor their own specific areas. Cameras can also be remotely viewed by shift supervisors and administrative level staff. The interview with the Warden confirmed that the facility has a staffing plan and the plan provides for adequate levels to protect offenders from sexual abuse. The Warden advised there is always an analysis and critical staffing to meet standards. The Warden confirmed video monitoring is part of the staffing plan, and the staffing plan is documented. The Warden noted all elements under this provision are considered in the staffing plan. She stated they lock all gates and if areas need blocked off, they take that into consideration. She noted they take into consideration risk assessment scores, and they ensure each housing unit is staffed. The Warden advised they check for compliance with the staffing plan through rosters and shift summaries. The interview with the PCM indicated that they identify any issues or hot spots related to staffing and they move staff to appropriate areas. He stated they ensure they cover all areas with staffing.

115.13 (b): The PAQ indicated that this provision does not apply as they do not deviate from the staffing plan. D1-8.13, page 7 states each facility shall comply with the staffing plan on a regular basis, deviations from the staffing plan shall be documented and justification for deviations noted. The Warden confirmed that any deviations from the staffing plan are documented on the chronological and shift summary. A review of shift rosters note that they outline which posts are filled and which are not for each shift, including those posts covered by overtime. A review of Shift Summaries also notes that they outline deviations from the staffing plan related to those staff who were not working due to absences and those staff that were

working overtime to fill positions.

115.13 (c): The PAQ indicated that at least once a year the facility/agency, in collaboration with the PC, reviews the staffing plan to see whether adjustments are needed. D1-8.13, page 23 states each facility shall utilize information from the offender sexual abuse incident debriefings to prepare an annual report to be submitted to the department's PREA manager by the last working day in March. The report shall in consultation with the PREA site coordinator; assessment, determination, and documentation of whether adjustments are needed to: the staffing plan, the deployment of video monitors, and the resource availability to adhere to the staffing plan. The staffing plan was most recently reviewed on April 29, 2026 by the PCM and Warden. The review was then sent to the PC. The plan was reviewed in order to assess, determine and document whether any adjustments were needed to the staffing plan, the deployment of video monitoring technologies and/or the resources available to commit to ensuring adherence to the staffing plan. The review included a review of all elements under provision (a) as well. The staffing plan was previously reviewed on September 11, 2025. The interview with the PC confirmed that he reviews each facility's staffing plan annually.

115.13 (d): The PAQ indicated that the facility requires that intermediate-level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment. The PAQ further indicated that the unannounced rounds are documented, they cover all shifts and the facility prohibits staff from alerting other staff of the conduct of such rounds. D1-8.13, page 7 states each institution shall ensure the classifications of lieutenant or above conduct and document unscheduled and unannounced rounds to identify and deter offender sexual abuse and sexual harassment. Each facility shall ensure that rounds occur periodically in all areas of the facility. Staff members shall be prohibited from alerting other staff members that these rounds are occurring. The rounds shall be documented and readily accessible during audits as outlined in the facility's standard operating procedure. IS20-1.1, page 2 states the CAO of each institution shall ensure post orders for supervisory custody officers include requirements for conducting unannounced rounds on each shift, in all areas of the facility, and documenting said rounds on the staff member sign-in form. Interviews with intermediate-level or higher-level facility staff confirmed they make unannounced rounds and that the unannounced rounds are documented on the shift summaries. Staff stated they ensure staff don't notify one another they are making rounds by never going at the same time and not having a pattern. A review of documentation for six weeks selected by the auditor during the previous twelve months confirmed that intermediate-level or higher-level staff conduct unannounced rounds at least weekly across each shift.

Based on a review of the PAQ, D1-8.13, Staffing Plan, Annual Staffing Plan Reviews,

	Shift Rosters, Unannounced Rounds, observations made during the tour, and interviews with the Warden, PC, PCM and intermediate-level or higher-level facility staff, this standard appears to be compliant. Recommendation The auditor highly recommends the facility install additional mirrors in laundry and recreation. The auditor also recommends the facility install additional cameras in vocation.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. IS5-3.1 Offender Housing Assignments 4. Population Age Report 115.14 (a): The PAQ indicated this provision does not apply as the facility does not house youthful offenders. D1-8.13, page 10 states a youthful offender shall not be placed in a housing unit in which he shall have sight, sound, or physical contact with any adult offender through use of a shared day room or other common space, shower area, or sleeping quarters in accordance with the institutional services procedure regarding offender housing assignments. IS5-3.1, page 2 states youthful offenders shall only be housed with other youthful offenders or alone. A youthful offender shall not be placed in a housing unit in which he shall have sight, sound, or physical contact with any adult offender through use of a shared day room or other common space, shower area, or sleeping quarters. Staff members shall avoid placing youthful offenders in isolation to comply with this provision. If sight and sound separation is not possible, staff members shall provide direct supervision. Staff members shall provide direct supervision when offenders may have unavoidable contact with adult offenders. A review of the population age report confirmed that the facility does not house youthful offenders.

	115.14 (b): The PAQ indicated this provision does not apply as the facility does not house youthful offenders. IS5-3.1, page 2 states youthful offenders shall only be housed with other youthful offenders or alone. A youthful offender shall not be placed in a housing unit in which he shall have sight, sound, or physical contact with any adult offender through use of a shared day room or other common space, shower area, or sleeping quarters. Staff members shall avoid placing youthful offenders in isolation to comply with this provision. If sight and sound separation is not possible, staff members shall provide direct supervision. Staff members shall provide direct supervision when offenders may have unavoidable contact with adult offenders. 115.14 (c): The PAQ indicated this provision does not apply as the facility does not house youthful offenders. IS5-3.1, page 2 states youthful offenders who are placed in segregated housing, assigned to disciplinary segregation, or to the infirmary shall only be housed with another youthful offender or in a single cell in accordance with the institutional services procedures regarding temporary administrative segregation confinement and disciplinary segregation. To the extent possible, youthful offenders shall have access to work, programs, and/or activities in accordance with department and institutional services procedures. Based on a review of the PAQ, D1-8.13, IS5-3.1, population age reports, and observation during the tour, this standard appears to be compliant.

Interviews:

1. Interviews with Random Staff
2. Interviews with Random Offenders
3. Interviews with Transgender/Intersex Offenders

Site Review Observations:

1. Observations of Privacy Barriers
2. Opposite Gender Announcement

Findings (By Provision):

115.15 (a): The PAQ indicated that the facility does not conduct cross gender strip and cross gender visual body cavity searches of offenders and that there have been zero search of this kind in the previous twelve months. D1-8.13, page 11, states cross-gender strip searches are not allowed except in exigent circumstances. All cross-gender strip searches shall be documented as outlined in the institutional services and probation and parole procedures regarding searches. IS20-1.3, page 7 states strip searches shall be conducted by staff members of the same gender as the subject of the search, except in exigent circumstances. Upon request, offenders who identify as transgender or intersex, shall be provided privacy from other offenders when being strip searched.

115.15 (b): The PAQ indicated that the facility does not house female offenders and therefore this standard does not apply. IS20-1.3, page 8 states all pat searches of female offenders shall be conducted by a staff member of the same gender, unless exigent circumstances exist. These cross gender pat searches shall be immediately reported to the shift supervisor, and the searching staff member shall document the search on the cross gender search form. The shift supervisor shall make all applicable notifications in accordance with SOP and forward the cross gender search form to the PREA site coordinator.

115.15 (c): The PAQ indicated that facility policy requires all cross gender strip searches and all cross gender visual body cavity searches be documented. Additionally, the PAQ indicated that the facility does not house female offenders and

as such this provision does not apply. D1-8.13, page 11, states cross-gender strip searches are not allowed except in exigent circumstances. All cross-gender strip searches shall be documented as outlined in the institutional services and probation and parole procedures regarding searches. IS20-1.3, page 7 states staff members shall document a cross gender strip search on the cross gender search form. The shift supervisor shall make all applicable notifications in accordance with SOP and forward the cross gender search form to the PREA site coordinator and include a copy to the use of force packet if applicable. Page 8 further states all pat searches of female offenders shall be conducted by a staff member of the same gender, unless exigent circumstances exist. These cross gender pat searches shall be immediately reported to the shift supervisor, and the searching staff member shall document the search on the cross gender search form. The shift supervisor shall make all applicable notifications in accordance with SOP and forward the cross gender search form to the PREA site coordinator.

115.15 (d): The PAQ indicated that the facility has implemented policies and procedures that enable offenders to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Additionally, the PAQ stated that policies and procedures require staff of the opposite gender to announce their presence when entering an offender housing unit. D1-8.13, page 11 states offenders shall be allowed to shower, perform bodily functions, and change clothing without non-medical staff members of the opposite gender viewing their breast, buttocks, or genitalia, except in exigent circumstances, or when such viewing is incidental to routine cell checks in accordance with, institutional services, and probation and parole procedures regarding searches. Staff members of the opposite gender shall announce their presence prior to entering an offenders housing unit. If an opposite gendered staff member is assigned to the housing unit, the announcement shall be made at the beginning of the shift. If there is no opposite gendered staff member assigned to the housing unit, an announcement shall be made each time an opposite gendered staff member enters the housing unit. Each time a cross gender announcement is made it shall be recorded in the housing unit chronological log. Regarding cross gender viewing, the auditor confirmed that housing units provided privacy through half walls and full walls. The auditor observed the strip search areas and confirmed there were no cross gender viewing issues. A review of video monitoring technology noted that the strip search area in segregated housing (showers) was on camera. The camera included a black box over the strip search area. The auditor confirmed that these cameras are not actively monitored and are only viewable by administrative level staff. All cells with cameras included a black box over the toilet area. During the tour the auditor did not hear the opposite gender announcement upon entry into the housing units. Additionally, the auditor observed posted signs advising the offenders that female staff were working in the unit, however the signs appeared to always be displayed, even when females were not working, thus being an ineffective supplement to the required verbal announcement. It was determined that all

offenders are required to dress in the bathroom area, which has privacy. Interviews with thirteen random staff noted offenders have privacy from opposite gender staff when showering, using the restroom and changing their clothes. Additionally, twelve stated that staff of the opposite gender announce when entering housing units. Interviews with 30 offenders indicated 27 have privacy when showering, using the restroom and changing their clothes. Additionally, 28 of the 30 offenders stated that opposite gender staff announce when entering housing units. It should be noted that while the auditor did not hear the announcement prior to entering the units, it was observed that units were open bay and all offenders would only be unclothed in the bathroom areas. Staff announce prior to entering the bathroom areas and interviews with both staff and offenders confirmed the practice.

115.15 (e): The PAQ indicated that the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex offender for the sole purpose of determining the offender's genital status and that no searches of this nature have occurred within the previous twelve months. D1-8.13, page 9 states if the gender of the offender is unknown at the time of intake, staff members shall not search the offender for the sole purpose of determining the offender's genital status in accordance with the institutional services and probation and parole procedure regarding transgender and intersex offenders or clients. Genital status may be determined during conversations with the offender, reviewing medical records, or if necessary, through a broader medical examination conducted in private by the appropriate health care staff members. Page 11 further states staff members shall not perform strip or pat-down searches or conduct a physical examination for the sole purpose of determining an offender's genital status in accordance with the institutional services procedures regarding searches, diagnostic center reception and orientation, and receiving screening intake center. IS11-34.1, page 4 states the facility shall not search or physically examine a transgender or intersex offender for the sole purpose of determining the offender's genital status. If the offender's genital status is unknown, it may be determined during conversations with the offender, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by the responsible physician. Interviews with thirteen staff indicated eleven were aware of a policy prohibiting searching a transgender or intersex offender for the sole purpose of determining the offender's genital status. Interviews with two transgender offenders confirmed neither were searched for the sole purpose of determining their genital status.

115.15 (f): D1-8.13, page 11 states custody staff members shall be trained in how to conduct cross gender pat down searches of transgender and intersex offenders in a professional and respectful manner and in the least intrusive manner possible as consistent with security needs. The PAQ confirmed that 100% of security staff completed training on conducting cross gender pat-down searches and searches of transgender and intersex offenders. A review of the Searches training curriculum notes that page 5 performance objective includes performing a thorough same

	gender and cross gender pat search, according to policy guidelines and PREA standards, taking into consideration searches and professionalism. The training then outlines the appropriate procedure for female staff searching male offenders and male staff searching female offenders (it notes male staff searching female offenders will only occur during an exigent circumstance). The training includes video on same gender searches and cross gender searches. The training also revisits that staff learned about unique searches, including transgender, intersex, gender unknown and youthful offenders, during DOCOTA. The DOCOTA search slides outline that staff will utilize the female search techniques for transgender searches. Interviews with thirteen staff indicated all thirteen had received training on cross gender searches and searches of transgender offenders. A review thirteen staff training records indicated all thirteen had received search training. Based on a review of the PAQ, D1-8.13, IS20-1.3, IS11-34.1, Search Documents, Searches Training Curriculum, DOCOTA Training Slides, Staff Training Records, Staff Training on Opposite Gender Announcement, observations made during the tour as well as information from interviews with random staff, random offenders and transgender offenders, this standard appears to be compliant. Recommendation The auditor highly recommends the facility construct walls between each toilet.

Interviews:

1. Interview with the Agency Head Designee
2. Interviews with LEP and Disabled Offenders
3. Interview with Random Staff

Site Review Observations:

1. Observations of PREA Posters in Accessible Formats

Findings (By Provision):

115.16 (a): The PAQ stated that the agency has established procedures to provide disabled offenders an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. D5-5.1, page 3 states that deaf or hard of hearing offenders shall be offered the assistance of qualified interpreters and have other auxiliary aids explained to them during the diagnostic process. The policy outlines the aids and services available to deaf and hard of hearing offenders. The agency has a contract for Sign Language Interpretation Services. Additionally, the agency has a list of over fifteen staff that can serve as American Sign Language interpreters. A review of the PREA Brochure, PREA Posters, PREA Advocacy Poster, Local Advocacy Services Poster, DPS Poster, and Rulebook confirmed that they are available in larger print. The PREA Brochure is also available in Braille. The PREA Adult Comprehensive Education Video is available in American Sign Language and includes text related to the verbal

information provided. The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy Services Poster in English and Spanish to the tablet. The auditor did not require accommodations during offender interviews. During offender interviews at prior MO DOC facilities the auditor utilized staff translators to assist with LEP and disabled resident interviews. Staff was utilized for Spanish translation and American Sign Language interpretation. The auditor also confirmed that the facility has access to translators and interpreters through the agency contracts. Staff call the organizations and schedule the services. Additionally, the agency has a list of staff across all facilities that can serve as translators and interpreters in person or via phone. The interview with the Agency Head Designee confirmed that the agency takes appropriate steps to ensure offenders with disabilities and offender who are limited English proficient have equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. He advised they have a comprehensive Americans with Disabilities process for offenders. He stated they have signs and materials available in all languages, and they have contractors for American Sign Language and language translation services. Interviews with seven disabled offenders indicated five were provided PREA information in a format that they could understand.

115.16 (b): The PAQ stated that the agency has established procedures to provide offenders with limited English proficiency equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. The agency has a contract for Verbal Language Interpretation Services. Additionally, the agency has a list over 60 staff who can provide translation services. A review of the PREA Brochure, PREA Posters, PREA Advocacy Poster, DPS Poster, and Rulebook confirmed they were available in English and Spanish. Additionally, the PREA Brochure is available in six other languages. The PREA Adult Comprehensive Education Video is available in English and Spanish and includes text related to the verbal information provided. The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size

paper. The DPS Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy Services Poster in English and Spanish to the tablet. The auditor did not require accommodations during offender interviews. During offender interviews at prior MO DOC facilities the auditor utilized staff translators to assist with LEP and disabled resident interviews. Staff was utilized for Spanish translation and American Sign Language interpretation. The auditor also confirmed that the facility has access to translators and interpreters through the agency contracts. Staff call the organizations and schedule the services. Additionally, the agency has a list of staff across all facilities that can serve as translators and interpreters in person or via phone. There were zero LEP offenders during the on-site portion of the audit and as such no interviews were conducted.

115.16 (c): The PAQ stated that agency policy prohibits the use of offender interpreters, offender readers, or other types of offender assistants except in limited circumstances. The PAQ further indicated the facility documents the limited circumstances in individual cases where offender interpreters, readers or other assistants are used as they do not use offenders for interpreters, readers and other types of assistants. D1-8.13, page 9 states offender interpreters or offender readers shall not be utilized. Page 14 further states offender interpreters shall not be utilized except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the offender's safety, the performance of first responder duties, or the investigation. The PAQ expressed that there were zero instances where an offender was utilized to interpret, read or provide other types of assistance. Interviews with thirteen random staff indicated eight were aware of a policy prohibiting the use of offender interpreters, readers and assistants for sexual abuse allegations. Interviews with seven disabled offenders indicated five were provided PREA information in a format they could understand. None of the seven advised an offender was used to translate, interpret or read for them. After the on-site portion of the audit the facility conducted training with staff on the prohibition under this provision and the resources to utilize in lieu of an offender. The training was completed via the electronic (GPS) training system. The facility provided confirmation that over 75% of the staff had completed the training.

Based on a review of the PAQ, D1-8.13, PREA Brochure, PREA Posters, PREA Advocacy Poster, Local Advocacy Services, DPS Poster, Offender Rulebook, PREA Adult Comprehensive Education Video, Sign Language Interpretation Service Information,

	Verbal Language Interpretation Service Information, Staff Translator List, Staff Training, observations made during the tour as well as interviews with the Agency Head Designee, random staff and disabled offenders, this standard appears to be compliant.

115.17	Hiring and promotion decisions
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D2-2.2 Background Investigations 4. D2-11.14 Annual Staff Member Requirements 5. D2-13.1 Volunteers & Reentry Partners 6. D2-2.23 Candidate Selection 7. D2-5.1 Maintenance of Employee Records 8. Pre-Employment PREA Check 9. Application for Employment 10. Employee Handbook 11. Staff and Contractor Personnel Files Interviews: 1. Interview with Human Resource Staff Findings (By Provision): 115.17 (a): The PAQ indicated that agency policy prohibits hiring or promoting anyone who may have contact with offenders and prohibits enlisting the services of any contractor who may have contact with offenders who: has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other

institution; has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or when the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity described above. D1-8.13, page 7 states staff members shall not hire or promote any person, staff member, or enlist the services of any contractor that may have contact with an offender when it is known that he: a. has engaged in sexual abuse with an offender in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution; b. has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, coercion, or if the victim did not consent or was unable to consent or refuse; or c. has been civilly or administratively adjudicated to have engaged in sexual activity by force, overt or implied threats of force, coercion, or if the victim did not consent or was unable to consent or refuse. D2-2.2, page 3 states prior to approval of a promotional appointment, regardless of the salary range, a check will be conducted of the employee's official personnel file through central office human resources. This check will be performed to ensure the employee has received no formal discipline for sustained allegations of sexual abuse and/or harassment, or any information indicating any pending or adjudicated criminal charges. All sustained allegations will be considered by the department before an employee is promoted. A review of documentation for five staff hired in the previous twelve months noted four had a criminal background records check completed prior to hire. The one missing was hired at another MO DOC facility and transferred to Tipton. The facility was unable to obtain the documentation from the facility where the staff was originally hired. It should be noted the staff did complete a criminal background records check in June to ensure they had documentation on file for the future. Additionally, a review of documentation for three contractor confirmed that a criminal background records check was completed prior to enlisting their services.

115.17 (b): The PAQ indicated that agency policy requires the consideration of any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor who may have contact with offenders. The Human Resource staff member confirmed that sexual harassment is considered when hiring or promoting staff or enlisting services of any contractors.

115.17 (c): The PAQ stated that agency policy requires that before it hires any new employees who may have contact with offenders, it conducts criminal background record checks and makes its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignations during a pending investigation. The PAQ indicated that 283 people were hired in the previous twelve months who had a criminal background records check completed. Further communication with the PCM noted this was incorrect and that 77 individual had a criminal background records check completed prior to hire. D1-8.13, page 7 states before hiring new staff members a worksite personnel staff member or designee shall

perform a criminal background records check; and attempt to contact all prior institutional employers, for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse in accordance with the department procedure regarding background screening. D2-2.2, page 2 states individuals being interviewed for positions within the department shall be notified that a background investigation will be completed prior to his/her employment with the department. A review of the Pre-Employment PREA Check form confirms that it includes areas for staff to contact prior institutional employers and ask three questions, including whether the applicant had any substantiated allegations of sexual abuse or sexual harassment and if the applicant resigned pending an investigation of an allegation of sexual abuse. The interview with the Human Resource staff member confirmed that a criminal background records check is completed for all applicants prior to hire and the agency attempts to contact all prior institutional employers about any substantiated allegations of sexual abuse or resignations during investigation. She stated they utilize MULES, which includes national, state and local criminal histories. A review of documentation for five staff hired in the previous twelve months noted four had a criminal background records check completed prior to hire. The one missing was hired at another MO DOC facility and transferred to Tipton. The facility was unable to obtain the documentation from the facility where the staff was originally hired. It should be noted the staff did complete a criminal background records check in June to ensure they had documentation on file for the future. None of the five had prior institutional employment however the auditor confirmed the agency has a procedure to contact prior institutional employers and was provided examples of the process during prior MO DOC audits.

115.17 (d): The PAQ stated that agency policy requires that a criminal background record check be completed before enlisting the services of any contractor who may have contact with offenders. The PAQ indicated that there have been zero contracts for services where criminal background record checks were conducted on all staff covered under the contract. Further communication with the PCM noted that they have 39 total contractors, twelve of which had a background check completed in the previous twelve months. D1-8.13, page 7 states before hiring new staff members a worksite personnel staff member or designee shall perform a criminal background records check; and attempt to contact all prior institutional employers, for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse in accordance with the department procedure regarding background screening. D2-2.2, page 5 states contract staff, volunteers, and student interns shall have a background investigation conducted that consists of the criminal history check and any violations that have been reported to pertinent professional licensing and/or certification organizations, if applicable. The Human Resource staff member confirmed that all contractors have a criminal background records check completed prior to enlisting their services. A review of documentation for three contractor confirmed that a criminal background records check was completed prior to enlisting their services.

115.17 (e): The PAQ indicated that agency policy requires either criminal background checks to be conducted at least every five years for current employees and contractors who may have contact with offenders or that a system is in place for otherwise capturing such information for current employees. D2-11.14, page 3 states each calendar year, in the month following each staff member's birth month, specific employment requirement verifications shall be conducted. A criminal history check shall be conducted to include outstanding warrants. Criminal history checks will be conducted and will consist of a query through the Missouri Uniform Law Enforcement System (MULES), and the National Criminal Information Center (NCIC) system. The interview with the Human Resource staff member indicated that a criminal background records check is completed annually on the individual's birthday month. A review documentation for four staff employed longer than five years indicated all four had a criminal background records check completed at least every five years. A review of documentation for two contractors employed longer than five years noted neither had a criminal background records check completed every five years.

115.17 (f): A review of the Employment Applications noted that it includes four questions related to sexual abuse and sexual harassment. One question asks if the applicant resigned from an employer pending an investigation of an allegation of sexual abuse. A second question asks if the applicant has ever been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity. A third question asks the applicant if they have ever had any substantiated allegations of sexual abuse or sexual harassment in prison, jail, lockup, community confinement, juvenile facility or other institution. Page 18 of the Employee Handbook notes that employees must notify the CAO if arrested or charged with a criminal offense. The Human Resource staff stated that questions are asked on the application which is completed prior to hire and promotion. She further stated that the agency imposes a continuing duty to disclose any such misconduct. A review of documents for five staff hired in the previous twelve months indicated all five completed the Employment Application, which includes the questions under this provision. Additionally, a review of three staff promoted during the previous twelve months confirmed all three completed the Employment Application prior to promotion.

115.17 (g): The PAQ indicated that agency policy states that material omissions regarding such misconduct or the provision of materially false information, shall be grounds for termination. D2-2.23, page 2 states falsification of any employment application may be grounds for disciplinary action in accordance with the department procedure regarding employee discipline and disqualification for consideration of a position. False information on the employment application regarding substantiated

allegations of offender or resident abuse or harassment shall be grounds for termination.

115.17 (h): D2-5.1, page 7 states verification of information, other than public information, will be made with a written authorization from the employee. Verification may include inquiries from prospective institutional employers pertaining to sustained allegations of sexual abuse and/or harassment of an offender or resident during employment by the department. Such information will be obtained by contacting central office human resources. The Human Resource staff member confirmed the agency would provide information related to any substantiated incidents of sexual abuse or sexual harassment when requested.

Based on a review of the PAQ, D1-8.13, D2-2.2, D2-11.14, D2-13.1, D2-2.23, D2-5.1, Pre-Employment PREA Check, Application for Employment, Employee Handbook, Personnel Files for Staff and Contractors, and information obtained from the Human Resource staff interview, this standard appears to require corrective action. A review of documentation for two contractors employed longer than five years noted neither had a criminal background records check completed every five years.

Corrective Action

The facility will need to ensure all contractors have a criminal background records check completed at least every five years and there is a system in place to track and document the criminal background record checks. The facility will need to provide list of contractors employed longer than five years and confirmation that all have an updated criminal background records check. Additionally, the facility will need to provide a process/training memorandum outlining how this will be completed/ documented.

Verification of Corrective Action Since the Interim Audit Report

The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard.

Additional Documents:

	1. Training Memorandum on Retention of Criminal Background Record Check Documents 2. Criminal Background Record Checks The facility provided documentation confirming all contractors had a current criminal background records check completed; however, they were unable to provide documentation confirming a prior criminal background records check was completed to illustrate these are done at least every five years. The facility provided documentation noting a criminal background records check is completed annually on staff and contractors, however based on the current records retention schedule, these records are purged when a new criminal background records check is completed. The documentation noted that the facility will now maintain appropriate documentation illustrating compliance with this standard. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

115.18 Upgrades to facilities and technologies	
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. Camera Memorandum Interviews: 1. Interview with the Agency Head Designee 2. Interview with the Warden Site Review Observations: 1. Observations of Physical Plant 2. Observations of Video Monitoring Technology

Findings (By Provision):

115.18 (a): The PAQ indicated that the agency/facility has not acquired a new facility or made substantial expansion or modifications to existing facilities since the last PREA audit. During the tour the auditor confirmed there were no substantial modifications to the existing facility. The interview with the Agency Head Designee indicated that the agency has a comprehensive process to review every modification or addition to existing buildings. He advised there is a construction process where he and engineers review the request. During the review they determine if modifications would interfere with protecting the offenders and whether it would interfere with lines of sight, camera views, etc. The interview with the Warden indicated they have removed walls from the officer station to assist with sight lines.

115.18 (b): The PAQ indicated that the agency/facility has installed or updated a video monitoring system, electronic surveillance system or other monitoring technology since the last PREA audit. During the tour the auditor observed cameras in housing units and work and common areas. The auditor verified that cameras assisted with supervision through coverage of blind spots and high traffic areas. Cameras do not replace staff, but supplement staffing. Cameras are actively monitored by the control center and staff at the front entrance. Housing unit staff and work and program area staff can monitor their own specific areas. Cameras can also be remotely viewed by shift supervisors and administrative level staff. The interview with the Agency Head Designee indicated that they take video monitoring technology very seriously and that they utilize it for investigations as well as a supplement to supervision and monitoring. He advised staff can view areas that they may not have direct sight lines of through cameras. The Agency Head Designee noted that they have updated all the camera systems in the state to include 360 degree cameras to assist with viewpoints. The interview with the Warden confirmed that when they update or install video monitoring technology they consider how the technology will enhance their ability to protect offenders from sexual abuse. She stated they update technology in areas that are blind and in areas without a lot of staff presence. A review of the Camera Memo noted areas that cameras were adjusted, areas that cameras were added and areas that the facility identified to install cameras.

Based on a review of the PAQ, D1-8.13, Camera Memorandum, observations from the tour and information from interviews with the Agency Head Designee and Warden, this standard appears to be compliant.

	Auditor Overall Determination: Meets Standard

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D1-8.8 Evidence Collection Accountability & Disposal 4. Evidence Procedures Manual 5. Evidence Protocol 2023 6. SANE Hospitals Document 7. International Association of Forensic Nurses (IAFN) Adult-Adolescent SANE Training 8. SANE Credentialing Log 9. Contract with Centurion 10. Memorandum of Understanding with Citizen’s Against Spouse Abuse, Inc. (CASA) 11. Advocacy with Survivors of Sexual Victimization for DOC Training 12. Victim Advocate Training Certificates 13. Investigative Reports 14. Memorandum Related to Victim Advocacy Services Interviews: 1. Interviews with Random Staff 2. Interview with SAFE/SANE 3. Interview with the PREA Compliance Manager 4. Interviews with Offenders who Reported Sexual Abuse Findings (By Provision): 115.21 (a): The PAQ indicated that the agency/facility is responsible for conducting

both administrative and criminal investigations. Additionally, the PAQ stated that when conducting sexual abuse investigations, the agency investigators follow a uniform evidence protocol which is the institutional response plan and includes elements in the PREA response bag. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. D1-8.8, the Evidence Procedures Manual and the Evidence Protocol Memorandum outline the uniform evidence protocol. Interviews with thirteen random staff indicated twelve knew and understood the protocol for obtaining useable physical evidence. Additionally, ten staff indicated they knew who was responsible for conducting sexual abuse investigations.

115.21 (b): The PAQ indicated that the protocol is not developmentally appropriate for youth as the facility does not house youthful offenders. The PAQ indicated that the protocol was adapted from or otherwise based on the most recent edition of the DOJ's Office of Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adult/Adolescents" or similarly comprehensive and authoritative protocols developed after 2011. D1-8.8, the Evidence Procedures Manual and the Evidence Protocol Memorandum outline the uniform evidence protocol, including crime scene preservation, evidence collection and SAFE/SANE.

115.21 (c): The PAQ indicated that the facility offers offenders who experience sexual abuse access to forensic medical examinations onsite and at an outside facility. It stated that forensic exams are offered without financial cost to the victim. The PAQ indicated that examinations are conducted by SAFE or SANE and that when SAFE or SANE are not available a qualified medical practitioners completes the examinations. The PAQ noted that the facility documents efforts to provide SAFEs or SANEs. The PAQ stated there were zero forensic exams conducted in the previous twelve months. D1-8.13, page 16 states if the alleged perpetrator is a staff member, the victim shall be transported to the community emergency room for a sexual assault examination to be performed by a SANE or SAFE. If the alleged perpetrator is an offender and the allegation is reported within 72 hours of the alleged event and consists of penetration of the mouth, anus, buttocks, or vulva, however slight, by hand, finger, object instrument, or penis, the health services staff member shall contact the on call SANE staff member to inform them to report to the facility and determine the staff member's estimated time of arrival. The SANE staff member shall collect evidence according to established forensic procedures for processing and document the exam and finding in the applicable department computer system. If a SANE staff member is not available to conduct the sexual assault examination or if the victim's injuries are such that emergency room care is required, the victim shall be transported to the community emergency room with a SANE or SAFE for the sexual assault examination. The health services staff member shall notify the community emergency room. The health services staff member shall contact the shift supervisor to arrange transportation to the emergency room in accordance with institutional services

procedures regarding offender transportation and supervision of hospitalized offenders and hospital, specialized ambulatory care, and telemedicine. For investigative purposes, the investigator may direct that the victim receives a sexual assault medical examination by the on-call SANE staff member. The SANE Hospitals document outlines that University Hospital of Missouri is the SAFE/SANE hospital for the facility. Page 68 of the Contract with Centurion notes that Centurion is required to designate at least four LPNs or RNs, as regional SANE. A review of the IAFN Adult-Adolescent SANE Training Outline notes that it includes eleven modules over the twelve week course. Training topics include dynamics of sexual assault, overview, victim response and crisis intervention, medical forensic history and observing and assessing physical examination findings, medical-forensic photography, medical-forensic specimen collection, medical-forensic documentation, STI and pregnancy testing and prophylaxis, program and operational issues, and courtroom testimony. The facility provided a credentialing log and training certificates confirming eleven medical staff had completed the training. The interview with the SANE noted that contracted medical staff are responsible for conducting forensic medical examinations for offender on offender sexual abuse, while any staff on offender sexual abuse victim would be transported to the local hospital. She advised there are a few on-call contracted SANE who are responsible for conducting forensic medical exams at all agency facilities. She confirmed she and the other SANEs are SAFE/SANE certified. The interview with the staff member at University Hospital of Missouri confirmed that they provide forensic medical examinations at the hospital. The staff confirmed that examinations are provided by SANE. A review of documentation confirmed there were zero forensic examination conducted in the previous twelve months.

115.21 (d): The PAQ indicated that the facility attempts to make a victim advocate from a rape crisis center available to the victim, either in person or by other means and these efforts are documented. The PAQ further states that the facility provides a qualified staff member from a community based organization or a qualified agency staff member when a rape crisis center is not available to provide advocacy services. D1-8.13, page 18 states during the initial assessment, mental health treatment interventions shall be discussed with the victim by the QMHP and shall include options such as individual and/or group therapy. The QMHP shall explain and offer advocacy services to the alleged victim offender. The QMHP shall document the offender's acceptance or refusal of advocacy services in the electronic medical record. Page 20 further states each facility shall offer alleged victims of offender sexual abuse, a victim advocate to provide emotional support services, crisis intervention during the sexual assault exam, when applicable, during the investigative process. When an allegation of sexual harassment is forwarded for investigation, the alleged victim of sexual harassment shall be offered a victim advocate. The MOU with CASA notes that they agree to respond to requests from the facility to provide advocacy. They also agree to provide follow-up services and crisis intervention contacts to victims of sexual abuse, as resources allow. The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of plans to

harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The PCM stated that if requested by the victim, a victim advocate accompanies the offender during the forensic medical examination and investigatory interviews. He advised they have CASA to provide services. The PCM noted that they complete the advocacy form and he would call the advocate to let them know they need to respond. The interview with the offender who reported sexual abuse indicated he was afforded access to a victim advocate after a report of sexual abuse. A review of documentation for nine victims of sexual abuse noted eight were afforded access to a victim advocate. The auditor observed however that the advocate offered was a facility advocate, rather than an advocate from the local rape crisis center. After the on-site portion of the audit the facility provided a training memo that outlined that after an allegation of sexual abuse the Consent for Facility Advocacy Services will be completed and if they accept the local victim advocate, the PCM will contact CASA to determine if they are able to provide services. The PCM will also meet with the victim and provide contact information for CASA, regardless of if they accept or decline victim advocacy services. The facility provided documentation for two victims of sexual abuse after the process was implemented. The forms included signatures of the victims under both the accept and decline section. The PCM noted there was confusion with shift supervisors and the forms. As such, additional corrective action is needed.

115.21 (e): The PAQ indicated that as requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization staff member accompanies and supports the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information and referrals. D1-8.13, page 20 states each facility shall offer alleged victims of offender sexual abuse, a victim advocate to provide emotional support services, crisis intervention during the sexual assault exam, when applicable, during the investigative process. When an allegation of sexual harassment is forwarded for investigation, the alleged victim of sexual harassment shall be offered a victim advocate. The MOU with CASA notes that they agree to respond to requests from the facility to provide advocacy. They also agree to provide follow-up services and crisis intervention contacts to victims of sexual abuse, as resources allow. The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of plans to harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The PCM stated that if requested by the victim, a victim advocate accompanies the offender during the forensic medical examination and investigatory interviews. He advised they have CASA to provide services. The PCM noted that they complete the advocacy form and he would call the advocate to let them know they need to respond. The interview with the offender who reported sexual abuse indicated he was afforded access to a victim advocate after a report of sexual abuse. A review of documentation for nine victims of sexual abuse noted eight were afforded access to a victim advocate. The auditor observed however that the advocate offered

was a facility advocate, rather than an advocate from the local rape crisis center. After the on-site portion of the audit the facility provided a training memo that outlined that after an allegation of sexual abuse the Consent for Facility Advocacy Services will be completed and if they accept the local victim advocate, the PCM will contact CASA to determine if they are able to provide services. The PCM will also meet with the victim and provide contact information for CASA, regardless of if they accept or decline victim advocacy services. The facility provided documentation for two victims of sexual abuse after the process was implemented. The forms included signatures of the victims under both the accept and decline section. The PCM noted there was confusion with shift supervisors and the forms. As such, additional corrective action is needed.

115.21 (f): The PAQ indicated this provision is not applicable as the agency/facility is responsible for conducting administrative and criminal sexual abuse investigations. D1-8.13, page 19 states the PREA manager shall request all responsible law enforcement agencies follow PREA standards when conducting offender sexual abuse investigations.

115.21 (g): The auditor is not required to audit this provision.

115.21 (h): D1-8.13, page 20 states all staff members serving as a designated victim advocate for offenders shall receive victim advocacy training for sexual assault advocates. The memo from the PC advised that the agency has worked with the Missouri Coalition Against Domestic Violence and Sexual Violence to create an online advocacy training for those interested in providing advocacy services to victims of sexual violence within the agency. A review of the training curriculum confirms that the training was created by the Missouri Coalition Against Domestic Violence and Sexual Violence. The training outlines the continuum of sexual violence, terms and definitions, type of sexual violence, survivor and advocate response, samples of things to say, medical framework, the advocate's role, crisis intervention, how to help, establishing rapport, defining the problems and exploring feelings. The training includes activities and a post training quiz. The facility provided confirmation that two staff members completed the training and can serve as a victim advocate when needed.

Based on a review of the PAQ, D1-8.13, D1-8.8, Evidence Procedures Manual, Evidence Protocol 2023, SANE Hospitals Document, SANE Credentialing Log, Contract with Centurion, IAFN SANE Training Curriculum, Agreement with CASA Tipton, Victim Advocate Memorandum, investigative reports and information from interviews with the random staff, the SAFE/SANE, the PREA Compliance Manager and offenders who reported sexual abuse, this standard appears to require corrective action. A review of

documentation for nine victims of sexual abuse noted eight were afforded access to a victim advocate. The auditor observed however that the advocate offered was a facility advocate, rather than an advocate from the local rape crisis center. After the on-site portion of the audit the facility provided a training memo that outlined that after an allegation of sexual abuse the Consent for Facility Advocacy Services will be completed and if they accept the local victim advocate, the PCM will contact CASA to determine if they are able to provide services. The PCM will also meet with the victim and provide contact information for CASA, regardless of if they accept or decline victim advocacy services. The facility provided documentation for two victims of sexual abuse after the process was implemented. The forms included signatures of the victims under both the accept and decline section. The PCM noted there was confusion with shift supervisors and the forms. As such, additional corrective action is needed.

Corrective Action

The facility will need to provide additional training with shift supervisors on the victim advocacy process and form. Confirmation of the training will need to be provided. The facility will need to provide a list of sexual abuse allegations during the corrective action period and associated victim advocacy documents.

Verification of Corrective Action Since the Interim Audit Report

The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard.

Additional Documents:

1. Staff Training
2. List of Allegations During Corrective Action Period
3. Victim Advocacy Documents

The agency PREA Coordinator conducted training with Shift Supervisors on the process for affording a victim advocate through CASA initially and if CASA is unavailable, then the qualified staff would be contacted. The training PowerPoint was provided as well as staff signatures were provided confirming completion and

	understanding of the information. The facility provided advocacy forms for six allegations reported after the on-site portion of the audit. All forms were completed properly and documented the offer of a victim advocate and the offender's acceptance or denial. The facility provided a list of sexual abuse allegations reported during the corrective action period (two) and associated investigative documents, including the consent for victim advocacy. One offender accepted victim advocacy services and documentation confirmed CASA was contacted to provide the services. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

115.22	Policies to ensure referrals of allegations for investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D1-8.1 Office of Professional Standards 4. D1-8.4 Institutional Investigations 5. Investigative Reports Interviews: 1. Interview with the Agency Head Designee 2. Interviews with Investigative Staff Findings (By Provision):

115.22 (a): The PAQ indicated that the agency ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. The PAQ noted that all investigations have been completed. The PAQ indicated that there were nine allegations of sexual abuse and/or sexual harassment reported within the previous twelve months. All nine resulted in an administrative investigation and zero resulted in a criminal investigation. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. D1-8.4, page 2 states an inquiry or investigation may be conducted by an institutional investigator when: an offender may have engaged in a violation of offender rules; or there is an allegation of staff member on offender sexual harassment (as defined in accordance with the department procedure regarding offender sexual abuse and harassment) not related to a pat search or a use of force. Allegations of offender sexual harassment or offender sexual abuse related to pat searches or uses of force shall be processed in accordance with the PREA coordinated response protocol reference document. The interview with the Agency Head Designee advised that there is a comprehensive reporting process and that all allegations follow a protocol checklist. He advised allegations are entered into the IRIS system. The allegations are then assigned to an investigator. A review of documentation for ten allegations indicated all ten had an administrative investigation initiated, nine were completed and one was still ongoing.

115.22 (b): The PAQ indicated that the agency has a policy that requires that all allegations of sexual abuse or sexual harassment be referred for investigations to an agency with the legal authority to conduct criminal investigations and that such policy is published on the agency website or made publicly available via other means. The PAQ also indicated that the agency documents all referrals of allegations of sexual abuse or sexual harassment for criminal investigation. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. A review of the agency website (<https://doc.mo.gov/programs/PREA>) confirms that D1-8.13 is published and available for public review. Interviews with investigators confirmed that agency policy requires that allegations of sexual abuse and sexual harassment be referred to an investigative agency with the legal authority to conduct criminal investigations, unless the activity is clearly not criminal. A review of documentation for ten allegations indicated all ten had an administrative investigation initiated, nine were completed and one was still ongoing.

115.22 (c): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. A review of the agency website (<https://doc.mo.gov/programs/PREA>) confirms that D1-8.13 is published and available for public review.

	115.22 (d): The PAQ stated that this provision is not applicable as the agency is responsible for conducting all administrative and criminal investigations. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. A review of the agency website (https://doc.mo.gov/programs/PREA) confirms that D1-8.13 is published and available for public review. 115.22 (e): The auditor is not required to audit this provision. Based on a review of the PAQ, D1-8.13, D1-8.1, D1-8.4, investigative reports, the agency's website and information obtained via interviews with the Agency Head Designee and investigators, this standard appears to be compliant.

115.31	Employee training
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Training Curriculum 4. Working with the Female Offender Training Curriculum 5. Supervising the Female Population Training Curriculum 6. Pat Searches Training Curriculum 7. PREA Refresher Flyers 8. Staff Training Records 9. Training Memorandum Interviews: 1. Interviews with Random Staff

Findings (By Provision):

115.31 (a): The PAQ stated that the agency trains all employees who may have contact with offenders on the following matters: the agency's zero tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual harassment policies and procedures, the offenders' right to be free from sexual abuse and sexual harassment, the right of the offender to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with offenders, how to communicate effectively and professionally with lesbian, gay, bisexual, transgender and intersex offenders and how to comply with relevant laws related to mandatory reporting laws. D1-8.13, pages 7-8 state all new staff members shall complete the department's online sexual misconduct and harassment training within 5 working days of employment. All staff members shall receive initial PREA training during the department's basic training. A review of the PREA Training Curriculum confirms it includes information on: the agency's zero-tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual harassment policies and procedures, the residents' right to be free from sexual abuse and sexual harassment, the right of the resident to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with residents, how to effectively and professionally communicate with LGBTI residents and how to comply with relevant laws related to mandatory reporting. Interviews with thirteen random staff confirmed all thirteen had received PREA training and the training included the required elements under this provision. A review of thirteen staff training records indicated all thirteen had completed PREA training.

115.31 (b): The PAQ indicated that training is tailored to the gender of offender at the facility and that employees who are reassigned to facilities with opposite gender offenders are given additional training. D1-8.13, page 8 states all new staff members who shall be placed at a female facility shall receive gender specific training prior to being placed at a post. Staff members shall receive additional training if they are reassigned from a facility that houses only male offenders to a facility that houses only female offenders. Staff members shall receive additional training if they are reassigned from a facility that houses only female offenders to a facility that houses only male offenders if their basic training or institutional basic training occurred more than two years prior to the time of assignment. A review of the Working with the Female Offender Training Curriculum and the Supervising the Female Population

	Training Curriculum indicates they include specific information on female offenders. The facility houses male offenders and as such no additional training was required for staff. 115.31 (c): The PAQ indicated that between training the agency provides employees who may have contact with offenders with refresher information about current policies regarding sexual abuse and sexual harassment. The PAQ stated that training is completed every two years. D1-8.13, page 8 states all staff members shall complete refresher training every two years to ensure knowledge of the agency's current sexual abuse and sexual harassment procedures. Years in which an employee is not required to complete training, the facility site coordinator shall provide refresher information on current sexual abuse and sexual harassment policies. A review of the PREA Refresher Flyers confirmed that the agency/facility provides updated training information on various PREA topics. A review of documentation indicated seven of the thirteen staff had completed training at least every two years. A few staff were new hires and a few had training completed past the two year timeframe. The facility provided a training memo that outlined that all staff are required to complete training every two years. Training staff would track this, and staff may be subject to discipline if training is not completed as required. 115.31 (d): The PAQ stated that the agency documents that employees who may have contact with offenders understand the training they have received through employee signature or electronic verification. D1-8.13, page 8 state all completed PREA training requires a PREA acknowledgment form or PREA basic training acknowledgment form stating the staff member understood and completed the training. A review of staff training records confirmed that staff manually sign an acknowledgment form, or they complete online training which includes a post training quiz as electronic verification. Based on a review of the PAQ, D1-8.13, PREA Training Curriculum, Working with the Female Offender Training Curriculum, Supervising the Female Population Training Curriculum, Pat Searches Training Curriculum, PREA Refresher Flyers, Staff Training Records, Training Memo, as well as interviews with random staff, this standard appears to be compliant.

115.32	Volunteer and contractor training
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

Documents:

1. Pre-Audit Questionnaire
2. D1-8.13 Offender Sexual Abuse and Harassment
3. Offender Sexual Abuse and Harassment A Guide for Partners in Corrections
4. PREA Training for Partners in Corrections
5. Contractor and Volunteer PREA Brochure
6. Contractor and Volunteer Training Records

Interviews:

1. Interviews with Volunteers and Contractors who have Contact with Offenders

Findings (By Provision):

115.32 (a): The PAQ indicated that all volunteers and contractors who have contact with offenders have been trained on their responsibilities under the agency's policies and procedures regarding sexual abuse/sexual harassment prevention, detection and response. D1-8.13, page 8 states all part-time employees, volunteers, and contract staff members shall receive PREA training specific to their classification as determined by the appropriate division director and chief of staff training. The PAQ indicated that 62 volunteers and contractors received PREA training. A review of PREA Training for Partners in Corrections indicates it includes information on the zero tolerance policy, the purpose of PREA, definitions, red flags (signs to look for), the coordinated response and the individual's role, characteristic of victims and perpetrators, common reactions of victim, professional boundaries and reporting (including the mandatory reporting statute). A review of the Offender Sexual Abuse and Harassment A Guide for Partners in Corrections notes that it includes information on the zero tolerance policy, definitions, avoidable contact, avoiding inappropriate relationships, retaliation, reporting, statutes and policy. The Contractor and Volunteer PREA Brochure is distributed annually and includes information on the zero tolerance policy, definitions, red flags, behaviors to avoid and reporting. Interviews with contractors and volunteers confirmed they received training on their responsibilities under the agency's sexual abuse and sexual harassment policies. A review of seven contractor training documents confirmed all seven had completed PREA training. A review of training documentation for six volunteers indicated four had completed training.

115.32 (b): The PAQ indicated that the level and type of training provided to volunteers and contractors is based on the services they provide and level of contact they have with offenders. Additionally, the PAQ indicates that all volunteers and contractors who have contact with offenders have been notified of the agency's zero tolerance policy regarding sexual abuse and sexual harassment and informed on how to report such incidents. D1-8.13, page 8 states all part-time employees, volunteers, and contract staff members shall receive PREA training specific to their classification as determined by the appropriate division director and chief of staff training. A review of PREA Training for Partners in Corrections indicates it includes information on the zero tolerance policy, the purpose of PREA, definitions, red flags (signs to look for), the coordinated response and the individual's role, characteristic of victims and perpetrators, common reactions of victim, professional boundaries and reporting (including the mandatory reporting statute). A review of the Offender Sexual Abuse and Harassment A Guide for Partners in Corrections notes that it includes information on the zero tolerance policy, definitions, avoidable contact, avoiding inappropriate relationships, retaliation, reporting, statutes and policy. The Contractor and Volunteer PREA Brochure is distributed annually and includes information on the zero tolerance policy, definitions, red flags, behaviors to avoid and reporting. Interviews with contractors and the volunteer indicated they complete training online or in person and the training went over the zero tolerance policy and reporting procedures. A review of seven contractor training documents confirmed all seven had completed PREA training. A review of training documentation for six volunteers indicated four had completed training.

115.32 (c): The PAQ stated that the agency maintains documentation confirming that volunteers/contractors understand the training they have received. D1-8.13, page 8 state all completed PREA training requires a PREA acknowledgment form or PREA basic training acknowledgment form stating the staff member understood and completed the training. A review of contractor and volunteer training documents noted that they either manually signed the acknowledgement form of they completed the online training which included a quiz at the end to document understanding.

Based on a review of the PAQ, D1-8.13, Offender Sexual Abuse and Harassment A Guide for Partners in Corrections, PREA Training for Partners in Corrections, Contractor and Volunteer PREA Brochure, Contractor and Volunteer training, as well as the interviews with contractors and volunteers, this standard appears to require corrective action. A review of training documentation for six volunteers indicated four had completed training.

Corrective Action

	The facility will need to ensure all volunteers complete training prior to contact with offenders. The facility will need to provide a list of volunteers and confirmation of training, including a systematic sample of acknowledgment forms. Verification of Corrective Action Since the Interim Audit Report The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard. Additional Documents: 1. Process/Training Memorandum 2. Volunteer Training Documents The facility provided a training memo that outlined all volunteers are required to receive PREA training prior to contact with offenders. The memo included signature confirming receipt and understanding of the requirement. The facility provided a list of all current volunteers and associated volunteer PREA training documents. All volunteers signed an acknowledgment confirming they received and understood the training. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

Interviews:

1. Interview with Intake Staff
2. Interviews with Random Offenders

Site Review Observations:

1. Observations of Intake Area
2. Observations of PREA Posters

Findings (By Provision):

115.33 (a): The PAQ stated that offenders receive information at the time of intake about the zero tolerance policy and how to report incidents or suspicions of sexual abuse or harassment. The PAQ indicated that 949 offenders received information at intake on the zero tolerance policy and how to report incident of sexual abuse/sexual

harassment. This is equivalent to 100% of offenders who arrived at the facility over the previous twelve months. A review of the Rulebook noted that it outlines the definitions of sexual abuse and sexual harassment, conduct violations and sanctions for sexual abuse and sexual misconduct, steps to avoid sexual abuse, actions to take after an incident of sexual abuse, reporting methods, victim rights, and consequences. A review of the PREA Brochure noted that it includes information on the zero tolerance policy, definitions, tips for prevention, steps to take after sexual abuse, reporting methods, victim right and consequences. A review of the PREA Posters indicated they included information on reporting mechanisms. The DPS Poster outlines reporting mechanisms and provides contact information for Just Detention International and RAINN. The PREA Advocacy Poster included the phone number and mailing address to Just Detention International (JDI) and RAINN. A review of the PREA Adult Comprehensive Education Video confirms that it includes information on the zero tolerance policy, reporting methods, the residents right to be free from sexual abuse and sexual harassment, the residents right to be free from retaliation from reporting and the agency/facilities response to an allegation of sexual abuse. The auditor observed the intake/comprehensive education process through a demonstration. Education is completed in visitation. The PREA Adult Comprehensive Education video is played on a 32 inch television screen. Offenders are provided the PREA Brochure. Staff meet with the offender for the risk screening and ask them if they have any concerns related to PREA. The interview with the intake staff confirmed that offenders are provided information on the zero tolerance policy and reporting methods upon intake. 27 of the 30 offenders interviewed indicated they received information on the zero tolerance policy and reporting mechanisms. A review of 34 offender files of those received in the previous twelve months indicated all 34 received PREA information at intake.

115.33 (b): The PAQ indicated that 949 offenders received comprehensive PREA education within 30 days of intake, which is equivalent to 100% of those that arrived in the last twelve months and stayed longer than 30 days. IS5-1.1, pages 7-8 state each offender shall be scheduled for a formal institutional orientation, to occur within one week of arrival. Offenders shall receive a comprehensive Prison Rape Elimination Act (PREA) education. If the offender is disabled, limited English proficient or has limited reading skills, the PREA education shall be delivered in a manner which is understandable by the offender. Offenders shall sign an offender sexual abuse and harassment acknowledgment form showing they received PREA education and understand their rights to be free from sexual abuse, harassment and retaliation. IS5-1.2, pages 2-3 state after receiving an offender at an institution, designated reception and orientation unit staff members should ensure that offenders are provided an orientation program that includes general information including, but not limited to, the Prison Rape Elimination Act (PREA), description of and reporting potential PREA events and crime tips and PREA hotline information. After orientation, the offender will sign the receipt form and the offender sexual abuse and harassment acknowledgement form signifying completion of orientation information. A review of the Rulebook noted that it outlines the definitions of sexual abuse and sexual

harassment, conduct violations and sanctions for sexual abuse and sexual misconduct, steps to avoid sexual abuse, actions to take after an incident of sexual abuse, reporting methods, victim rights, and consequences. A review of the PREA Brochure noted that it includes information on the zero tolerance policy, definitions, tips for prevention, steps to take after sexual abuse, reporting methods, victim right and consequences. A review of the PREA Posters indicated they included information on reporting mechanisms. The DPS Poster outlines reporting mechanisms and provides contact information for Just Detention International and RAINN. The PREA Advocacy Poster included the phone number and mailing address to Just Detention International (JDI) and RAINN. A review of the PREA Adult Comprehensive Education Video confirms that it includes information on the zero tolerance policy, reporting methods, the residents right to be free from sexual abuse and sexual harassment, the residents right to be free from retaliation from reporting and the agency/facilities response to an allegation of sexual abuse. The auditor observed the intake/ comprehensive education process through a demonstration. Education is completed in visitation. The PREA Adult Comprehensive Education video is played on a 32 inch television screen. Offenders are provided the PREA Brochure. Staff meet with the offender for the risk screening and ask them if they have any concerns related to PREA. The interview with the intake staff confirmed that offenders receive comprehensive PREA education on their right to be free from sexual abuse and sexual harassment, their right to be free from retaliation from reporting and policies and procedures after a report of sexual abuse. The intake staff advised offenders receive education the same day they arrive through the PREA video and PREA Brochure. Interviews with 30 offenders indicated 22 were told about their right to be free from sexual abuse, their right to be free from retaliation from reporting sexual abuse and agency policies and procedures on responding to an allegation. A review of 34 offender files of those received in the previous twelve months indicated all 34 had received comprehensive PREA education. After the on-site portion of the audit the facility conducted training with staff on the requirement to verbally read the PREA Script, which outlines the zero tolerance policy, reporting mechanisms (internal - verbal and in writing, external -DPS, anonymously and through a third party), facility response after an allegation and information on CASA (victim advocacy services). The training also outlined that staff would provide the PREA Brochure and the Local Advocacy Services Poster (CASA Flyer). Confirmation of the training was provided via signature.

115.33 (c): The PAQ indicated that all offenders have received comprehensive PREA education within 30 days of intake. The PAQ noted that agency policy requires that offenders who are transferred from one facility to another be educated regarding their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents, to the extent that the policies and procedures of the new facility differ from those of the previous facility. IS5-1.1, pages 7-8 state each offender shall be scheduled for a formal institutional orientation, to occur within one week of arrival. Offenders shall receive a comprehensive Prison Rape Elimination Act (PREA)

education. If the offender is disabled, limited English proficient or has limited reading skills, the PREA education shall be delivered in a manner which is understandable by the offender. Offenders shall sign an offender sexual abuse and harassment acknowledgment form showing they received PREA education and understand their rights to be free from sexual abuse, harassment and retaliation. IS5-1.2, pages 2-3 state after receiving an offender at an institution, designated reception and orientation unit staff members should ensure that offenders are provided an orientation program that includes general information including, but not limited to, the Prison Rape Elimination Act (PREA), description of and reporting potential PREA events and crime tips and PREA hotline information. After orientation, the offender will sign the receipt form and the offender sexual abuse and harassment acknowledgement form signifying completion of orientation information. A review of the Rulebook noted that it outlines the definitions of sexual abuse and sexual harassment, conduct violations and sanctions for sexual abuse and sexual misconduct, steps to avoid sexual abuse, actions to take after an incident of sexual abuse, reporting methods, victim rights, and consequences. A review of the PREA Brochure noted that it includes information on the zero tolerance policy, definitions, tips for prevention, steps to take after sexual abuse, reporting methods, victim right and consequences. A review of the PREA Posters indicated they included information on reporting mechanisms. The DPS Poster outlines reporting mechanisms and provides contact information for Just Detention International and RAINN. The PREA Advocacy Poster included the phone number and mailing address to Just Detention International (JDI) and RAINN. A review of the PREA Adult Comprehensive Education Video confirms that it includes information on the zero tolerance policy, reporting methods, the residents right to be free from sexual abuse and sexual harassment, the residents right to be free from retaliation from reporting and the agency/facilities response to an allegation of sexual abuse. The interview with the intake staff confirmed that offenders receive comprehensive PREA education on their right to be free from sexual abuse and sexual harassment, their right to be free from retaliation from reporting and policies and procedures after a report of sexual abuse. The intake staff advised offenders receive education the same day they arrive through the PREA video and PREA Brochure. A review of 40 total offender files indicated all 40 had comprehensive PREA education completed after 2013.

115.33 (d): The PAQ indicated that PREA education is available in accessible formats for offenders who are LEP, deaf, visually impaired, and otherwise disabled, as well as to offenders who have limited reading skills. D1-8.13, page 10 states the department shall provide PREA related education in formats accessible to all offenders, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to offenders who have limited reading skills in accordance with the department's procedures regarding deaf and hard of hearing offenders, disabled offenders, and blind and visually impaired offenders. Offenders who have limited English proficiency shall be provided a copy of the video transcript and the PREA offender brochure in their native language. D5-5.1, page 3 states that deaf or hard of hearing offenders shall be offered the assistance of qualified interpreters and have

other auxiliary aids explained to them during the diagnostic process. The policy outlines the aids and services available to deaf and hard of hearing offenders. The agency has a contract for Sign Language Interpretation Services. A review of the PREA Brochure, PREA Posters, DPS Poster, PREA Advocacy Poster, and Rulebook confirmed that they are available in larger print. The PREA Brochure is also available in Braille. The PREA Adult Comprehensive Education Video is available in American Sign Language and includes text related to the verbal information provided. The agency has a contract for Verbal Language Interpretation Services. Additionally, the agency has a list over 75 staff who can provide translation services. A review of the PREA Brochure, PREA Posters, DPS Poster, PREA Advocacy Poster, and Rulebook confirmed they were available in English and Spanish. Additionally, the PREA Brochure is available in six other languages. The PREA Adult Comprehensive Education Video is available in English and Spanish and includes text related to the verbal information provided. A review of eight disabled offender records and one LEP offender record confirmed all nine received PREA education.

115.33 (e): The PAQ indicated that the agency maintains documentation of Offender participation in PREA education sessions. IS5-1.1, pages 7-8 state each offender shall be scheduled for a formal institutional orientation, to occur within one week of arrival. Offenders shall receive a comprehensive Prison Rape Elimination Act (PREA) education. If the offender is disabled, limited English proficient or has limited reading skills, the PREA education shall be delivered in a manner which is understandable by the offender. Offenders shall sign an offender sexual abuse and harassment acknowledgment form showing they received PREA education and understand their rights to be free from sexual abuse, harassment and retaliation. IS5-1.2, pages 2-3 state after receiving an offender at an institution, designated reception and orientation unit staff members should ensure that offenders are provided an orientation program that includes general information including, but not limited to, the Prison Rape Elimination Act (PREA), description of and reporting potential PREA events and crime tips and PREA hotline information. After orientation, the offender will sign the receipt form and the offender sexual abuse and harassment acknowledgement form signifying completion of orientation information. A review of offender files noted offenders sign an acknowledgment form confirming they completed the education.

115.33 (f): The PAQ indicated that the agency ensures that key information about the agency's PREA policies is continuously and readily available or visible through posters, handbooks or other written formats. D1-8.13, page 11 states the PREA site coordinator shall make key information readily available or visible to all offenders through PREA posters, the offender rulebook, electronic notebooks and the offender brochure on sexual abuse and harassment. The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS

	Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy Services Poster in English and Spanish to the tablet. Based on a review of the PAQ, D1-8.13, IS5-1.1, IS5-1.2, PREA Adult Comprehensive Education Video, Offender Rulebook, PREA Brochure, PREA Advocacy Poster, Local Advocacy Services Poster, PREA Posters, DPS Poster, Sign Language Interpretation Service Information, Verbal Language Interpretation Service Information, Staff Translator List, Training Memo, a review of offender records, observations made during the tour as well as information from interviews with intake staff and offenders, this standard appears to be compliant.

1. Interviews with Investigative Staff

Findings (By Provision):

115.34 (a): The PAQ indicated that agency policy requires that investigators are trained in conducting sexual abuse investigations in confinement settings. D1-8.13, page 8 states investigators assigned to investigate offender sexual abuse allegations shall receive specialized PREA investigator training. The agency utilizes the NIC Conducting Sexual Abuse Investigations in a Confinement Setting training curriculum. In addition, the agency provides additional training to investigators via the PREA Investigations (Sexual Harassment) training, the Credibility Assessments Training Document and the Standard of Proof Training Document. Interviews with investigative staff confirmed the agency investigator completed the specialized investigator training, via the NIC training.

115.34 (b): D1-8.13, page 8 states investigators assigned to investigate offender sexual abuse allegations shall receive specialized PREA investigator training. The agency utilizes the NIC Conducting Sexual Abuse Investigations in a Confinement Setting training curriculum. In addition, the agency provides additional training to investigators via the PREA Investigations (Sexual Harassment) training, the Credibility Assessments Training Document and the Standard of Proof Training Document. A review of the NIC Conducting Sexual Abuse Investigations in a Confinement Setting training confirmed that it includes the following: techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings and the criteria and evidence required to substantiate an administrative investigation. Interviews with investigators confirmed that the agency investigator completed training that included the elements under this provision. A review of documentation indicated twelve investigators completed the specialized training and were issued a training certificate through the NIC.

115.34 (c): The PAQ indicated that the agency maintains documentation showing that investigators have completed the required training and that twelve investigators had completed the required training. A review of documentation confirmed twelve investigators completed the specialized training and were issued a training certificate through the NIC.

115.34 (d): The auditor is not required to audit this provision.

Based on a review of the PAQ, D1-8.13, National Institute of Corrections (NIC) –

	Investigating Sexual Abuse In a Confinement Setting, Standard of Proof Training Document, PREA Investigations (Sexual Harassment) Training Curriculum, Credibility Assessments Training Document, Investigator Training Records as well as the interviews with the investigators, this standard appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Overview by Relias Training 4. International Association of Forensic Nurses (IAFN) Adult-Adolescent SANE Training 5. SANE Credentialing Log 6. Contract with Centurion 7. PREA Training Curriculum 8. Offender Sexual Abuse and Harassment A Guide for Partners in Corrections 9. PREA Training for Partners in Corrections 10. Medical and Mental Health Training Records Interviews: 1. Interviews with Medical and Mental Health Staff Findings (By Provision): 115.35 (a): The PAQ stated that the agency has a policy related to training medical and mental health practitioners who work regularly in its facilities. The PAQ indicated that 31 (100%) medical and mental health care staff received the specialized training. D1.8-13, page 8 states health services staff members shall receive specialized PREA

medical and mental health training. A review of the PREA Overview training curriculum confirms that it includes information on the following topics: how to detect and assess signs of sexual abuse and sexual harassment, how to preserve physical evidence of sexual abuse, how to respond effectively and professionally to victims of sexual abuse and sexual harassment and how and whom to report allegations or suspicion of sexual abuse and sexual harassment. Interviews with medical and mental health staff confirmed that both received specialized training and the training included the elements under this provision. A review of five medical and mental health care staff training records indicated all five had completed the specialized medical and mental health training.

115.35 (b): The PAQ indicated that agency medical staff conduct forensic medical exams. Contracted medical and mental health staff conduct forensic medical examinations at the facility. Page 68 of the Contract with Centurion notes that Centurion is required to designate at least four LPNs or RNs, as regional SANE. A review of the IAFN Adult-Adolescent SANE Training Outline notes that it includes eleven modules over the twelve week course. Training topics include dynamics of sexual assault, overview, victim response and crisis intervention, medical forensic history and observing and assessing physical examination findings, medical-forensic photography, medical-forensic specimen collection, medical-forensic documentation, STI and pregnancy testing and prophylaxis, program and operational issues, and courtroom testimony. The facility provided a credentialing log and training certificates confirming eleven medical staff had completed the training. Interviews with medical and mental health staff confirmed that they do not perform forensic medical examinations however they do have a SANE nurse that comes to the facility. The interview with the SANE noted that contracted medical staff are responsible for conducting forensic medical examinations for offender on offender sexual abuse, while any staff on offender sexual abuse victim would be transported to the local hospital. She advised there are a few on-call contracted SANE who are responsible for conducting forensic medical exams at all agency facilities. She confirmed she and the other SANEs are SAFE/SANE certified.

115.35 (c): The PAQ indicated that the agency maintains documentation showing that medical and mental health practitioners have completed the required training. A review of five medical and mental health care staff training records indicated all five had completed the specialized medical and mental health training. All staff had a certificate documenting completion and/or electronic verification through the Relias program.

115.35 (d): A review of the PREA Training Curriculum confirms it includes information on: the agency's zero-tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual harassment policies and procedures, the residents' right to be free from sexual abuse and sexual harassment, the right of the resident to

	be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with residents, how to effectively and professionally communicate with LGBTI residents and how to comply with relevant laws related to mandatory reporting. A review of PREA Training for Partners in Corrections indicates it includes information on the zero tolerance policy, the purpose of PREA, definitions, red flags (signs to look for), the coordinated response and the individual's role, characteristic of victims and perpetrators, common reactions of victim, professional boundaries and reporting (including the mandatory reporting statute). A review of the Offender Sexual Abuse and Harassment A Guide for Partners in Corrections notes that it includes information on the zero tolerance policy, definitions, avoidable contact, avoiding inappropriate relationships, retaliation, reporting, statutes and policy. The Contractor and Volunteer PREA Brochure is distributed annually and includes information on the zero tolerance policy, definitions, red flags, behaviors to avoid and reporting. A review of five medical and mental health care staff training records indicated all five had completed training as required under 115.31 or 115.32. Based on a review of the PAQ, D1-8.13, PREA Overview by Relias Training, International Association of Forensic Nurses (IAFN) SANE Training, SANE Credentialing Log, Contract with Centurion, PREA Training Curriculum, Offender Sexual Abuse and Harassment A Guide for Partners in Corrections, PREA Training for Partners in Corrections, medical and mental health care staff training records as well as interviews with medical and mental health care staff, this standard appears to be compliant.

115.41	Screening for risk of victimization and abusiveness
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Adult Internal Risk Assessment (AIRS) 4. Adult Internal Risk Assessment Scoring 5. Adult Internal Risk Assessment Manual 6. Adult Internal Risk Assessment Manual Supplement

7. Adult Internal Risk Assessment Training
8. Offender Assessment and Reassessment Documents
9. Training Memorandum

Interviews:

1. Interviews with Staff Responsible for Risk Screening
2. Interviews with Random Offenders
3. Interview with the PREA Coordinator
4. Interview with the PREA Compliance Manager

Site Review Observations:

1. Observations of Risk Screening Area
2. Observations of File Location

Findings (By Provision):

115.41 (a): The PAQ stated that the agency has a policy that requires screening upon admission to a facility or transfer to another facility for risk of sexual abuse victimization or sexual abusiveness toward other offenders. D1-8.13, page 9 states facilities shall assess offenders for the risk of being sexually abused and the risk of being sexually abusive utilizing their divisional adult internal risk assessment. All offenders shall be assessed during intake and upon transfer to another facility for their risk of being sexually abused by other offenders or sexual abusiveness towards other offenders in accordance with the institutional services procedure regarding offender housing assignments, transgender and intersex offenders and the probation and parole procedures regarding housing assignments, transgender and intersex clients, and contracted residential facilities. The auditor observed the initial risk screening process. The initial risk assessment is completed in visitation at a table that is separated from the other offenders. Staff ask the questions on the Adult Internal Risk Assessment questionnaire, sexual orientation, gender identity, prior sexual victimization, perception of vulnerability, history of violence, etc. The staff also review information from the offender record, including criminal history and institutional discipline. Staff use both information from verbal responses and the file review to complete the risk assessment. Interviews with 25 offenders that arrived within the previous twelve months indicated nineteen were asked the risk screening questions

on the same day they arrived. The interview with the staff responsible for the risk screening indicated that offenders are screened at intake for their risk of victimization and risk of abusiveness.

115.41 (b): The PAQ indicated that the policy requires that offenders be screened for risk of sexual victimization or risk of sexually abusing other offenders within 72 hours of their intake. D1-8.13, page 9 states offenders be assessed within 72 hours of arrival. The PAQ stated that 949 offenders, or 100% of those that arrived in the previous twelve months, were screened for risk of sexual victimization or risk of sexually abusing other offenders within 72 hours. Interviews with 25 offenders that arrived within the previous twelve months indicated nineteen were asked the risk screening questions on the same day they arrived. The interview with the staff responsible for the risk screening confirmed that offenders are screened for their risk of victimization and abusiveness within 72 hours. A review of documentation for 37 offender files that arrived within the previous twelve months indicated all 37 had an initial risk screening completed within 72 hours.

115.41 (c): The PAQ indicated that the risk assessment is conducted using an objective screening instrument. A review of the Adult Internal Risk Assessment indicates that it includes a risk of victimization section and a risk of abusiveness section. The risk of victimization section includes fourteen questions, and the risk of abusiveness section includes four questions. Each section also has an override question. The Adult Internal Risk Assessment Scoring notes that responses associated with each questions have points assigned, ranging from zero to three. The points are totaled in each section and based on the number of points; one of three designations is assigned (Kappa, Sigma and Alpha). The Adult Internal Risk Manual and Supplement provide directions for staff on how to complete the risk screening as well as details behind each of the questions.

115.41 (d): A review of the Adult Internal Risk Assessment indicates that the assessment includes fourteen questions related to sexual victimization, including, if ever approached or threatened with sexual abuse while incarcerated, approached or threatened with physical violence while incarcerated, prior sexual victimization, victim of physical abuse, ever sought assistance from staff due to fear for safety due to sexual abuse, ever sought assistance from staff due to fear of physical violence, fear of placement in general population due to sexual or physical abuse, age, physical stature, disability, gender identity/sexual preference, prior incarcerations, prior sexual offenses against an child, and history of consensual sex while incarcerated. The assessment also has a victim override question which asks whether the offender had a substantiated investigation of sexual victimization (where was the victim) within the last five years. The Adult Internal Risk Manual and Supplement provide directions for staff on how to complete the risk screening as well as details behind each of the questions. It should be noted that the Adult Internal Assessment Manual Supplement

outlines corrections to three questions that were identified through prior DOJ PREA audits. One of which changes the question related to prior sexual offenses to include adult or child and the other which handles exclusively non-violent criminal history. The interview with the staff responsible for the risk screening indicated she asks the questions on the Adult internal Risk Manual, and she confirms information through a review of the offender's record in the system. Staff confirmed the required elements under this provision are considered.

115.41 (e): A review of the Adult Internal Risk Assessment confirms that the screening tool includes four questions related to sexual abusiveness, including, if ever found guilty of sex offense with adult victims, if ever found guilty of crimes of violence, any conduct violations for violent offenses within last ten years, and violation for Murder/Manslaughter or Forcible Sexual Misconduct older than five years but less than ten years. The assessment also has an abusiveness override question which asks if the offender has a substantiated investigation for sexual misconduct or any conduct violations for Murder/Manslaughter or Forcible Sexual Misconduct within the last five years. The Adult Internal Risk Manual and Supplement provide directions for staff on how to complete the risk screening as well as details behind each of the questions. It should be noted that the Adult Internal Assessment Manual Supplement outlines corrections to three questions that were identified through prior DOJ PREA audits. The question related to sex offenses with adult victims was changed to include child and adult changes the question related to prior sexual offenses to include any prior sexual offenses. The question related to conduct violations for violent offenses within the last ten years was changed to remove the timeframe of ten years. The interview with the staff responsible for the risk screening indicated she asks the questions on the Adult internal Risk Manual, and she confirms information through a review of the offender's record in the system. Staff confirmed the required elements under this provision are considered.

115.41 (f): The PAQ indicated that policy requires that the facility reassess each offender's risk of victimization or abusiveness within a set time period, not to exceed 30 days after the offender's arrival at the facility, based upon any additional, relevant information received by the facility since the intake screening. The PAQ indicated 949 (100%) of offenders entering the facility who stayed longer than 30 days, were reassessed for their risk of sexual victimization or of being sexually abusive within 30 days after their arrival at the facility. D1-8.13, page 9 states offenders shall be reassessed within 30 days of arrival and shall consider additional relevant information received by the facility after the initial intake screening. The risk reassessment process is completed in a private office setting, one-on-one. The staff complete the same process as the initial, including verbally asking questions and reviewing file information. The interview with staff responsible for the risk screening indicated that offenders are reassessed within 25-30 days. Interviews with 25 offenders that arrived in the previous twelve months indicated ten were asked the risk screening questions on more than one occasion. Offenders stated they were asked a few weeks to 30 days

after arrival. A review of documentation for 37 offenders that arrived in the previous twelve months indicated 36 had a reassessment completed. One was not yet due. 33 of the 36 were completed within 30 days of arrival.

115.41 (g): The PAQ indicated that policy requires that an offender's risk level be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the offender's risk of sexual victimization or abusiveness. D1-8.13, page 9 states the offender's risk level shall be reassessed when warranted due to a referral, incident of sexual abuse, or upon request or receipt of additional information that impacts an offender's risk of sexual victimization or abusiveness. The interview with staff responsible for risk screening confirmed that offenders are reassessed when warranted due to request, referral, incident of sexual abuse or receipt of additional information. Interviews with 25 offenders that arrived in the previous twelve months indicated ten were asked the risk screening questions on more than one occasion. A review of documentation for 37 offenders that arrived in the previous twelve months indicated 36 had a reassessment completed. A review of documentation for nine sexual abuse allegations noted five required a reassessment. None had a reassessment due to incident of sexual abuse. The facility provided a training memo that outlined at the conclusion of an investigation of sexual abuse, the victim is required to have a reassessment completed, if substantiated or unsubstantiated and the perpetrator is required to have a reassessment if substantiated.

115.41 (h): The PAQ indicated that policy prohibits disciplining offenders for refusing to answer whether or not the offender has a mental, physical or developmental disability; whether or not the offender is or is perceived to be gay, lesbian, bisexual, transgender, intersex or gender non-conforming; whether or not the offender has previously experienced sexual victimization; and the offender's own perception of vulnerability. D1-8.13, page 9 states the offender shall not be disciplined for refusing to answer or not disclosing complete information during the assessment. The interview with the staff responsible for risk screening indicated that offenders are not disciplined for refusing to answer or not fully disclose information for any of the risk screening questions.

115.41 (i): Offender risk assessments are documented electronically via the MOSIC system. During the tour the auditor had a security staff member pull up the risk screening information in MOSIC. The auditor viewed that the staff did not have access and was given an error message that noted they were not authorized to view the information. The PC stated that the agency has implemented appropriate controls on information from the risk screening to ensure sensitive information is not exploited. He stated the information is limited to Corrections Case Managers and their supervisors, as these are the staff who complete the risk screening. All other staff just have access to review the label produced because of the risk assessment. Interviews

with the PCM and staff who conduct the risk screening confirmed that the agency has outlined who should have access to the risk screening information so that sensitive information is not exploited.

Based on a review of the PAQ, D1-8.13, Adult Internal Risk Assessment (AIRS), Adult Internal Risk Assessment Scoring, Adult Internal Risk Assessment Manual, Adult Internal Risk Assessment Manual Supplement, Adult Internal Risk Assessment Training, Offender Files, Training Memo, and information from interviews with the PREA Coordinator, PREA Compliance Manager, staff responsible for conducting the risk screenings and random offenders, this standard appears to require corrective action. A review of documentation for nine sexual abuse allegations noted five required a reassessment. None had a reassessment due to incident of sexual abuse.

Corrective Action

The facility will need to provide a list of sexual abuse investigations closed during the corrective action period and associated reassessments due to incident of sexual abuse.

Verification of Corrective Action Since the Interim Audit Report

The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard.

Additional Documents:

1. List of Sexual Abuse Allegations Closed During the Corrective Action Period
2. Risk Assessments

The facility provided a list of sexual abuse investigations closed during the corrective action period (two). Both victims had a reassessment completed due to receipt of additional information/incident of sexual abuse.

Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

Interviews with Gay, Lesbian and Bisexual Offenders Site Review Observations: 1. Location of Offender Records. 2. Housing Assignments of LGBTI Offenders 3. Shower Area in Housing Units

Findings (By Provision):

115.42 (a): The PAQ stated that the agency/facility uses information from the risk screening to inform housing, bed, work, education and program assignments with the goal of keeping separate those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive. D1-8.13, page 10 states housing, cell, bed, education, and programming assignments shall be individualized utilizing the adult internal risk assessment with the goal of keeping separate those offenders identified at high risk of sexual victimization from offenders assessed at high risk of being sexually abusive. This shall be in accordance with the institutional services procedures regarding offender housing assignments, transgender and intersex offenders, offender recreation and activities, and probation and parole procedures regarding community supervision centers, the community release center, and contracted residential facilities. IS18-1.1, page 4 states housing unit staff members shall utilize the internal classification information to designate required activities assignments for the purpose of keeping separate and/or ensuring the appropriate monitoring of those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive when working or attending programming together in accordance with institutional services procedures regarding offender internal classification systems. IS5-2.3, page 1 states the department utilizes an internal classification system to assist department staff members in determining appropriate housing, programs, and work assignments of offenders to ensure offender safety, institutional security, and compliance with the Prison Rape Elimination Act (PREA) guidelines. The interview with the PREA Compliance Manager indicated that information from the risk screening is utilized to determine Alpha, Kappa and Sigma designations. He stated Sigmas are housed in one unit and that the scores are used to keep Sigmas separate from Alphas. The interview with the staff responsible for the risk screening indicated that the information from the risk screening is utilized to determine classification and risk needs which is used for housing. A review of documentation indicated that Sigma offenders were housed in the same housing unit as Alpha offenders. A memo from the PCM noted that the housing units that had Sigma and Alpha offenders were specialized housing units (i.e. segregation, protective custody, substance abuse, honor, etc.) and that outside the specialized housing units Alpha and Sigma offenders were not housed on the same unit. The memo further confirmed that these housing assignment were reviewed and determined to be applicable based on the special housing. Additionally, the auditor confirmed that job, program and education assignments were appropriate.

115.42 (b): The PAQ indicated that the agency/facility makes individualized determinations about how to ensure the safety of each offender. D1-8.13, page 10 states housing, cell, bed, education, and programming assignments shall be individualized utilizing the adult internal risk assessment with the goal of keeping

separate those offenders identified at high risk of sexual victimization from offenders assessed at high risk of being sexually abusive. This shall be in accordance with the institutional services procedures regarding offender housing assignments, transgender and intersex offenders, offender recreation and activities, and probation and parole procedures regarding community supervision centers, the community release center, and contracted residential facilities. IS18-1.1, page 4 states housing unit staff members shall utilize the internal classification information to designate required activities assignments for the purpose of keeping separate and/or ensuring the appropriate monitoring of those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive when working or attending programming together in accordance with institutional services procedures regarding offender internal classification systems. IS5-2.3, page 1 states the department utilizes an internal classification system to assist department staff members in determining appropriate housing, programs, and work assignments of offenders to ensure offender safety, institutional security, and compliance with the Prison Rape Elimination Act (PREA) guidelines. The interview with the staff responsible for the risk screening indicated that the information from the risk screening is utilized to determine classification and risk needs which is used for housing.

115.42 (c): The PAQ stated that the agency/facility makes housing and program assignments for transgender or intersex offenders in the facility on a case by case basis. D1-8.13, page 9 states housing assignment for transgender and intersex offenders shall be made in accordance with the institutional services and probation and parole procedures regarding housing assignments. IS5-3.1, page 3 states the transgender committee is responsible for determining a permanent housing assignment for each transgender or intersex offender, and prior to this assignment shall meet with each offender to determine his vulnerability within the general population and length of time living as the acquired gender. A review of the Transgender Offender Protocol notes that there are three different committees, one at the facility level, one at the agency level and one at the clinical level. The document outlines that the facility level team meets with the transgender or intersex individual within ten days to review health and safety needs. The PCM stated that placement and programming of transgender and intersex offenders is reviewed upon arrival within the facility. He stated they ask what their preferences are, review their housing historically and make decisions based on all the available information. The PCM confirmed that housing and program assignments take into consideration the offender's health and safety as well as any security or management problems. Interviews with transgender offenders indicated both were asked how they felt about their safety regarding housing and programming. None felt they were housed solely based on their gender identity. A review of the Transgender Committee Review for transgender offenders confirms that they had a case by case review. The form notes the offenders view of vulnerability, historical overview of offender, institutional adjustment, programming assignments, health care status, accommodations, security concerns, etc.

115.42 (d): D1-8.13, page 22 states the department shall make informed decisions regarding the health and safety of transgender and intersex offenders by ensuring that there are assessed every 6 months in accordance with the institutional services procedure regarding transgender and intersex offenders. The interview with the PCM indicated transgender and intersex offenders are reassessed every six months. The staff responsible for the risk screening confirmed transgender and intersex offenders are reassessed at least biannually. A review of documentation for two transgender offenders noted both had one assessment completed and neither were at the facility longer than six months.

115.42 (e): Interviews with the PCM and staff responsible for the risk screening indicated that transgender and intersex offenders' view with respect to their safety are given serious consideration. Interviews with transgender offenders indicated both were asked how they felt about their safety about housing and programming.

115.42 (f): During the tour the auditor confirmed that showers had a half wall between them and a full wall at the entrance. Interviews with the PCM and the staff responsible for risk screening confirmed that transgender and intersex offenders are given the opportunity to shower separately. The PCM stated transgender offenders would be provided a separate shower time. Interviews with transgender offenders noted both are afforded the opportunity to shower separately.

115.42 (g): The interviews with the PC and PCM confirmed that the agency does not have a consent decree and that LGBTI offenders are not placed in one housing unit or one facility based on their gender identify and/or sexual preference. The PC stated LGBTI offenders are housed case by case, just like all other offenders. He advised housing LGBTI offenders in one facility, unit or wing would violate policy and the PREA standards. Interviews with LGBTI offenders indicated three of the four felt that they were not placed in any specific housing unit, facility or wing based on their sexual preference and/or gender identity. A review of housing assignments for offenders who identified as LGBTI confirmed they were housed across different housing units within the facility.

Based on a review of the PAQ, D1-8.13, IS5-2.3, IS18-1.1, IS5.3.1, Transgender Offender Protocol, Transgender Committee Review, High Risk Victim and High Risk Abuser Assignments, Transgender/Intersex Offender Biannual Reviews, LGBTI Offender Housing Documents, Housing Memo, observations from the tour, and information from interviews with the PC, PCM, staff responsible for the risk screenings and LGBTI offenders, this standard appears to be compliant.

	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Housing Assignments for High Risk Offenders Documents: 1. Interview with the Warden 2. Interview with the Staff Who Supervisor Offenders in Segregated Housing Site Review Observations: 1. Observation of the Segregated Housing Unit Findings (By Provision):
	115.43 (a): The PAQ indicated the agency has a policy that prohibits placing offenders at high risk of sexual victimization in involuntary segregated housing unless an assessment has been made, and there has been a determination that there is no available alternative means of separation from likely abusers. D1-8.13, page 15 states following an allegation of offender sexual abuse or if an offender is assessed as being at high risk of victimization, the shift supervisor shall ensure the offender is housed in the least restrictive housing available to ensure safety. The assessment for least restrictive housing shall occur within 24 hours of the allegation or the offender being identified as at risk. The PAQ indicated there have been zero instances where offenders have been placed in involuntary segregated housing due to their risk of sexual victimization. The interview with the Warden confirmed that the agency has a policy that prohibits placing offenders at high risk of victimization in segregated housing unless there are no other available alternative means of separation of likely abusers. A review of documentation for high risk offenders (Sigma) indicated numerous were housed in segregated housing, however they were housed there due to discipline and/or they requested protective custody. None were segregated due to risk of victimization.

115.43 (b): D1-8.13, page 15 states if the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. During the tour the auditor observed the segregated housing unit. The housing unit had a separate recreation area. Offenders in segregated housing have out of cell time via recreation (three times a week) and showers (three times a week). Phone access is requested through the case manager. Offenders have access to their tablets in segregated housing. Grievances and mail are provided to case managers and/or evening shift staff during their daily rounds. The interview with the staff who supervise offenders in segregated housing confirmed that offenders placed in involuntary segregated housing due to risk of victimization would have equal access to program, privileges, education and work opportunities to the extent possible. He stated they would document any restrictions on the chronological, however they do not restrict any access. There were zero offenders at high risk of victimization in segregated housing due to their risk of victimization and as such no interviews were conducted.

115.43 (c): D1-8.13, page 15 states assignment to involuntary segregation housing shall not ordinarily exceed a period of 30 days. The PAQ indicated there have been zero instances where offenders have been placed in involuntary segregated housing due to their risk of sexual victimization. The Warden confirmed that the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. She stated timeframe would depend on how long it took to transfer an offender. She advised they do try to accommodate alternative housing at the facility though first. The interview with the staff who supervise offenders in segregated housing advised the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. He stated they typically move the other individual so the high risk victim can be on the yard. He further stated they can find alternative housing usually within in a week.

115.43 (d): D1-8.13, page 15 states if the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed

	in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. The PAQ indicated there have been zero instances where offenders have been placed in involuntary segregated housing due to their risk of sexual victimization and as such no files had documentation related to this provision. A review of documentation for high risk offenders (Sigma) indicated numerous were housed in segregated housing, however they were housed there due to discipline and/or they requested protective custody. None were segregated due to risk of victimization. 115.43 (e): The PAQ indicated if an involuntary segregated housing assignment is made, the facility affords each such offender a review every 30 days to determine whether there is a continuing need for separation from the general population. D1-8.13, page 15 states every 30 days, the offender shall be afforded a review to determine whether there is a continuing need for separation from the general population in accordance with institutional services procedures regarding segregation units and protective custody. The interview with the staff who supervise offenders in segregated housing confirmed that they would be reviewed at least every 30 days. Based on a review of the PAQ, D1-8.13, housing assignments for high risk offenders, observations from the facility tour as well as information from interviews with the Warden and staff who supervise offenders in segregated housing, this standard appears to be compliant.

2. Interviews with Random Offenders
3. Interview with the PREA Compliance Manager

Site Review Observations:

1. Observation of Posted PREA Information

Findings (By Provision):

115.51 (a): The PAQ stated that the agency has established procedures for allowing multiple internal ways for offenders to report privately to agency officials; sexual abuse or sexual harassment; retaliation by other offenders or staff for reporting sexual abuse or sexual harassment; and staff neglect or violation of responsibilities that may have contributed to such incidents. D1-8.13, pages 11-12 state each facility shall provide multiple ways for offenders to make anonymous reports of allegations of offender sexual abuse and harassment, retaliation, staff member neglect, and violation of responsibilities that may have contributed to an incident of offender sexual abuse, to include but not limited to: informal resolution request (IRR), grievance process, or offender complaint, a staff member, PREA hotline, and advocacy agency. Offenders may make anonymous reports of allegations of offender sexual abuse to the Department of Public Safety, Crimes Victims Services Unit. All offender mail addressed to the Crimes Victims Services Unit shall be treated as confidential mail and not subject to examination. Facilities shall maintain strict policies prohibiting mailroom staff from revealing to staff members or administrators the fact that an offender sent correspondence to the sexual abuse reporting entity. A review of the Rulebook noted that it outlines reporting methods, including verbally or

in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Brochure noted that it includes information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Posters indicated they included information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the DPS Poster noted that it included information on reporting mechanism, including to staff, through the PREA hotline, and anonymously to DPS. The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy Services Poster in English and Spanish to the tablet. The auditor tested the internal reporting mechanism during the tour. The auditor tested the internal reporting mechanism during the tour. The auditor called the PREA hotline with assistance from an offender on June 10, 2026 from a phone in an offender housing unit. The offender dialed "1" for a collect call, then was prompted to enter his pin number and then entered the hotline number. The auditor left a message on the PREA hotline voicemail. The auditor was provided confirmation on June 11, 2026 that the call was received and processed by the PC. Interviews with 30 offenders confirmed that all 30 were aware of at least one method to report sexual abuse and sexual harassment. Offenders advised they would report through the hotline, via their tablet, or to staff. Interviews with thirteen staff confirmed that offenders can report to staff, in writing, through a third party or via the hotline.

115.51 (b): The PAQ stated that the agency provides at least one way for offenders to report abuse or harassment to a public entity or office that is not part of the agency. The PAQ indicated that offenders are not detained solely for civil immigration purpose. D1-8.13, page 12 states offenders may make anonymous reports of allegations of offender sexual abuse to the Department of Public Safety, Crimes Victims Services Unit. All offender mail addressed to the Crimes Victims Services Unit shall be treated as confidential mail and not subject to examination. Facilities shall maintain strict policies prohibiting mailroom staff from revealing to staff members or administrators the fact that an offender sent correspondence to the sexual abuse reporting entity. The MOU with the Department of Public Safety notes that DPS shall

receive written correspondence of allegations of offender sexual abuse and harassment and that all written correspondence shall be documented in the SharePoint application. DPS staff will send alerts to agency staff notifying of the correspondence and recorded information in SharePoint. A review of the Manual noted that it outlines reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Brochure noted that it includes information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Posters indicated they included information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the DPS Poster noted that it included information on reporting mechanism, including to staff, through the PREA hotline, and anonymously to DPS. The DPS Poster states offenders can report anonymously by writing to DPS and that offenders do not have to include their name or number on the envelope and the envelope does not need to be sealed. The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy Services Poster in English and Spanish to the tablet. During the tour the auditor observed the mail process. A locked box is located at the entrance to each housing unit where offenders can place mail. The mailroom staff indicated that incoming regular mail from family and friends is electronic and comes in through the tablet system. Staff review all incoming electronic regular mail prior to it being released to the offender tablet. Incoming legal mail is verified and then given to the grievance officer. The grievance officer will call the offender up and have the offender open the mail in front of her. Outgoing electronic regular mail goes through the tablet system. Staff review outgoing mail prior to it being released to the recipient. Outgoing regular physical mail is provided to the mailroom unsealed. All outgoing regular mail is opened and reviewed by staff. Legal mail is provided to the mailroom sealed. Mailroom staff do not open legal mail. The mailroom staff advised that mail to DPS and the rape crisis centers is treated like legal mail. The auditor also tested the external reporting mechanism via a letter to DPS. The auditor sent a letter to DPS at a prior MO DOC facility. This process is the same and as such an additional letter was not sent from the facility. The auditor obtained an envelope and sent a letter to DPS. The auditor observed the mailing address on the numerous PREA Posters. Residents can remain anonymous as the letter does not require a return

address. Additionally, it does not require postage. The DPS is utilized for numerous services and as such they are not just an organization to report sexual abuse. The auditor received confirmation within two weeks that the letter was received by the Department of Public Safety. The DPS staff advised she would scan the letter and send it to the MO DOC PREA office. She further confirmed that offenders can remain anonymous when reporting. The interview with the PCM indicated that offenders can report externally by writing to DPS. He stated that DPS will contact the agency with the information and they will initiate an investigation based on the information. Interviews with 30 offenders indicated fourteen were aware that they could report to DPS as an outside reporting mechanism and fourteen stated they knew they could report anonymously. It should be noted that while offenders were not aware of DPS, the information was clearly displayed on physical postings as well as was available on the tablet. Additionally, after the on-site portion of the audit the facility conducted training with staff on the requirement to verbally read the PREA Script, which outlines the zero tolerance policy, reporting mechanisms (internal - verbal and in writing, external -DPS, anonymously and through a third party), facility response after an allegation and information on CASA (victim advocacy services). The training also outlined that staff would provide the PREA Brochure and the Local Advocacy Services Poster (CASA Flyer). Confirmation of the training was provided via signature.

115.51 (c): The PAQ indicated that the agency has a policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously and from third parties. The PAQ also indicated that staff document verbal reports. D1-8.13, page 12 states all allegations including anonymous, third party, verbal, or allegations made in writing shall be accepted and moved forward in accordance with the offender sexual abuse coordinated response outlined in this procedure. Page 14 further states all allegations of offender sexual abuse and/or harassment, including third party and anonymous reports, shall immediately be forwarded to the shift supervisor to initiate the coordinated response utilizing the applicable PREA allegation notification penetration/non-penetration event checklist. The Employee Handbook, page 21 advises that when an employee has reason to believe that an offender has been abused, they must immediately report all pertinent details in writing to their supervisor or chief administrative officer. During the tour, the auditor asked staff to demonstrate how they would document a verbal report of sexual abuse. Staff indicated all verbal reports would be documented in an Interoffice Communication (IOC). The IOC would be completed on the computer and printed out. The IOC would then be submitted to the Shift Commander. Interviews with 30 offenders confirmed all 30 knew they could report allegations of sexual abuse verbally or in writing to staff and nineteen knew they could report via a third party. Interviews with thirteen random staff noted eight were aware that offenders can report verbally, in writing, anonymously and through a third party. The staff stated that they would document verbal reports in an IOC. A review of ten allegations indicated two were reported verbally to a facility staff member. Both were documented via an IOC. After the on-site portion of the audit the facility conducted training via a training email and during shift briefings related to the methods

	offenders can report sexual abuse and sexual harassment. The training outlined all methods, including anonymously to DPS and through a third party. Confirmation of the training was provided. 115.51 (d): The PAQ indicated that the agency has established procedures for staff to privately report sexual abuse and sexual harassment of offenders. A review of C.L.E.A.R Line Poster notes that staff are advised there is a zero tolerance and they can report through the chain of command, by contacting the Civil Rights Officer, and by calling the C.L.E.A.R. line to make a confidential report to the Office of Professional Standards (phone and email provided). The Employee Handbook, page 6 also states that staff can make a confidential report by calling the reporting hotline. Interviews with thirteen staff indicated ten knew they could privately report sexual abuse and sexual harassment of offenders. Based on a review of the PAQ, D1-8.13, D1-8.9, Statute of Missouri 217.410, Offender Rulebook, PREA Brochure, PREA Posters, DPS Poster, Employee Handbook, C.L.E.A.R. Line Poster, Memorandum of Understanding with Department of Public Safety Crime Victims Unit, Interoffice Communication/PREA Checklist, Staff Training, observations during the tour, and information from interviews with the PC, random residents and random staff, this standard appears to be compliant.

Interviews:

1. Interviews with Offenders who Reported Sexual Abuse

Findings (By Provision):

115.52 (a): The PAQ indicated that the agency is not exempt from this standard.

115.52 (b): The PAQ indicated that agency policy or procedure allows an offender to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred. Additionally, it indicated that the policy does not require an offender to use the informal grievance process, or otherwise attempt to resolve with staff, an alleged incident of sexual abuse. D1-8.13, page 12 states the department shall not require an offender to use any informal grievance or complaint process, or to otherwise attempt to resolve with staff members, an alleged incident of sexual abuse. The department shall not impose a time limit for an offender submitting a grievance or complaint regarding an allegation of sexual abuse. The department may apply otherwise applicable time limits to any portion of a grievance or complaint that does not allege an incident of sexual abuse in accordance with the department procedure regarding offender grievance, institutional investigations, and office of professional standards. D5-3.2, page 17 states the department shall not impose a time limit on when an offender may submit a complaint regarding an allegation of offender sexual abuse. The department shall not require an offender to use the informal grievance process or to otherwise attempt to resolve with staff members, an alleged incident of offender sexual abuse. Offenders are advised of the grievance process at orientation and have access to the grievance policy through the library.

115.52 (c): The PAQ indicated that agency policy and procedure allow an offender to submit a grievance alleging sexual abuse without submitting it to the staff member who is subject of the complaint. Additionally, the PAQ indicated that policy and procedure require that an offender grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint. D1-8.13, pages 12-13 state the department shall ensure that an offender who alleges sexual abuse may submit a complaint to a staff member who is not the subject of the complaint and the grievance or complaint is not referred to a staff member who is the subject of the complaint. Staff members are to address grievances or complaints for allegations of sexual abuse and harassment in accordance with the department procedure regarding offender grievance, institutional investigations, and office of professional standards. D5-3.2, pages 17-18 state an offender who alleges offender sexual abuse may submit an offender grievance, or offender grievance appeal without submitting it

to a staff member who is subject to the complaint. A complaint of sexual abuse against a staff member shall not be referred to the staff member for response, nor shall that staff member be the respondent of the complaint. Offenders are advised of the grievance process at orientation and have access to the grievance policy through the library.

115.52 (d): The PAQ indicated that agency policy and procedure require that a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. The PAQ indicated that there were five grievances of sexual abuse in the previous twelve months and none had response within 90 days. D5-3.2, page 18 states offender grievances alleging sexual abuse shall be processed as follows, the complaint shall be reviewed by the CAO or the PREA site coordinator for determination on if the complaint shall be treated as a PREA grievance or PREA emergency grievance. If determined to be a non-emergency the CAO or designee shall respond within 30 calendar days of receipt. An extension of time to respond, of up to 70 calendar days, may be claimed if the normal time period for response is insufficient to make an appropriate decision. The interview with the offender who reported sexual abuse indicated he did not report an allegation via a grievance. A review of the grievances and log noted there were zero grievances of sexual abuse. There was one sexual harassment grievance and one grievance related to a sexual abuse allegation that was already reported. The auditor reviewed the grievances reported as sexual abuse and noted they were staff conduct as it relates to official duties. All grievances included a response to the offender within 90 days.

115.52 (e): The PAQ indicated that agency policy and procedure permit third parties, including fellow offenders, staff members, family members, attorneys, and outside advocates, to assist offenders in filing grievances for administrative remedies related to allegations of sexual abuse and to file such request on behalf of offenders. It also states that agency policy and procedure require that if the offender declines to have third-party assistance in filing a grievance of sexual abuse, the agency documents the offender's decision to decline. The PAQ indicated there were zero grievances filed by offenders in the previous twelve months in which the offender declined third-party assistance. D5-3.2, page 18 states third parties, including fellow offenders, staff members, family members, attorneys, and outside advocates, shall be permitted to assist offenders in filing requests for grievances or appeals relating to allegations of offender sexual abuse. This assistance cannot interfere with the safety and security of the institution. Page 19 states if the offender declines to have the request processed on his behalf, the CCM shall document the offender's decision, and the complaint shall be considered withdrawn for grievance purposes. A review of the grievance and log noted that there were zero grievances of sexual abuse reported by a third party.

115.52 (f): The PAQ indicated that the agency has a policy and established

	procedures for filing an emergency grievance alleging that an offender is subject to substantial risk of imminent sexual abuse. It also indicated that an initial response is required within 48 hours and a final agency decision be issued within five days. The PAQ stated there were zero grievances alleging imminent risk of sexual abuse over the previous twelve months. D5-3.2, page 1 states when a staff member receives the completed grievance form from the offender, the staff member shall record receipt of the form in accordance with this procedure and it shall be taken to the CAO, PREA site coordinator or designee immediately for possible investigation or inquiry. If the CAO or the PREA site coordinator determines that the complaint meets the definition of a PREA emergency grievance, the grievance shall be addressed as follows, the CAO or designee shall prepare an initial response which shall be attached to the grievance and provided to the offender within 48 hours of receipt of the initial filing date. The offender shall sign and date the response. A final response from the CAO or designee shall be provided to the offender within 5 calendar days from the initial filing date. The offender shall sign and date the form. A review of the grievances and log noted that there were zero grievances of imminent risk of sexual abuse. 115.52 (g): The PAQ indicated that the agency has a written policy that limits its ability to discipline an offender for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the offender filed the grievance in bad faith. The PAQ noted there were zero offender grievances alleging sexual abuse that resulted in disciplinary action by the agency against the offender for having filed the grievance in bad faith. Based on a review of the PAQ, D1-8.13, D5-3.2, Informal Resolution Request Form, Offender Grievance Form, Offender Grievance Appeal Form, grievance log, and information from interviews with offenders who reported sexual abuse, this standard appears to be compliant.

6. Consent for Facility Advocacy Services Form
7. Memorandum of Understanding with Citizen's Against Spouse Abuse, Inc. (CASA)

Interviews:

1. Interviews with Random Offenders
2. Interviews with Offenders who Reported Sexual Abuse

Site Review Observations:

1. Observations of Victim Advocacy Information

Findings (By Provision):

115.53 (a): The PAQ indicated the facility provides offenders with access to outside victim advocates for emotional support services related to sexual abuse by; giving offenders mailing addresses and phone numbers for local, state or national victim advocacy or rape crisis organizations; and enabling reasonable communication between offenders and these organizations in as confidential a manner as possible. D1-8.13, page 21 states facilities shall make available to offenders mailing addresses, telephone numbers, including toll-free hotline numbers, where available, of local, state, or national victim advocacy or rape crisis organizations. The PAQ indicated that the agency does not detain offenders solely for immigration purposes and as such this part of the provision does not apply. A review of the PREA Advocacy Poster notes that it includes contact information (phone number and mailing address) for JDI and RAINN. A review of the DPS Poster notes that it includes the phone number and mailing address to JDI and the mailing address for RAINN. The DPS Poster advises that letters to JDI and RAINN will be confidential and not subject to examination by staff. Further, the DPS Posters states that phone calls may be monitored. A review of the Local Advocacy Services Poster noted it provided the mailing address and phone number to CASA. The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of plans to harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The

PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy Services Poster in English and Spanish to the tablet. The facility provides access to emotional support services through CASA, JDI and RAINN. The phone numbers and mailing addresses to CASA, JDI and RAINN are provided via the PREA Advocacy Poster and Local Advocacy Services Poster. Offenders can send correspondence via legal mail. Offenders can call the hotline numbers, but they are required to pay for these calls. Offenders are advised the calls are monitored. The auditor was unable to test the hotline due to the cost to the offenders. The auditor did review the mail process to confirm access via written correspondence. Interviews with 30 offenders, including those who reported sexual abuse, indicated that fifteen were provided a mailing address and telephone number to the organization.

115.53 (b): The PAQ stated that the facility informs offenders, prior to giving them access to outside support services, the extent to which such communication will be monitored. It also states that the facility informs offenders about mandatory reporting rules governing privacy, confidentiality and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates. D1-8.13, pages 20-21 state offenders shall be allowed to communicate with an advocate by mail or special visit in a confidential manner as possible to maintain safety and security of the institution. Before being given access to a victim advocate, the offenders shall be informed of the extent to which communications shall be monitored and the extent to which reports of abuse shall be forwarded to authorities in accordance with mandatory reporting laws. Outside victim advocates shall be allowed to arrange special visits with the offender victim in the facilities on non-visitation days. All visits shall be arranged through the PREA site coordinator or designee. A review of the PREA Advocacy Poster notes that it includes contact information (phone number and mailing address) for JDI and RAINN. The PREA Advocacy Poster advised that mail to JDI and RAINN is confidential. A review of the DPS Poster notes that it includes the phone number and mailing address to JDI and the mailing address for RAINN. The DPS Poster advises that letters to JDI and RAINN will be confidential and not subject to examination by staff. Further, the DPS Posters states that phone calls may be monitored. A review of the Local Advocacy Services Poster noted it provided the mailing address and phone number to CASA. It did not include any information on how to contact and level of confidentiality. After the on-site portion of the audit the facility updated the Local Advocacy Services Poster to outline that offenders can contact CASA through phone or mail and that confidentiality is maintained except under specific listed circumstances. The updated Poster was uploaded to the offender tablet system (in

English and Spanish). The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of plans to harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The auditor observed PREA information posted throughout the facility via the PREA Posters, TIPS Poster, Department of Public Safety (DPS) Poster, PREA Advocacy Poster and Local Advocacy Services Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The TIPS Poster was observed in English on letter size paper. The PREA Advocacy Poster was in English and Spanish on letter size paper. The Local Advocacy Services Poster was in English on letter size paper. The posted information was observed at the entrance to each housing unit on the bulletin boards. The DPS Poster was also displayed near the phones. Posted information was also located in numerous work, program and common areas. PREA information was also observed on the offender tablet system. The PREA Brochure (English), DPS Poster (English and Spanish), TIPS Poster (English), PREA Advocacy Poster (English), PREA Posters (English) and Rulebook (English) were observed on the tablet system. After the on-site portion of the audit the facility uploaded the Local Advocacy Services Poster in English and Spanish to the tablet. During the tour the auditor observed the mail process. A locked box is located at the entrance to each housing unit where offenders can place mail. The mailroom staff indicated that incoming regular mail from family and friends is electronic and comes in through the tablet system. Staff review all incoming electronic regular mail prior to it being released to the offender tablet. Incoming legal mail is verified and then given to the grievance officer. The grievance officer will call the offender up and have the offender open the mail in front of her. Outgoing electronic regular mail goes through the tablet system. Staff review outgoing mail prior to it being released to the recipient. Outgoing regular physical mail is provided to the mailroom unsealed. All outgoing regular mail is opened and reviewed by staff. Legal mail is provided to the mailroom sealed. Mailroom staff do not open legal mail. The mailroom staff advised that mail to DPS and the rape crisis centers is treated like legal mail. Interviews with 30 offenders, including those who reported sexual abuse, indicated that fifteen were provided a mailing address and telephone number to the organization.

115.53 (c): The PAQ indicated that the agency or facility maintains MOUs or other agreements with community service providers that are able to provide offenders with emotional services related to sexual abuse and the agency/facility maintains copies of those agreements. D1-8.13, page 21 states each facility shall attempt to enter into a memorandum of understanding (MOU) with a rape crisis center to provide advocacy services in accordance with the department's procedure regarding professional and general services contracts. The MOU with CASA notes that they agree to respond to calls from offenders at the facility on the rape crisis center hotline. It also states that they will provide follow-up services and crisis intervention through calls, mail, in-person or telehealth/video call. The MOU was executed on January 29, 2026.

	Based on a review of the PAQ, D1-8.13, PREA Advocacy Poster, DPS Poster, MOU with CASA, Consent for Facility Advocacy Services Form, observations from the facility and interviews with random offenders and offenders who reported sexual abuse, this standard appears to be compliant. Recommendation The auditor highly recommends the facility update documents to specifically indicate how mail is treated to CASA and if calls are monitored/recorded.

115.54	Third-party reporting
	Auditor Overall Determination: Meets Standard
	Auditor Discussion Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Third Party Reporting Poster 4. Photos of PREA Third Party Reporting Poster Findings (By Provision): 115.54 (a): The PAQ indicated that the agency or facility provides a method to receive third-party reports of sexual abuse and sexual harassment and publicly distributes that information on how to report sexual abuse and sexual harassment on behalf of an offender. The PAQ indicated the method is through the agency website. D1-8.13, page 12 states all allegations including anonymous, third party, verbal, or allegations made in writing shall be accepted and moved forward in accordance with the offender sexual abuse coordinated response outlined in this procedure. Page 14 further states all allegations of offender sexual abuse and/or harassment, including third party and anonymous reports, shall immediately be forwarded to the shift supervisor to initiate the coordinated response utilizing the applicable PREA allegation notification penetration/non-penetration event checklist. A review of the agency's website confirms that it includes information on reporting and outlines that friends and family may report offender sexual abuse and harassment by calling (573-526-9003), by

	writing the PREA Unit (address included) or by emailing (DOC.PREA@doc.mo.gov). A review of the PREA Third Party Reporting Poster notes that it that friends, family, or anyone outside of the facility may report sexual abuse or harassment for an offender. It advises to contact the PREA Unit by calling, writing or emailing (contact information provided). Third party reporting information was observed in visitation via the PREA Third Party Reporting Poster. The PREA Third Party Reporting Poster was in English on letter size paper. After the on-site portion of the audit the facility displayed the PREA Third Party Reporting Poster at the front entrance. Photos were provided as confirmation. The auditor tested the third party reporting mechanism. The auditor sent an email to the email address found on the agency website. The auditor received confirmation from the PREA Coordinator on the same date that the email was received directly by him and that the information would be forwarded to the facility PREA Compliance Manager to initiate the coordinated response and submit a Report for Investigation (RFI). Based on a review of the PAQ, D1-8.13, PREA Third Party Reporting Poster, Photos of PREA Third Party Reporting Poser, the agency website, and the functional test, this standard appears to be compliant.

Interviews:

1. Interviews with Random Staff
2. Interviews with Medical and Mental Health Staff
3. Interview with the Warden
4. Interview with the PREA Coordinator

Findings (By Provision):

115.61 (a): The PAQ stated that the agency required all staff to report immediately and according to agency policy; any knowledge, suspicion or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency; any retaliation against offenders or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. D1-8.13, page 6 states failure to report offender sexual abuse is a Class A misdemeanor in accordance with Missouri state statute. All staff members, shall immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility and any knowledge of retaliation against offenders or staff members who reported such an incident and any staff member neglect or violation of responsibilities that may have contributed to an incident or retaliation in accordance with this procedure. D2-11.10, page 6 states staff members having knowledge of any instances of offender or resident abuse or sexual contact with an offender or resident shall immediately report such to the office of professional standards in accordance with the department procedures regarding offender physical abuse and offender sexual abuse and harassment. Interviews with thirteen random staff confirmed that they are required to report any knowledge, suspicion or information regarding an incident of sexual abuse and/or sexual harassment and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

115.61 (b): The PAQ indicated that apart from reporting to designated supervisors or officials and designated state or local service agencies, agency policy prohibits staff from revealing any information related to a sexual abuse report to anyone other than the extent necessary to make treatment, investigation and other security and management decision. D1-8.13, page 6 states staff members are prohibited from revealing any information related to an allegation of offender sexual abuse or harassment other than to the extent necessary to make treatment, investigation, and other security and management decisions. D1-8.1, page 4 states after a request for investigation has been submitted, all staff members having knowledge of the matters under investigation are prohibited from disclosing any details about the matters except during interviews that occur as part of an investigation or inquiry. Interviews

with thirteen random staff confirmed that they are required to report any knowledge, suspicion or information regarding an incident of sexual abuse and/or sexual harassment and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Staff stated that they would immediately report the information to the supervisor/shift commander.

115.61 (c): D1-8.13, page 6 states medical and mental health staff members shall inform offenders at the initiation of services of the practitioner's duty to report in accordance with statutes. Page 12 further states all health services staff members shall be required to report sexual abuse and to inform the offender of the practitioner's duty to report prior to the initiation of services. A review of the PREA Healthcare Duty to Report form notes that offenders sign a form that outlines that staff are required to report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment, retaliation against offenders or staff who report such incident and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation in a correctional setting. It further outlines that patient and practitioner confidentiality does not apply to these scenarios as well as any mandatory reporting (under eighteen or vulnerable adults). Interviews with medical and mental health care staff confirmed that at the initiation of services with an offender they disclose their limitation of confidentiality and their duty to report. Both stated they are required to report any allegation, incident or information related to sexual abuse that occurred within an institutional setting. Both staff indicated they had become aware of such information and reported the information immediately to security. A review of ten allegations indicated none were reported to medical or mental health care staff.

115.61 (d): The PC stated they have mandatory reporting laws, and they would investigate and report as necessary. The interview with the Warden indicated any incident reported by a vulnerable adult would be handled like any other incident. They would be separated and it would be investigated. It should be noted all mandatory reporting would be handled through the PREA Unit.

115.61 (e): D1-8.13, page 6 states failure to report offender sexual abuse is a Class A misdemeanor in accordance with Missouri state statute. All staff members, shall immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility and any knowledge of retaliation against offenders or staff members who reported such an incident and any staff member neglect or violation of responsibilities that may have contributed to an incident or retaliation in accordance with this procedure. D2-11.10, page 6 states staff members having knowledge of any instances of offender or resident abuse or sexual contact with an offender or resident shall immediately report such to the office of professional standards in accordance with the department procedures regarding offender physical abuse and offender sexual abuse and harassment. The interview

	with the Warden confirmed that all allegations of sexual abuse and sexual harassment are reported to agency investigators. A review of ten allegations indicated two were reported verbally to staff, four were reported via a third party, one was reported in writing, one was observed by a staff member and two were discovered during intelligence activities. All allegations were forwarded to the PREA Unit for investigation. Based on a review of the PAQ, D1-8.13, D2-11.10, D1-8.1, Statue of Missouri 630.005, Statue of Missouri 630.163, Statue of Missouri 210.115, Investigative Reports and information from interviews with random staff, the PREA Coordinator and the Warden, this standard appears to be compliant. Recommendation The auditor recommends the agency train all administrative level facility staff on mandatory reporting laws.

115.62 Agency protection duties	
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Segregated Housing for Protective Custody Directive 4. Investigative Reports Interviews: 1. Interview with the Agency Head Designee 2. Interview with the Warden 3. Interviews with Random Staff

Findings (By Provision):

115.62 (a): The PAQ indicated that when the agency or facility learns that an offender is subject to substantial risk of imminent sexual abuse, it takes immediate action to protect the offender. D1-8.13, page 15 states when an offender is believed to be in substantial risk of victimization, the shift supervisor shall assess the offender to ensure housing in the least restrictive housing. The PAQ stated that there have been zero offenders who were subject to substantial risk of imminent sexual abuse within the previous twelve months. The Segregated Housing for Protective Custody Directive states alleged victims of offender sexual abuse or offenders viewed as being at risk of victimization, in the absence of an allegation of offender sexual abuse, should not typically be assigned to Administrative Segregation for Protective Custody for no longer than a 30-day period. If the offender is an alleged victim of offender sexual abuse and was assigned to administrative segregation for protective custody, the committee will, review the offender's placement in segregated housing every 30 days to determine whether there is a continuing need for separation from general population and document the following on the Classification Hearing Form: the basis for the facility's concern for the offender's safety, the reason no alternative means of separation can be arranged, and work and programming assignments that the victim was participating and is now unable to attend due to Administrative Segregation assignment. The Agency Head Designee stated that if an offender was at imminent risk of sexual abuse, they would separate the offender and get them to a safe place. He advised, if appropriate, they would change housing and/or work assignments, offer protective custody, etc. The Agency Head Designee noted staff are trained to use the least restrictive manner possible for separation. The Warden stated that if an offender was deemed at imminent risk of sexual abuse, they would be placed in segregated housing to review for protective custody. Interviews with thirteen random staff confirmed that they would take immediate action if an offender was deemed at imminent risk of sexual abuse. Most staff advised they would separate the individual and report to the supervisor. Three staff stated they would place the offender in segregation. A review of documentation indicated that there were zero offenders deemed at imminent risk of sexual abuse. One sexual harassment allegation involved the facility taking immediate action, including separating the offenders through a housing change and offering support services.

Based on a review of the PAQ, D1-8.13, Segregated Housing for Protective Custody Directive, investigative reports and interviews with the Agency Head Designee, Warden and random staff, this standard appears to be compliant.

Recommendation

The auditor recommends that facility review their procedure to ensure that offenders

	are not automatically placed in segregated housing when deemed at imminent risk.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Warden to Warden Notifications 4. Investigative Reports Interviews: 1. Interview with the Agency Head Designee 2. Interview with the Warden Findings (By Provision): 115.63 (a): The PAQ indicated that the agency has a policy that requires that upon receiving an allegation that an offender was sexually abused while confined at another facility, the head of the facility must notify the head of the facility or appropriate office of the agency or facility where sexual abuse is alleged to have occurred. The PAQ indicated that during the previous twelve months the facility had one offender report that they were sexually abused while confined at another facility. D1-8.13, pages 14-15 state upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Upon receiving an allegation that an offender was sexually abused while confined at a facility outside of the department, the CAO or designee or the appropriate office shall ensure the outside facility is notified of the allegation within 72 hours. The CAO or designee shall maintain documentation of the allegation received and when the outside facility was notified with the allegation. A review of documentation confirmed there was one allegation reported to have occurred at another facility. It included a written notification to the facility where the incident occurred within 72 hours.

115.63 (b): The PAQ indicated that agency policy requires that the facility head provide such notifications as soon as possible, but not later than 72 ours after receiving the allegation. D1-8.13, pages 14-15 state upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Upon receiving an allegation that an offender was sexually abused while confined at a facility outside of the department, the CAO or designee or the appropriate office shall ensure the outside facility is notified of the allegation within 72 hours. The CAO or designee shall maintain documentation of the allegation received and when the outside facility was notified with the allegation. A review of documentation confirmed there was one allegation reported to have occurred at another facility. It included a written notification to the facility where the incident occurred within 72 hours.

115.63 (c): The PAQ indicated that the agency or facility documents that is has provided such notification within 72 hours of receiving the allegation. D1-8.13, pages 14-15 state upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Upon receiving an allegation that an offender was sexually abused while confined at a facility outside of the department, the CAO or designee or the appropriate office shall ensure the outside facility is notified of the allegation within 72 hours. The CAO or designee shall maintain documentation of the allegation received and when the outside facility was notified with the allegation. A review of documentation confirmed there was one allegation reported to have occurred at another facility. It included a written notification to the facility where the incident occurred within 72 hours.

115.63 (d): The PAQ indicated that the agency or facility requires that allegations received from other facilities/agencies are investigated in accordance with the PREA standards. The PAQ stated that there were zero allegations received from another Warden/Agency Head within the previous twelve months. D1-8.13, page 14 states upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Page 18 further states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. The Agency Head Designee stated that they have site PREA Compliance Managers, who would serve as the point of contact at each facility. He advised that if they received an allegation from another agency/facility they would follow the same investigative process, where they would complete the checklist, have the information entered into IRIS and have an investigator assigned. The Agency Head Designee noted he did not know any specific examples but know they have received these

	allegations in the past and they were investigated. The interview with the Warden confirmed that if they received an allegation from another agency/facility that an offender was abused while housed at the facility they would follow policy and procedure and investigate. She stated they have not received an allegation from another agency/facility during the previous twelve months. A review of ten allegations and the investigative log noted none of the incidents were reported from another agency/facility. Based on a review of the PAQ, D1-8.13, Warden to Warden Notification, Investigative Reports and interviews with the Agency Head Designee and Warden, this standard appears to be compliant.

115.64	Staff first responder duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Training Curriculum 4. Investigative Reports Interviews: 1. Interviews with First Responders 2. Interviews with Random Staff 3. Interviews with Offenders who Reported Sexual Abuse Findings (By Provision): 115.64 (a). The PAQ indicated that the agency has a first responder policy for allegations of sexual abuse. The PAQ states that upon learning of an allegation that an offender was sexually abused, the first security staff member to respond to the report shall; separate the alleged victim and abuser; preserve and protect any crime

scene until appropriate steps can be taken to collect any evidence, request that the alleged victim and ensure that the alleged perpetrator not take any action that could destroy physical evidence including washing, brushing teeth, changing clothes, urinating, defecating, smoking, eating or drinking. The PAQ indicated that during the previous twelve months there were nine allegations of sexual abuse and one involved the immediate separation of victim and abuser. The PAQ noted that none were reported in a timeframe that allowed for evidence collection. D1-8.13, page 14 states in the event of an allegation of a penetration act, the first responder shall take the following steps. Ensure the safety of the victim. Request the victim not to take any actions that may destroy physical evidence including washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, when applicable. To the extent possible, ensure the alleged perpetrator does not take any actions that could destroy physical evidence including washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. The shift supervisor shall make telephone notifications and respond as outlined in the facility's coordinated response to offender sexual abuse protocol. A review of the PREA Training Curriculum confirms that staff are provided training on the first responder duties outlined under this standard (pages 25-26). The interview with the security first responder indicated he would secure the area, not let the offender use the bathroom, shower, change clothes or anything else, take the victim to medical, and contact the investigator. The non-security first responder advised she would contact the Captain immediately. The interview with the offender who reported sexual abuse indicated it did not involve any immediate first responder duties. He noted it was reported by a third party. A review of ten allegations indicated none involved an immediate first responder duties.

115.64 (b): The PAQ stated that agency policy requires that if the first responder is not a security staff member, that responder shall be required to request the alleged victim not take any actions to destroy physical evidence, and then notify security staff. The PAQ indicated that during the previous twelve months there were seven allegations of sexual abuse that involved a non-security staff first responder. All seven were reported to security and two involved instructing/ensuring the victim/abuser not take action to destroy evidence. D1-8.13, page 14 states in the event of an allegation of a penetration act, the first responder shall take the following steps. Ensure the safety of the victim. Request the victim not to take any actions that may destroy physical evidence including washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, when applicable. To the extent possible, ensure the alleged perpetrator does not take any actions that could destroy physical evidence including washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. The shift supervisor shall make telephone notifications and respond as outlined in the facility's coordinated response to offender sexual abuse protocol. The interview with the security first responder indicated he would secure the area, not let the offender use the bathroom, shower, change clothes or anything else, take the victim to medical, and contact the investigator. The non-security first responder advised she would contact the Captain immediately.

	Interviews with thirteen random staff confirmed that they were aware of first responder duties. A review of ten allegations indicated none involved an immediate first responder duties. Based on a review of the PAQ, D1-8.13, PREA Training Curriculum, Investigative Reports and interviews with random staff, first responders and offenders who reported sexual abuse, this standard appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Coordinated Response for Tipton Correctional Center Interviews: 1. Interview with the Warden Findings (By Provision): 115.65 (a): The PAQ indicated that the facility shall develop a written institutional plan to coordinate actions taken to an incident of sexual abuse, among staff first responders, medical and mental health practitioners, investigators and facility leadership. D1-8.13, page 14 states the CAO or designee shall coordinate actions taken by first responders, medical, mental health, investigators, and administrators in response to all allegations of offender sexual abuse and harassment as outlined in the facility's coordinated response to offender sexual abuse protocol. A review of the Coordinator Response notes that it includes information for first responders, shift supervisor and facility leadership. It also outlines information related to outside law enforcement, community medical services, community mental health services, and victim advocacy services. The document outlines a response for incidents occurring within 72 hour and over 72 hours. It also provides contact information for interpretive services, victim advocacy and the local hospital. The interview with the Warden

	indicated the facility has a written plan to coordinate actions among first responders, medical, mental health, investigators and facility leadership. Based on a review of the PAQ, D1-8.13, Coordinated Response for Tipton Correctional Center, and the interview with the Warden, this standard appears to be compliant.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D2-11.6 Labor Organization 3. Agreement with Missouri Corrections Officers Association (MOCOA) Interviews: 1. Interview with the Agency Head Designee Findings (By Provision): 115.66 (a): The PAQ indicated that the agency, facility or any other governmental entity responsible for collective bargaining on the agency's behalf has entered not into or renewed a collective bargaining agreement or other agreement since the last PREA audit. D2-11.6, page 4 states per the Prison Rape Elimination Act, the department shall not enter into or renew any collective bargaining agreements or other agreements that limit the department's ability to remove alleged staff sexual abusers from contact with any offender or resident pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted. A review of the collective bargaining agreement confirmed that Article 2 allows for the agency to hire, reassign, transfer, promote and determine hours of work and shifts and assign overtime. It also states the agency has the right to suspend, demote, and dismiss in accordance with applicable statutes. The interview with the Agency Head Designee confirmed that the agency has a collective bargaining and the agreement does not prohibit the facility/agency's ability to

	remove staff or discipline staff, up to and including termination. 115.66 (b): The auditor is not required to audit this provision. Based on a review of the PAQ, D2-11.6, Agreement with Missouri Corrections Officers Association (MOCOA), and the interview with the Agency Head Designee, this standard appears to be compliant.

115.67	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Assessment-Retaliation Status Check Form 4. Retaliation Monitoring Guide 5. PREA Staff Protection Against Retaliation Flyer 6. Investigative Reports 7. Training Memorandum Interviews: 1. Interview with the Agency Head Designee 2. Interview with the Warden 3. Interview with Designated Staff Member Charged with Monitoring Retaliation 4. Interviews with Offenders who Reported Sexual Abuse Findings (By Provision):

115.67 (a): The PAQ and further communication with the PCM indicated that the agency has a policy to protection all offenders and staff who report sexual abuse and sexual harassment or who cooperate with sexual abuse or sexual harassment investigations from retaliation by other offenders or staff. D1-8.13, page 13 states the PREA site coordinator shall ensure victims, individuals who report sexual abuse, and those that cooperate with offender sexual abuse investigations are monitored and protected from retaliation. The PAQ indicated that the agency designates staff to monitor for retaliation.

115.67 (b): D1-8.13, page 13 states following any reported incident of sexual abuse, monitoring for retaliation shall be conducted. The alleged victim and offender and staff reporters of offender sexual abuse shall be monitored for a minimum of 90 days to assess any potential risk or act of retaliation (First Responders shall not be considered a reporter for the purpose of retaliation monitoring in this policy). Monitoring shall include face-to-face status checks with offender victims and reporters. The assessment-retaliation status checklist form shall be used during each of the assessment interviews. If the victim expresses fear of retaliation, monitoring shall continue for an additional 90 day period or until the victim or reporter is no longer in fear of retaliation or if the investigation is unfounded. The PREA Site Coordinator shall ensure any offender or staff member who cooperates with a sexual abuse investigation and expresses a fear of retaliation, shall be assessed for and protected from retaliation. The Agency Head Designee stated that facilities conduct monitoring for retaliation through a 30, 60 and 90 day process. He confirmed they can take protective measures to prevent retaliation including, housing changes, facility transfers, removal of staff from contact with offender and emotional support services. The Agency Head Designee advised that if retaliation is suspected, it would be reported and investigated. He noted that they would also take action to protect the individual and ensure their safety. The interview with the Warden indicated that the take protective actions through communication and following through on the monitoring. She confirmed they take protective measures such as housing unit changes, facility transfers, removal of staff from contact and emotional support services. The staff responsible for monitoring noted that she conducts completed the 30, 60 and 90 day monitoring. She advised she reviews discipline, job changes, program changes, housing changes, segregation placement and protective custody placement. She confirmed they can take protective measures including housing changes, facility transfers, removal of staff from contact with the offender and emotional support services. The interview with the offender who reported sexual abuse indicated he felt safe at the facility but did not feel protected against retaliation. A review of documentation noted there was one report of retaliation. The facility investigated the report of retaliation and determined there was no evidence the information provided was retaliatory.

115.67 (c): The PAQ stated that the agency/facility monitors the conduct and treatment of offenders or staff who reported sexual abuse and of offenders who were

reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by offenders or staff. The PAQ indicated that monitoring is conducted for at least 90 days and that the agency/facility acts promptly to remedy any such retaliation. The PAQ further stated that the agency/facility will continue monitoring beyond 90 days if the initial monitoring indicates a continuing need. The PAQ indicated that there have been zero instances of retaliation in the previous twelve months. D1-8.13, page 13 states following any reported incident of sexual abuse, monitoring for retaliation shall be conducted. The alleged victim and offender and staff reporters of offender sexual abuse shall be monitored for a minimum of 90 days to assess any potential risk or act of retaliation (First Responders shall not be considered a reporter for the purpose of retaliation monitoring in this policy). Monitoring shall include face-to-face status checks with offender victims and reporters. The assessment-retaliation status checklist form shall be used during each of the assessment interviews. If the victim expresses fear of retaliation, monitoring shall continue for an additional 90 day period or until the victim or reporter is no longer in fear of retaliation or if the investigation is unfounded. The PREA Site Coordinator shall ensure any offender or staff member who cooperates with a sexual abuse investigation and expresses a fear of retaliation, shall be assessed for and protected from retaliation. A review of Assessment/Retaliation Status Checklist form confirms that it includes a section for monitoring staff and a section for monitoring offenders. The form includes checkboxes that outline the type of assessments, initial, 30 day, 60 day, 90 day or other. The individual sections notate the requirements to be reviewed for monitoring for staff and offenders (elements outlined under this provision) as well as a summary of the information obtained from the review. The Warden stated that if they suspected retaliation, they would initiate an investigation and keep the individuals separated. The staff responsible for monitoring indicated she monitors for 90 day and if retaliation is reported or suspected she continues for another 180 days. She advised she reviews discipline, job changes, program changes, housing changes, segregation placement and protective custody placement. A review of nine sexual abuse investigations indicated eight required monitoring for retaliation. Six of the eight had initial monitoring completed, however none had the full 90 day monitoring completed. Further, there was one staff member required to be monitored; however, the staff was not monitored for retaliation. After the on-site portion of the audit the facility provided a training memo that outlined the requirements for monitoring for retaliation, including the full 90 days, period in-person status checks and reviewing the elements under provision (c).

115.67 (d): D1-8.13, page 13 states monitoring shall include face-to-face status checks with offender victims and reporters. The staff responsible for monitoring retaliation stated she conducts periodic in-person status checks three times during the 90 days. A review of nine sexual abuse investigations indicated eight required monitoring for retaliation. Six of the eight included one in-person status check, one had two and one had three.

115.67 (e): D1-8.13, page 13 states following any reported incident of sexual abuse, monitoring for retaliation shall be conducted. The alleged victim and offender and staff reporters of offender sexual abuse shall be monitored for a minimum of 90 days to assess any potential risk or act of retaliation (First Responders shall not be considered a reporter for the purpose of retaliation monitoring in this policy). Monitoring shall include face-to-face status checks with offender victims and reporters. The assessment-retaliation status checklist form shall be used during each of the assessment interviews. If the victim expresses fear of retaliation, monitoring shall continue for an additional 90 day period or until the victim or reporter is no longer in fear of retaliation or if the investigation is unfounded. The PREA Site Coordinator shall ensure any offender or staff member who cooperates with a sexual abuse investigation and expresses a fear of retaliation, shall be assessed for and protected from retaliation. The Agency Head Designee stated that facilities conduct monitoring for retaliation through a 30, 60 and 90 day process. He confirmed they can take protective measures to prevent retaliation including, housing changes, facility transfers, removal of staff from contact with offender and emotional support services. The Agency Head Designee advised that if retaliation is suspected, it would be reported and investigated. He noted that they would also take action to protect the individual and ensure their safety. The Agency Head Designee and Warden confirmed that individuals who cooperate with an investigation or fear retaliation would be afforded the same protection as an offender or staff who reports sexual abuse.

115.67 (f): Auditor is not required to audit this provision.

Based on a review of the PAQ, D1-8.13, Assessment/Retaliation Status Check Form, Retaliation Monitoring Guide, PREA Staff Protection Against Retaliation Flyer, Training Memo, and interviews with the Agency Head Designee, Warden, and staff charged with monitoring for retaliation, this standard appears to require corrective action. A review of nine sexual abuse investigations indicated eight required monitoring for retaliation. Six of the eight had initial monitoring completed, however none had the full 90 day monitoring completed. Further, there was one staff member required to be monitored; however, the staff was not monitored for retaliation. A review of nine sexual abuse investigations indicated eight required monitoring for retaliation. Six of the eight included one in-person status check, one had two and one had three.

Corrective Action

The facility will need to provide the list of sexual abuse allegations during the corrective action period and associated monitoring for retaliation. The facility will need to provide examples of the full 90 day monitoring.

	Verification of Corrective Action Since the Interim Audit Report The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard. Additional Documents: 1. List of Sexual Abuse Allegations During the Corrective Action Period 2. Monitoring Documents The facility provided a list of allegations reported during the corrective action period (two). One allegation was sexual abuse and included monitoring for 60 days as the investigation was closed unfounded before the 90 days. The second allegation was unsubstantiated and included monitoring for the full 90 days. Both monitoring documents illustrated in-person status checks and required checks under provision (d). Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

115.68	Post-allegation protective custody
	Auditor Overall Determination: Meets Standard
	Auditor Discussion Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Segregated Housing for Protective Custody Directive 4. Victim Housing Documentation

Documents:

1. Interview with the Warden
2. Interview with the Staff Who Supervisor Offenders in Segregated Housing

Site Review Observations:

1. Observation of the Segregated Housing Unit

Findings (By Provision):

115.68 (a): The PAQ indicated the agency has a policy prohibiting the placement of offenders who allege to have suffered sexual abuse in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no alternative means of separation from likely abusers. The PAQ indicated that zero offenders who alleged sexual abuse were involuntarily segregated for zero to 24 hours or longer than 30 days. D1-8.13, page 15 states following an allegation of offender sexual abuse or if an offender is assessed as being at high risk of victimization, the shift supervisor shall ensure the offender is housed in the least restrictive housing available to ensure safety. The assessment for least restrictive housing shall occur within 24 hours of the allegation or the offender being identified as at risk. If the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. Assignment to involuntary segregation housing shall not ordinarily exceed a period of 30 days. If the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. Every 30 days, the offender shall be afforded a review to determine whether there is a continuing need for separation from the general population in accordance with institutional services procedures regarding segregation units and protective custody. The Segregated Housing for Protective Custody Directive states alleged victims of

offender sexual abuse or offenders viewed as being at risk of victimization, in the absence of an allegation of offender sexual abuse, should not typically be assigned to Administrative Segregation for Protective Custody for no longer than a 30-day period. If the offender is an alleged victim of offender sexual abuse and was assigned to administrative segregation for protective custody, the committee will, review the offender's placement in segregated housing every 30 days to determine whether there is a continuing need for separation from general population and document the following on the Classification Hearing Form: the basis for the facility's concern for the offender's safety, the reason no alternative means of separation can be arranged, and work and programming assignments that the victim was participating and is now unable to attend due to Administrative Segregation assignment. During the tour the auditor observed the segregated housing unit. The housing unit had a separate recreation area. Offenders in segregated housing have out of cell time via recreation (three times a week) and showers (three times a week). Phone access is requested through the case manager. Offenders have access to their tablets in segregated housing. Grievances and mail are provided to case managers and/or evening shift staff during their daily rounds. The interview with the Warden confirmed that the agency has a policy that prohibits placing offenders who report sexual abuse in segregated housing unless there are no other available alternative means of separation of likely abusers. The Warden further confirmed that the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. She stated timeframe would depend on how long it took to transfer an offender. She advised they do try to accommodate alternative housing at the facility though first. The Warden stated they have not had to involuntarily segregate a victim in the previous twelve months. The interview with the staff who supervise offenders in segregated housing confirmed that offenders placed in involuntary segregated housing after a report of sexual abuse would have equal access to program, privileges, education and work opportunities to the extent possible. He stated they would document any restrictions on the chronological, however they do not restrict any access. The interview with the staff who supervise offenders in segregated housing advised the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. He stated they typically move the other individual so the high risk victim can be on the yard. He further stated they can find alternative housing usually within in a week. He further confirmed that offenders in segregated housing would be reviewed at least every 30 days. A review of housing documentation for ten offender victims (sexual abuse and sexual harassment) noted eight remained in the same housing status as when the incident was reported, one was not at the facility when the incident was reported and one requested protective custody.

Based on a review of the PAQ, D1-8.13, Segregated Housing for Protective Custody Directive, Victim Housing Documentation, observations during the tour and information from interviews with the Warden and staff who supervise offenders in segregated housing, this standard appears to be compliant.

Interview with the PREA Coordinator 4. Interview with the PREA Compliance Manager 5. Interview with Offenders who Reported Sexual Abuse Findings (By Provision): 115.71 (a): The PAQ states that the agency/facility has a policy related to criminal and administrative agency investigations. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. Interviews with investigators indicated an investigation is initiated the same day the allegation is reported. The allegation is submitted and an investigator is assigned within two days. Investigators advised that allegations reported anonymously or through a third party would be investigated under the same investigative process. A review of nine closed investigations indicated eight were prompt and thorough and all nine were objective.

115.71 (b): D1-8.13, page 8 states investigators assigned to investigate offender sexual abuse allegations shall receive specialized PREA investigator training. The agency utilizes the NIC Conducting Sexual Abuse Investigations in a Confinement Setting training curriculum. In addition, the agency provides additional training to investigators via the PREA Investigations (Sexual Harassment) training, the Credibility Assessments Training Document and the Standard of Proof Training Document. A review of the NIC Conducting Sexual Abuse Investigations in a Confinement Setting training confirmed that it includes the following: techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings and the criteria and evidence required to substantiate an administrative investigation. A review of eight closed sexual abuse investigations (one closed was sexual harassment) noted they were completed by three investigators. Two of the three were documented with the specialized training.

115.71 (c): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. The agency investigator advised that his first step in the investigative process is to do background on the victim and alleged perpetrator. He stated he then offers mental health and advocacy and conducts interviews. The agency investigator indicated he would then review the crime scene and gather all evidence, including a review of video, email, phone calls, etc. He stated he would then interview any witnesses, put together the information and complete his report. Investigators indicated they would be responsible for gathering evidence such as, physical, DNA, photos, video, emails, calls, and a review of prior complaints. A review nine closed investigations indicated nine involved evidence collection/review and eight included necessary interviews and a review of prior complaints.

115.71 (d): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. The agency investigator confirmed he would consult with prosecutors prior to conducting any compelled interviews. A review of nine closed investigations noted none involved any compelled interviews.

115.71 (e): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. Interviews with the investigators confirmed that the agency does not require the offender victim to submit to a polygraph test or any other truth-telling device to continue with the investigation. The agency investigator stated that credibility is based on a credibility assessment, which includes discipline, prior complaints, etc. The interview with the offender who reported sexual abuse confirmed he was not required to take a polygraph or truth

telling device test.

115.71 (f): D1-8.13, page 18 states administrative investigations shall include an effort to determine whether staff member actions or failure to act contributed to the abuse. Interviews with investigative staff confirmed that administrative investigations are documented in a written report. The investigators stated the report includes everything done during the investigation, including interviews, background information, evidence, etc. The agency investigator stated that during the investigative process they determine if staff actions or failure to act contributed to the sexual abuse. He advised that is part of watching the video, interviewing people, and making sure staff did everything they were supposed to, including making rounds. A review of nine closed investigations confirmed all were documented in a written report that included the allegation, background information, interviews, description of evidence reviewed and investigative facts and findings.

115.71 (g): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. Interviews with investigative staff confirmed that criminal investigations are documented in a written report. The investigators stated the report includes everything done during the investigation, including interviews, background information, evidence, etc. There were zero criminal investigations completed and as such no reports were reviewed.

115.71 (h): The PAQ indicated that substantiated allegations of conduct that appear to be criminal will be referred for prosecution. The PAQ indicated that there were two allegations referred for prosecution since the last PREA audit. Page 5 further states in the event an outside law enforcement agency conducts a criminal investigation on a staff member or an offender, it shall be the responsibility of that agency to submit the case for prosecution. OPS may request a copy of the investigative report for departmental record keeping. Interviews with investigators indicated cases are referred for prosecution when they meet probable cause for Missouri statute. A review of documentation noted two investigations were referred for prosecution since the last audit. One involved prosecution (2024 investigation) and one was still active/ongoing.

115.71 (i): The PAQ stated that the agency retains all written reports pertaining to the administrative or criminal investigation of alleged sexual abuse or sexual harassment for as long as the alleged abuser is incarcerated or employed by the agency, plus five years. The OPS Retention Schedule outlines that documentation of investigations that pertain to sexual abuse shall be retained for 50 years. A review of a sample of historic investigations confirmed retention is being met.

115.71 (j): The agency investigator stated an investigation is continued regardless of whether the offender or staff member are no longer at the facility. He advised they try to track down everyone involved to complete the investigation.

115.71 (k): The auditor is not required to audit this provision.

115.71 (l): D1-8.13, page 18 states when outside agencies investigate sexual abuse, staff members shall cooperate with outside investigators and shall make an effort to remain informed about the progress of the investigation. The interview with the PC indicated that all investigations are done in house, with only a few exceptions. He advised even if an outside entity investigated, the agency would conduct their own investigation (administrative and/or criminal). The interview with the Warden and PCM further confirmed investigations are completed by agency staff.

Based on a review of the PAQ, D1-8.13, P4-4.5, D1-8.1, D1-8.4, Investigator Training Records, OPS Retention Schedule, Investigative Reports, and information from interviews with the PREA Coordinator, Warden, and investigative staff, this standard appears to require corrective action. A review of eight closed sexual abuse investigations (one closed was sexual harassment) noted they were completed by three investigators. Two of the three were documented with the specialized training.

Corrective Action

The facility will need to provide the one missing specialized investigator training record.

Verification of Corrective Action Since the Interim Audit Report

The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard.

Additional Documents:

	1. Clarification Documentation 2. Investigator Training Records The facility provided clarification documentation that outlined that the one missing training was for an investigator within the Employee Conduct Unit (ECU). The investigation did not start out as sexual abuse or sexual harassment; this was discovered during the investigation by ECU. The issue has been resolved as ECU is required to communicate with PREA investigators when an allegation they are investigating involves sexual abuse or sexual harassment. Further, the investigator for ECU is no longer employed with the agency. The facility provided an organizational chart that illustrated all current PREA investigators. Associated specialized training was provided for each PREA investigator. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

115.72	Evidentiary standard for administrative investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Standard of Proof Document 4. Investigative Reports Interviews: 1. Interviews with Investigative Staff

	Findings (By Provision): 115.72 (a): The PAQ indicated that the agency imposes a standard of a preponderance of the evidence or a lower standard of proof when determining whether allegations of sexual abuse or sexual harassment are substantiated. D1-8.13, page 18 states administrative investigations shall impose no standard higher than the preponderance of evidence in determining whether an allegation of offender sexual abuse or harassment is substantiated. The Standard of Proof Document outlines the different levels of proof for investigations, including reasonable suspicion, probable cause, preponderance of the evidence, clear and convincing and beyond a reasonable doubt. The document explains the burden of proof for sexual abuse and sexual harassment, which is no higher than a preponderance of the evidence. The document also outlines when to utilize the investigative outcomes based on standard of evidence. Interviews with investigators confirmed they do not utilize a standard higher than a preponderance of the evidence when determining whether an allegation is substantiated. A review of nine closed investigations confirmed investigators utilized a standard no higher than a preponderance of evidence. Based on a review of the PAQ, D1-8.13, Standard of Proof Document, Investigative Reports, and information from the interviews with the investigators, it appears this standard is compliant.

115.73	Reporting to inmates
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Alleged Sexual Abuse by Offender Notification Form 4. PREA Alleged Sexual Abuse by Staff Member Notification Form 5. PREA Allegations Subject Notification Form 6. Investigative Reports Interviews:

1. Interview with the Warden
2. Interviews with Investigative Staff
3. Interviews with Offenders who Reported Sexual Abuse

Findings (By Provision):

115.73 (a): The PAQ indicated that the agency has a policy requiring that any offender who makes an allegation that he or she suffered sexual abuse in an agency facility is informed, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated or unfounded following an investigation by the agency. The PAQ indicated there was one investigation completed within the previous twelve months and six offenders were notified verbally or in writing of the results of the investigation (victim and alleged abusers). D1-8.13, page 19 states upon the completion of an offender sexual abuse investigation, the department's PREA unit shall make written notification to the alleged victim regarding the outcome of the investigation utilizing the applicable PREA alleged sexual abuse by offender notification form or the PREA alleged sexual abuse by staff member notification form. A review of the PREA Alleged Sexual Abuse by Offender Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated). It also includes checkboxes that note whether the subject was indicated or convicted. The bottom of the form includes a line for the offender to sign. A review of the PREA Alleged Sexual Abuse by Staff Member Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated). It also includes checkboxes that note whether the staff is no longer assigned to the housing unit, the staff is no longer employed at the facility, the staff was indicated and the/or the staff was convicted. A review of the PREA Allegation Subject Notification form noted that it has checkboxes that are marked to indicate the investigative outcome, including unsubstantiated and unfounded. It also has a box that outlines an offender received discipline for filing a false allegation. The bottom of the form includes a line for the offender to sign. Interviews with the Warden and investigators confirmed that victims are notified whether the investigation is substantiated, unsubstantiated or unfounded. The interview with the offender who reported sexual abuse indicated he was aware he was to be informed of the outcome of the investigation. He advised he was provided notification verbally. A review of documentation for nine closed investigations noted eight were sexual abuse. One victim was not at the facility when the allegation was reported. Four of the seven were provided notification of the outcome of the investigation.

115.73 (b): The PAQ indicated that this provision is not applicable as the agency/facility is responsible for conducting administrative and criminal investigations. The

PAQ indicated that there were zero investigations completed within the previous twelve months by an outside agency. D1-8.13, page 19 states in the event that the investigation was conducted by an outside agency, the PREA unit shall request relevant information from the outside agency in order to inform the offender of the outcome of the investigation.

115.73 (c): The PAQ indicated that following an offender's allegation that a staff member has committed sexual abuse against the offender, the agency/facility subsequently informs the offender whenever: the staff member is no longer posted within the offender's unit, the staff member is no longer employed at the facility, the agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility or the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. The PAQ stated that there has been substantiated or unsubstantiated complaint of sexual abuse committed by a staff member against an offender in an agency facility in the past twelve months and in such cases the agency informed the offender of the elements under this provision. D1-8.13, page 19 states all subsequent notifications shall be made when: the staff member perpetrator is no longer assigned to the housing unit; the staff member perpetrator is no longer employed by the department; the staff member perpetrator has been indicted on a charge related to sexual abuse within the institution and/or d. a disposition of charges exists related to sexual abuse within the institution. A review of the PREA Alleged Sexual Abuse by Staff Member Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated). It also includes checkboxes that note whether the staff is no longer assigned to the housing unit, the staff is no longer employed at the facility, the staff was indicated and the/or the staff was convicted. The interview with the offender who reported sexual abuse indicated he was notified the staff was no longer employed. A review of nine completed investigations noted eight were sexual abuse. Eight required notification under this provision. One of the eight victims was not at the facility when the incident was reported. Three of the seven were provided notification that the staff was no longer employed at the facility.

115.73 (d): The PAQ indicates that following an offender's allegation that he or she has been sexually abused by another offender, the agency subsequently informs the alleged victim whenever: the agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility or the agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility. D1-8.13, pages 19-20 state following the completion of an investigation, the offender shall be notified when the offender has been indicted on a charge related to sexual abuse within the institution and when a disposition of charges exists related to sexual abuse within the institution. A review of the PREA Alleged Sexual Abuse by Offender Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated).

It also includes checkboxes that note whether the subject was indicated or convicted. The bottom of the form includes a line for the offender to sign. The interview with the offender who reported sexual abuse indicated it was not against another offender and as such no notifications were required under this provision. A review of nine closed investigations indicated eight were sexual abuse and none required any notifications under this provision.

115.73 (e): The PAQ indicated that the agency has a policy that all notifications to offenders described under this standard are documented. D1-8.13, page 20 states the PREA unit shall forward the written notification to the offender via the PREA site coordinator. The original notification shall be signed by the offender and witnessed by a staff member. The PAQ stated that there were six notifications to offenders under this standard and all six were documented. A review of documentation noted that all notification that were made were documented in writing, via the applicable forms.

115.73 (f): This provision is not required to be audited.

Based on a review of the PAQ, D1-8.13, PREA Alleged Sexual Abuse by Offender Notification Form, PREA Alleged Sexual Abuse by Staff Member Notification Form, PREA Allegations Subject Notification Form, Investigative Reports, and information from interviews with the Warden, and investigators, this standard appears to require corrective action. A review of documentation for nine closed investigations noted eight were sexual abuse. One victim was not at the facility when the allegation was reported. Four of the seven were provided notification of the outcome of the investigation. A review of nine completed investigations noted eight were sexual abuse. Eight required notification under this provision. One of the eight victims was not at the facility when the incident was reported. Three of the seven were provided notification that the staff was no longer employed at the facility.

Corrective Action

The facility will need to provide the originally requested documentation. If not available additional corrective action is required, including training with applicable staff on elements under this standard, the list of sexual abuse investigations closed during the corrective action period and associated notifications.

Verification of Corrective Action Since the Interim Audit Report

	The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard. Additional Documents: 1. Victim Notifications 2. List of Sexual Abuse Allegations Closed During the Corrective Action Period The facility provided part of the originally requested documentation. Because only partial was provided, further corrective action is required. The facility provided a list of sexual abuse allegations closed during the corrective action period (two). Both included a written victim notification. The facility also conducted training with applicable staff on the requirements to notify offenders of staff no longer working in a unit, staff no longer employed, staff indicated, staff charged, offender indicated and offender charged. Confirmation of the training, via staff signatures, was provided. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

115.76	Disciplinary sanctions for staff
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D2-9.1 Employee Discipline 4. Investigative Reports

5. Employee Discipline/Termination

Findings (By Provision):

115.76 (a): The PAQ stated that staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. D1-8.13, page 22 states staff members shall be subject to disciplinary sanctions up to and including termination for violating agency sexual abuse and sexual harassment procedures.

115.76 (b): The PAQ indicated there were three staff members who violated the sexual abuse and sexual harassment policies and three staff members were terminated (or resigned prior to termination) for violating agency sexual abuse or sexual harassment policies. D1-8.13, page 22 states termination from the department shall be the presumptive disciplinary action for staff members who have engaged in sexual abuse. A review of documentation noted three staff violated the sexual abuse or sexual harassment policies. All three staff resigned prior to the conclusion of the investigation. It should be noted that one staff was involved in numerous investigations.

115.76 (c): The PAQ stated that disciplinary sanctions for violations of agency policies related to sexual abuse or sexual harassment are commensurate with the nature and circumstances of the acts, the staff member's disciplinary history and the sanctions imposed for comparable offense by other staff members with similar histories. The PAQ indicated there were zero staff members that were disciplined, short of termination, for violating the sexual abuse and sexual harassment policies within the previous twelve months. D2-9.1 outlines the employee disciplinary process and the procedure as it relates to this process. A review of documentation noted three staff violated the sexual abuse or sexual harassment policies. All three staff resigned prior to the conclusion of the investigation.

115.76 (d): The PAQ indicated that all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would not have been terminated if not for their resignation, are reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. The PAQ indicated that there were zero staff members who was reported to law enforcement or licensing boards following their termination for violating agency sexual abuse or sexual harassment policies. D1-8.13, page 22 states all terminations for violations or the resignation of a staff member, who would have been terminated if not for their resignation, shall be reported to relevant licensing or accreditation

	bodies and law enforcement. A review of documentation noted three staff violated the sexual abuse or sexual harassment policies. All three staff resigned prior to the conclusion of the investigation. One staff member was referred to law enforcement agencies (involved in multiple incidents/investigations). Based on a review of the PAQ, D1-8.13, D2-9.1, Investigative Reports, and Employee Discipline/Termination, this standard appears to be compliant.

115.77	Corrective action for contractors and volunteers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D2-13.1 Volunteers & Reentry Partners 4. D2-13.2 Student Interns 5. Investigative Reports Interviews: 1. Interview with the Warden Findings (By Provision): 115.77 (a): The PAQ stated that the agency policy requires that any contractor or volunteer who engages in sexual abuse be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. Additionally, it stated that policy requires that any contractor or volunteer who engages in sexual abuse be prohibited from contact with offenders. The PAQ indicated that there have not been contractors or volunteers who violated the sexual abuse or sexual harassment policies within the previous twelve months and none were reported to law enforcement or relevant licensing bodies. D1-8.13, page 22 states contractors or volunteers who engage in sexual abuse shall be prohibited from contact with offenders and shall be reported to relevant licensing bodies and law enforcement. D2-13.1 page 9 states volunteers or reentry partners may be subject to

	suspension of their access to a department facility or termination of their status if they fail to abide by the department's policies and procedures. D2-13.2, page 5 states interns shall be subject to disciplinary sanctions up to and including termination for violating department policies and procedures. A review of ten allegations confirmed there were zero substantiated sexual abuse or sexual harassment allegations against a contractor or volunteer and as such no discipline was necessary. 115.77 (b): The PAQ stated that the facility takes appropriate remedial measures and considers whether to prohibit further contact with offenders in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer. D1-8.13, page 23 states the CAO or designee of the department facility or contracted facility shall take appropriate measures and consider whether to prohibit further contact with offenders in the case of any other violations. D2-13.1 page 9 states volunteers or reentry partners may be subject to suspension of their access to a department facility or termination of their status if they fail to abide by the department's policies and procedures. D2-13.2, page 5 states interns shall be subject to disciplinary sanctions up to and including termination for violating department policies and procedures. The interview with the Warden indicated that any violation of the sexual abuse and sexual harassment policies by contractors or volunteers would result in the contractor or volunteer being removed until an investigation was completed. Based on a review of the PAQ, D1-8.13, D2-13.1, D2-13.2, Investigative Reports, and information from the interview with the Warden, this standard appears to be compliant.

115.78	Disciplinary sanctions for inmates
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. IS19-1.6 Offender Accountability Program 4. Disciplinary Sanctions and Mental Health Protocol Directive 5. Standard of Proof Document

6. Offender Rulebook
7. Investigative Reports
8. Medical and Mental Health Training

Interviews:

1. Interview with the Warden
2. Interviews with Medical and Mental Health Staff

Findings (By Provision):

115.78 (a): The PAQ stated that offenders are subject to disciplinary sanctions only pursuant to a formal disciplinary process following an administrative or criminal finding that the offender engaged in offender-on-offender sexual abuse. The PAQ indicated there have been zero administrative findings of guilt for offender-on-offender sexual abuse and zero criminal findings of guilt for offender-on-offender sexual abuse within the previous twelve months. D1-8.13, page 22 states offenders shall be subject to corrective actions or violations pursuant to a formal disciplinary process following an administrative finding or a criminal finding of guilt when the offender engaged in offender on offender sexual abuse in accordance with divisional and institutional services procedures regarding offender accountability program. The Offender Rulebook outlines conduct violations, including forcible sexual abuse and sexual misconduct, and the corrective sanctions for violation, including disciplinary segregation, visiting restrictions, living area restrictions, activity restrictions, loss of property, program sanctions and extra duty. There were zero substantiated sexual abuse or sexual harassment allegations during the previous twelve months and as such no discipline was required.

115.78 (b): D1-8.13, page 22 states sanctions shall be commensurate with the nature and circumstances of the abuse committed, the offender's disciplinary history, and the sanctions imposed for comparable offenses by other offenders with similar histories in accordance with divisional and institutional services procedures regarding offender accountability program. The Offender Rulebook outlines conduct violations, including forcible sexual abuse and sexual misconduct, and the corrective sanctions for violations based on the level of violation. The interview with the Warden indicated that the offender perpetrator would be placed in segregation and their custody level would be increased. The Warden confirmed that sanctions would be commensurate with the nature and circumstances of the abuse committed, the offender's disciplinary history, and the sanctions imposed for comparable offenses by other

offenders with similar histories.

115.78 (c): D1-8.13, page 22 states the corrective action process shall consider whether an offender's mental disabilities or mental illness contributed to his behavior when determining what type of sanction, if any, shall be imposed in accordance with divisional and institutional services procedures regarding offender accountability program. IS19-1.6, page 12 states any violation for forcible sexual abuse and or sexual violence referred to the adjustment board shall require information from a qualified mental health professional (QMHP). The report shall indicate whether mental illness or any mental disability could have contributed to the offender's behavior and whether any programming is available which would benefit the offender. The QMHP shall document this information on the mental health notification-sexual assault assessment form and provide it to the corrective hearing officer prior to the hearing. The Disciplinary Sanctions and Mental Health Protocol Directive note that prior to hearing a violation for forcible sexual abuse/violence, the Adjustment Hearing Board will request input from the mental health staff. The interview with the Warden confirmed that the offenders' mental illness or mental disability would be considered in the disciplinary process.

115.78 (d): The PAQ states that the facility offers therapy, counseling or other interventions designed to address and correct underlying reasons or motivations for the abuse and the facility considers whether to require the offending offender to participate in these interventions as a condition of access to programming and other benefits. D1-8.13, page 22 states if found guilty of sexual abuse, the PREA site coordinator or designee shall submit a referral and screening note - health services form to ensure the perpetrator shall be assessed by qualified mental health professional (QMHP) within 60 days of learning of such abuse. The offender shall be referred to appropriate treatment (therapy, counseling) by mental health staff members, as available, in accordance with divisional and institutional services procedures regarding offender accountability program. Interviews with medical and mental health staff indicated if they provide services to treat or address underlying reasons or motivations for sexual abuse they offer the services to any perpetrating offender. Staff noted they have never had any offenders refused, but they can sign a refusal.

115.78 (e): The PAQ stated that the agency disciplines offenders for sexual contact with staff only upon finding that the staff member did not consent to such contact. D1-8.13, page 22 states an offender who has sexual contact with a staff member may only be disciplined if the staff member did not consent to the contact.

115.78 (f): The PAQ stated that the agency prohibits disciplinary action for a report of

	sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation. IS9-1.6, page 20 states for the purpose of corrective action, a report of sexual misconduct, made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation. A review of the Standard of Proof Document notes that a false allegation can only be determine if the investigator, through thorough investigation, identifies evidence to factually prove the allegation did not occur nor was attempted and the victim knowingly falsified the allegation. The document provides examples of such evidence to determine falsification. The Offender Rulebook outlines making a false written or oral PREA statement to a staff member or official with evidence of bad faith as a level two violation and outlines possible sanctions including disciplinary segregation, visiting restrictions, living area restrictions, activity restrictions, loss of property, program sanctions and extra duty. A review of documentation noted the victim who reported sexual harassment was disciplined for filing a false report. 115.78 (g): The PAQ indicates that the agency prohibits all sexual activity between offenders and the agency deems such activity to constitute sexual abuse only if it determines that the activity is coerced. D1-8.13, page 22 states the department prohibits all sexual activity between offenders. Consensual sexual activity between offenders shall not be deemed sexual abuse and shall be addressed in accordance with divisional and institutional services procedures regarding offender accountability program. The Offender Rule book outlines engaging with another offender in any type of consensual sexual activity as a level two violation and outlines possible sanctions including disciplinary segregation, visiting restrictions, living area restrictions, activity restrictions, loss of property, program sanctions and extra duty. Based on a review of the PAQ, D1-8.13, Disciplinary Sanctions and Mental Health Protocol Directive, Standard of Proof Document, Offender Rulebook, Investigative Reports, Medical and Mental Health Training, and information from the interview with the Warden, this standard appears to be compliant.

9. Staff Training

Interviews:

1. Interviews with Staff Responsible for Risk Screening
2. Interviews with Medical and Mental Health Staff
3. Interviews with Offenders who Disclosed Victimization During the Risk Screening

Site Review Observations:

1. Observations of Risk Screening Area

Findings (By Provision):

115.81 (a): The PAQ indicated all offenders at the facility who have disclosed prior sexual victimization during a screening pursuant to 115.41 are offered a follow-up meeting with a medical or mental health practitioners. The PAQ also indicated that medical and mental health maintain secondary materials documenting compliance with the required services. The PAQ indicated that 63% of those offenders who reported prior victimization were seen within fourteen days by medical or mental health practitioners. D1-8.13, page 10 states if the screening indicates that an offender has experienced prior sexual victimization, whether it occurred in a correctional setting or in the community, staff members shall ensure that the offender is offered a follow-up meeting with a medical or mental health practitioner within 14 calendar days of the intake screening. IS11-32, page 3 states if the screening indicates the offender has experienced prior sexual victimization whether in the community or in a correctional setting and a forensic exam is not deemed medically necessary, the coordinated response protocol will not be initiated and the offender

will be offered a meeting with a mental health practitioner within 14 days of the intake screening. A review of the Adult Internal Risk Assessment notes that questions two, four, six and eight have a section where staff note whether the offender accepted or declined a mental health referral. Question four asks specifically about prior sexual victimization. The interview with staff responsible for the risk screening indicated that offender who disclose prior victimization during the risk screening would be offered a follow-up with mental health within seven days. Interviews with offenders who disclosed prior victimization during the risk screening indicated three of the four were offered a follow-up with mental health. A review of documentation for eight offender who disclosed prior sexual victimization during the risk screening confirmed all eight were offered a follow-up with mental health. All eight declined the follow-up.

115.81 (b): The PAQ indicated all prison offenders who have previously perpetrated sexual abuse, as indicated during the screening pursuant to 115.41 are offered a follow-up meeting with a medical or mental health practitioners. The PAQ indicated that 100% of offenders who were identified with prior sexual abusiveness were seen within fourteen days by a medical or mental health practitioner. D1-8.13, page 10 states if the screening indicates that an offender has previously perpetrated sexual abuse, whether it occurred in a correctional setting or in the community, staff members shall ensure that the offender is offered a follow-up meeting with a mental health practitioner within 14 calendar days of the intake screening. IS11-32, page 3 states if the screening indicates the offender has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff members shall ensure that the offender is offered a meeting with a QMHP within 14 days of the intake screening. A review of the Adult Internal Risk Assessment notes that questions sixteen has a section where staff note whether the offender accepted or declined a mental health referral. Question sixteen asks specifically about prior sexual offenses. The interview with staff responsible for the risk screening indicated that offender who are identified with prior sexual abusiveness during the risk screening would be offered a follow-up with mental health within seven days. A review of documentation for three offenders identified with prior sexual abusiveness indicated all three were offered a follow-up with mental health. All declined the services.

115.81 (c): This provision is not applicable as the facility is not a jail.

115.81 (d): The PAQ indicated that information related to sexual victimization and abusiveness that occurred in an institutional setting is not strictly limited to medical and mental health practitioners. Further the PAQ noted that information shared with other staff is strictly limited to informing security and management decisions, including treatment plans, housing, bed, work, education, and program assignments, or as otherwise required by federal, state, or local law. D1-8.13, page 12 states health

services staff members shall only reveal information related to a sexual abuse report that is necessary to make treatment, investigation, and other security and management decisions. IS11-32, page 3 states health services staff members may obtain informed consent from offenders in accordance with institutional services before reporting information about prior sexual victimization. Medical and mental health records are paper and electronic. Paper files are maintained in medical records, which is staffed Monday through Friday during business hours. The records room is secure after hours with limited access. Electronic records are maintained in the Missouri Corrections Integrated System (MOSIC), which is only accessible to medical and mental health care staff. Offender risk assessments are documented electronically via the MOSIC system. During the tour the auditor had a security staff member pull up the risk screening information in MOSIC. The auditor viewed that the staff did not have access and was given an error message that noted they were not authorized to view the information. Investigative files are electronic and are maintained in the Investigative Reporting Intelligence System (IRIS), which has limited access.

15.81 (e): The PAQ indicated that medical and mental health practitioners obtain informed consent from offenders before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the offender is under the age of eighteen. D1-8.13, page 10 states medical and mental health practitioners shall obtain informed consent from offenders before reporting information about prior sexual victimization that did not occur in an institutional setting. IS11-32, page 3 states if the offender is under the age of 18, a health service staff member shall report the allegation to the designated local Children's Division, Department of Social Services under applicable mandatory reporting laws. Interviews with medical and mental health staff indicated they were unaware if they were required to obtain informed consent prior to reporting any sexual abuse that did not occur in an institutional setting. The mental health staff stated she is a mandatory reporter. Both staff indicated the facility does not house anyone under eighteen. After the on-site portion of the audit the facility conducted training with medical and mental health care staff on informed consent related to sexual victimization that occurred outside a correctional setting. Staff signatures were provided confirming completion of the training.

Based on a review of the PAQ, D1-8.13, IS11-32, Adult Internal Risk Assessment (ARIS), Adult Internal Risk Assessment Manual, Adult Internal Risk Assessment Manual Supplement, Informed Consent Form, Staff Training, medical and mental health documents and information from interviews with staff who perform the risk screening, medical and mental health care staff and offenders who disclosed victimization during the risk screening, this standard appears to be compliant.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Contract with Centurion 4. Medical/Mental Health Documents (Secondary Documents) Interviews: 1. Interviews with Medical and Mental Health Staff 2. Interviews with First Responders 3. Interviews with Offenders who Reported Sexual Abuse Site Review Observations: 1. Observations of Medical and Mental Health Areas Findings (By Provision): 115.82 (a): The PAQ indicated that offender victims of sexual abuse receive timely, unimpeded access to emergency medical treatment and crisis intervention services and that the nature and scope of services are determined by medical and mental health practitioners according to their professional judgement. The PAQ also indicated that medical and mental health maintain secondary materials documenting the timeliness of services. D1-8.13, page 16 states victims of sexual abuse shall receive timely, unobstructed access to emergency medical treatment and crisis intervention services, the nature and scope of which are determined by health services practitioners according to their professional judgment. The Contract with Centurion outlines that the contractor shall arrange for 24 hour emergency medical and dental services, to include medical and dental on-call services. During the tour the auditor viewed the health services area. The space included a reception area, exam rooms, treatment rooms, infirmary cells and an ancillary area. Exam and treatment rooms had doors with security windows. The ancillary area also had a door with a window. Interviews with medical and mental health care staff confirm that offenders receive timely and unimpeded access to emergency medical treatment and crisis intervention

services. Both staff stated that offenders are provided services immediately. The staff confirmed services are based on their professional judgement as well as policy. The interview with the offender who reported sexual abuse indicated he was provided medical and/or mental health services. A review of documentation for nine victims of sexual abuse noted one was not at the facility when the incident was reported. Five of the eight were offered/provided medical and/or mental health services.

115.82 (b): D1-8.13, page 16 states health services staff members shall screen victims for obvious physical trauma, and provide emergency medical care. If no qualified medical or mental health practitioners are on duty at the time a report of a sexual abuse which involved penetration that occurred within 72 hours within a correctional facility, or 92 hours within a community, confinement facility, custody staff first responders shall take preliminary steps to protect the victim and shall immediately notify the appropriate medical and mental health practitioners. The Contract with Centurion outlines that the contractor shall arrange for 24 hour emergency medical and dental services, to include medical and dental on-call services. The interview with the security first responder indicated he would secure the area, not let the offender use the bathroom, shower, change clothes or anything else, take the victim to medical, and contact the investigator. The non-security first responder advised she would contact the Captain immediately.

115.82 (c): The PAQ indicated that offender victims of sexual abuse while incarcerated are offered timely information about and timely access to emergency contraception and sexually transmitted infection prophylaxis. The PAQ also indicated that medical and mental health maintain secondary materials documenting the timeliness of services. D-8.13, page 17 states alleged victims of offender sexual abuse of any kind that consists of penetration of the mouth, anus, buttocks, or vulva, however slight, by hand, finger, object instrument, or penis shall be provided with prophylactic treatment and follow-up for sexually transmitted or other communicable diseases, as clinically determined by the physician. Female victims shall be offered timely information and timely access to pregnancy testing and emergency contraception in accordance with professionally accepted standards of care, where medically appropriate. Page 18 further states victims of sexual abuse shall be offered timely information and access to emergency contraception and prophylactic treatment for sexually transmitted infections in accordance with professionally accepted standards of care, where medically appropriate. The interview with the offender who reported sexual abuse indicated he was provided medical and/or mental health services. He advised he was provided information and access to sexually transmitted infection prophylaxis. Interviews with medical and mental health care staff confirm that offenders receive timely information and access to emergency contraception and sexual transmitted infection prophylaxis. A review of documentation for nine victims of sexual abuse noted one was not at the facility when the incident was reported. Five of the eight were offered/provided medical and/or mental health services. None of the eight required information and access to

sexually transmitted infection prophylaxis.

115.82 (d): The PAQ indicated that treatment services are provided to every victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigations arising out of the incident. D-8.13, page 18 states treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.

Based on a review of the PAQ, D1-8.13, Contract with Centurion, a review of medical and mental health documents, and information from interviews with medical and mental health care staff, first responders and offenders who reported sexual abuse, this standard appears to require corrective action. A review of documentation for nine victims of sexual abuse noted one was not at the facility when the incident was reported. Five of the eight were offered/provided medical and/or mental health services.

Corrective Action

The facility will need to provide the originally requested documentation. If not available, additional corrective action will be required.

Verification of Corrective Action Since the Interim Audit Report

The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard.

Additional Documents:

1. Medical and/or Mental Health Documents
2. List of Sexual Abuse Allegations During the Corrective Action Period

The facility provided part of the originally requested documentation. Due to only partial being provide, additional corrective action was required.

	The facility provided a list of sexual abuse allegations during the corrective action period (two). Both victims were seen by medical and mental health. Neither required testing or prophylaxis. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Contract with Centurion 4. Medical/Mental Health Documents (Secondary Documents) Interviews: 1. Interviews with Medical and Mental Health Staff 2. Interviews with Offenders who Reported Sexual Abuse Site Review Observations: 1. Observations of Medical Treatment Areas Findings (By Provision): 115.83 (a): The PAQ indicated that the facility offers medical and mental health evaluations, and as appropriate, treatment to all offenders who have been victimized

by sexual abuse in any prison, jail, lockup, or juvenile facility. The Contract with Centurion outlines that the contractor shall arrange for 24 hour emergency medical and dental services, to include medical and dental on-call services. During the tour the auditor viewed the health services area. The space included a reception area, exam rooms, treatment rooms, infirmary cells and an ancillary area. Exam and treatment rooms had doors with security windows. The ancillary area also had a door with a window. A review of documentation for nine victims of sexual abuse noted one was not at the facility when the incident was reported. Five of the eight were offered/ provided medical and/or mental health services. A review of documentation for eight offender who disclosed prior sexual victimization during the risk screening confirmed all eight were offered a follow-up with mental health. All eight declined the follow-up. A review of documentation confirmed there was one allegation reported to have occurred at another facility. The offender was afforded access to mental health services.

115.83 (b): D1-8.13 page 18 states each victim and abuser shall be offered medical and mental health evaluations, and as appropriate, treatment to include appropriate follow-up services and treatment plans. When necessary, referrals shall be completed for continued care following their transfer to, or placement in, other facilities or their release from custody. Interviews with medical and mental health care staff confirmed they provide follow-up services, treatment plans and referrals for community services. The interview with the offender who reported sexual abuse indicated he was provided follow-up medical and/or mental health services.

115.83 (c): D1-8.13, page 18 states victims and abusers shall be provided with medical and mental health services consistent with the community level of care. All medical and mental health care staff are required to have the appropriate credentials and licensures. A review of secondary medical and mental health documentation indicated that offenders have immediate access to medical and mental health care when needed, including urgent and routine services. Interviews with medical and mental health care staff indicated they were unsure if the services they provide are consistent with the community level of care.

115.83 (d): The PAQ noted that this provision does not apply as the facility does not house cisgender female offenders. D1-8.13, page 18 states victims of sexually abusive vaginal penetration while incarcerated shall be offered pregnancy tests.

115.83 (e): The PAQ noted that this provision does not apply as the facility does not house cisgender female offenders. D1-8.13, page 18 states if pregnancy results, the victim shall receive timely, comprehensive information, and access to all lawful pregnancy-related medical services in accordance with the institutional services

procedure regarding counseling and care of pregnant offenders.

115.83 (f): The PAQ indicated that offender victims of sexual abuse while incarcerated are offered tests for sexually transmitted infections as medically appropriate. D-8.13, page 17 states alleged victims of offender sexual abuse of any kind that consists of penetration of the mouth, anus, buttocks, or vulva, however slight, by hand, finger, object instrument, or penis shall be provided with prophylactic treatment and follow-up for sexually transmitted or other communicable diseases, as clinically determined by the physician. Female victims shall be offered timely information and timely access to pregnancy testing and emergency contraception in accordance with professionally accepted standards of care, where medically appropriate. Page 18 further states victims of sexual abuse shall be offered timely information and access to emergency contraception and prophylactic treatment for sexually transmitted infections in accordance with professionally accepted standards of care, where medically appropriate. The interview with the offender who reported sexual abuse indicated he was provided medical and/or mental health services. He stated they was provided information and access to testing for sexually transmitted infections. A review of documentation for nine victims of sexual abuse noted one was not at the facility when the incident was reported. Five of the eight were offered/provided medical and/or mental health services. None of the eight required information and access to testing for sexually transmitted infections.

115.83 (g): The PAQ indicated that treatment services are provided to every victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigations arising out of the incident. D-8.13, page 18 states treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. The interview with the offender who reported sexual abuse indicated he was not required to pay for medical and/or mental health services.

115.83 (h): The PAQ indicated that the facility attempts to conduct a mental health evaluation of all known offender-on-offender abusers within 60 days of learning of such abuse history, and offers treatment when deemed appropriate by mental health. D1-8.13, page 18 states upon receiving a report of a substantiated case of offender sexual abuse the PREA site coordinator shall submit a referral and screening note - health services form to ensure the perpetrator shall be assessed by qualified mental health professional (QMHP) within 60 days of learning of such abuse. Interviews with medical and mental health staff indicated that she would be provided notification from the PCM or custody staff on known abusers, but she did not think she was always getting the notifications. She advised the timeframe for services when depend on when staff sent her the information. There were zero substantiated allegations of offender-on-offender sexual abuse and as such there were no known offender-on-

	offender abusers. Based on a review of the PAQ, D1-8.13, Contract with Centurion, Medical and Mental Health Documents, Staff Training, and information from interviews with medical and mental health care staff, and offenders who reported sexual abuse, this standard appears to be complaint. Recommendation The auditor highly recommends the facility review the process for mental health evaluation on known offender-on-offender perpetrators to ensure notifications are being provided to the mental health staff as required under standard. Additionally, the auditor recommends the facility review community standards of care with medical and mental health staff.

115.86	Sexual abuse incident reviews
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Investigative Reports 4. Sexual Abuse Incident Debriefing Form 5. Training Memorandum Interviews: 1. Interview with the Warden 2. Interview with the PREA Compliance Manager 3. Interview with Incident Review Team

Findings (By Provision):

115.86 (a): The PAQ stated that the facility conducts a sexual abuse incident review at the conclusion of every criminal or administrative sexual abuse investigation, unless the allegation has been determined to be unfounded. D1-8.13 page 19, states each facility shall conduct a sexual abuse incident debriefing at the conclusion of every substantiated and unsubstantiated offender sexual abuse investigation. A sexual abuse incident debriefing is not required following offender sexual harassment investigations or when a sexual abuse investigation is unfounded. The PAQ indicated there were nine criminal and/or administrative investigations of alleged sexual abuse completed at the facility, excluding only "unfounded" incidents. A review of nine closed investigations indicated eight were sexual abuse and required a sexual abuse incident review. Seven of the eight had a sexual abuse incident review completed.

115.86 (b): The PAQ stated that the facility ordinarily conducts a sexual abuse incident review within 30 days of the conclusion of the criminal or administrative sexual abuse investigation. D1-8.13, page 19 states Incident debriefings shall be held within 30 days of the conclusion of a formal investigation. The PAQ indicated there were eight sexual abuse incident reviews completed by the facility within 30 days of the conclusion of the investigation. A review of nine closed investigations indicated eight were sexual abuse and required a sexual abuse incident review. Seven of the eight had a sexual abuse incident review completed. One of the seven was completed within 30 days of the conclusion of the investigation. After the on-site portion of the audit the facility provided a training memo that outlined policy and procedure under this standard, including the requirements to complete sexual abuse incident reviews within 30 days of the conclusion of the investigation.

115.86 (c): The PAQ indicated that the sexual abuse incident review team includes upper level management officials and allows for input from line supervisors, investigators and medical and mental health practitioners. D1-8.13 page 19, states the review team for offender sexual abuse events shall include the PREA site coordinator, and other upper level administrators, when applicable, with input from the shift supervisor, investigators, and medical or mental health practitioners. The interview with the Warden confirmed that the facility has a sexual abuse incident review team and the team consists of upper level management, line supervisors, investigators medical staff and mental health care staff. A review of nine closed investigations indicated eight were sexual abuse and required a sexual abuse incident review. Seven of the eight had a sexual abuse incident review completed with the staff required under this provision.

115.86 (d): The PAQ stated that the facility prepares a report of its findings from

sexual abuse incident reviews, including but not necessarily limited to determinations made pursuant to paragraphs (d)(1)-(d)(5) of this section and any recommendations for improvement, and submits each report to the facility head and PCM. D1-8.13 page 19, the PREA sexual abuse incident debriefing report shall be completed by the PREA site coordinator outlining in detail the findings of the incident debriefing sessions and recommendations for improvements utilizing the PREA sexual abuse incident debriefing form. A review of the PREA Sexual Abuse Debriefing form notes that it includes sections for information related to the incident and those involved. It includes sections related to what occurred after the incident as well. The form includes all elements under this provision. The Warden stated they use information from the sexual abuse incident reviews to review if there was anything that can be done to improve operations or prevent the incident from occurring again. The PCM stated that he is part of the sexual abuse incident review team, and he has not noticed any trends. He advised that after the report is submitted they would make any modifications identified, such as staffing or cameras. The interview with the sexual abuse incident review team member advised the team goes over what happened and determines if there is anything that can be changed or done to prevent the incident from occurring in the future. He confirmed they review the elements under this provision. A review of nine closed investigations indicated eight were sexual abuse and required a sexual abuse incident review. Seven of the eight had a sexual abuse incident review completed via the PREA Sexual Abuse Debriefing form. While the elements were included, the auditor noted there was limited narrative related to the elements under this provision.

115.86 (e): The PAQ indicated that the facility implements the recommendations for improvement or documents its reasons for not doing so. D1-8.13 page 19, the facility shall implement the recommendations for improvement, or shall document its reasons why recommendations shall not be implemented. A review of the PREA Sexual Abuse Debriefing form notes that it includes a section for corrective action that have been or will be taken. A review of the completed sexual abuse incident reviews noted most include recommendations for additional cameras.

Based on a review of the PAQ, D1-8.13, Investigative Reports, Sexual Abuse Incident Debriefing Form, Investigative Reports, Training Memo, and information from interviews with the Warden, the PC and a member of the sexual abuse incident review team, this standard appears to require corrective action. A review of nine closed investigations indicated eight were sexual abuse and required a sexual abuse incident review. Seven of the eight had a sexual abuse incident review completed. One of the seven was completed within 30 days of the conclusion of the investigation.

Recommendation

	The auditor highly recommends the facility include narrative under each element under provision (d), not just in the summary of the incident. Corrective Action The facility will need to provide the list of sexual abuse investigations closed during the corrective action period, to include the investigation and date concluded, and the completed sexual abuse incident reviews. Verification of Corrective Action Since the Interim Audit Report The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard. Additional Documents: 1. List of Sexual Abuse Allegations Closed During the Corrective Action Period 2. Sexual Abuse Incident Reviews The facility provided a list of sexual abuse investigations completed during the corrective action period (two). One investigation was closed unfounded and did not require a sexual abuse incident review. The second included a completed sexual abuse incident review completed within 30 days. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

2. D1-8.13 Offender Sexual Abuse and Harassment
3. PREA Data Collection Memorandum
4. PREA Annual Report Protocol
5. PREA Annual Reports
6. Survey of Sexual Victimization

Findings (By Provision):

115.87 (a): The PAQ indicated that the agency collects accurate uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions. D1-8.13, page 23 state the PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The PREA Data Collection Memorandum outlines that the agency utilizes an electronic system, Investigative Report Intelligence System (IRIS) for data collection. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, the facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency.

115.87 (b): The PAQ indicates that the agency aggregates the incident based sexual abuse data at least annually. D1-8.13, page 23 state the PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency.

115.87 (c): The PAQ indicated that the agency collects accurate uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions. It also indicates that the standardized

	instrument includes at minimum, data to answer all questions from the most recent version of the Survey of Sexual Victimization (SSV). A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency. 115.87 (d): The PAQ stated that the agency maintains, reviews, and collects data as needed from all available incident based documents, including reports, investigation files, and sexual abuse incident reviews. The PREA Data Collection Memorandum outlines that the agency utilizes an electronic system, Investigative Report Intelligence System (IRIS) for data collection. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, the facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency. 115.87 (e): The PAQ indicated that this standard is not applicable as the agency does not contract with private facilities for the confinement of its offenders. 115.87 (f): The PAQ indicated that the agency provides the Department of Justice with data from the previous calendar year upon request. A review of documentation noted that the agency submitted the Survey of Sexual Victimization in 2024. Based on a review of the PAQ, D1-8.13, PREA Data Collection Memorandum, PREA Annual Report Protocol, PREA Annual Reports, and the Survey of Sexual Victimization, this standard appears to be compliant.

Documents:

1. Pre-Audit Questionnaire
2. D1-8.13 Offender Sexual Abuse and Harassment
3. PREA Annual Report Protocol
4. PREA Annual Reports

Interviews:

1. Interview with the Agency Head Designee
2. Interview with the PREA Coordinator
3. Interview with the PREA Compliance Manager

Findings (By Provision):

115.88 (a): The PAQ indicated that the agency reviews data collected and aggregated pursuant to 115.87 in order to assess and improve the effectiveness of its sexual abuse prevention, detection and response policies and training. The review includes: identifying problem areas, taking corrective action on an ongoing basis and preparing an annual report of its findings from its data review and any corrective actions for each facility, as well as the agency as a whole. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, the facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. The interview with the Agency Head Designee confirmed that the agency uses data to identify problem areas and take corrective action on an ongoing basis. He stated the data is used to assess the risk screening tool, the video monitoring technology, staffing levels, etc. He stated the data helps to identify and

rectify issues. The PC confirmed that the agency aggregates sexual abuse data and that it is included in the annual report, which is posted on the agency website. He advised they utilize data to identify hot spots or commonalities amongst the events. This is then used in the annual report to evaluate the information. The PC stated they use data to ensure they are continually making an effort to improve the safety and security of the facilities. The interview with the PCM indicated that facility data is used to identify trends or specific areas that need addressed. A review of the last two PREA Annual Reports indicates that the reports include background information, aggregated data for the current year, trend analysis from 2015 to current (to include graphs and tables) and ongoing corrective action taken during the year.

115.88 (b): The PAQ indicated that the annual report includes a comparison of the current year's data and corrective actions with those from prior years and provides an assessment of the progress in addressing sexual abuse. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, the facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. A review of the last two PREA Annual Reports indicates that the reports include background information, aggregated data for the current year, trend analysis from 2015 to current (to include graphs and tables) and ongoing corrective action taken during the year.

115.88 (c): The PAQ indicated that the agency makes its annual report readily available to the public at least annually through its website. The PAQ indicated annual reports are approved by the Agency Head. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or

	department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. The interview with the Agency Head Designee confirmed that the report is approved by the Agency Head and is posted on the agency website. A review of the website confirmed that the current PREA Annual Report as well as historical PREA Annual Reports dating back to 2010 are available on the agency website. 115.88 (d): The PAQ indicated when the agency redacts material from an annual report for publication the redactions are limited to specific material where publication would present a clear and specific threat to the safety and security of a facility. The PAQ stated that the agency indicates the nature of material redacted. The PAQ noted that the annual report is written in a way that the need to redact information is greatly minimized. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. A review of the PREA Annual Report confirmed that no personal identifying information was included in the report nor any security related information. The report did not contain any redacted information. The interview with the PC advised that the way the annual report is written, there is not a need to redact any information. He noted that the report provides the main data but does not have personal information or security information. Based on a review of the PAQ, D1-8.13, PREA Annual Report Protocol, PREA Annual Reports, the websites and information obtained from interviews with the Agency Head Designee and PC, this standard appears to be compliant.

1. Interview with the PREA Coordinator

Findings (By Provision):

115.89 (a): The PAQ states that the agency ensures that incident based data and aggregated data is securely retained. The PC stated that the sexual abuse and sexual harassment data is maintained in the IRIS system, which is only accessible to agency investigators and facility leadership. He further stated that there are different levels of access for each individual.

115.89 (b): The PAQ states that the agency will make all aggregated sexual abuse data, from facilities under its direct control and private facilities with which it contracts, readily available to the public, at least annually, through its website or through other means. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. A review of the website confirmed that the current PREA Annual Report, which includes aggregated data, is available to the public online.

115.89 (c): The PAQ indicated that before making aggregated sexual abuse data publicly available, the agency removes all personal identifiers. A review of the PREA Annual Report, which contains the aggregated data, confirmed that no personal identifiers were publicly available.

	115.89 (d): D1-8.13, page 24 states inquiries regarding offender sexual abuse and harassment and all supporting documents shall be retained as long as the alleged perpetrator is incarcerated or employed with the department, plus 5 years and in accordance with the department procedure regarding records retention. The OPS Retention Schedule notes that sexual abuse investigations and data are retained for 50 years. A review of historical PREA Annual Reports indicated that aggregated data is available from 2010 to present. Based on a review of the PAQ, D1-8.13, OPS Retention Schedule, PREA Annual Reports, the websites and information obtained from the interview with the PC, this standard appears to be compliant.

115.401	Frequency and scope of audits
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Findings (By Provision): 115.401 (a): The facility is part of the Missouri Department of Correction. A review of the audit schedule and audit reports on the agency's website indicates that at least one third of the agency's facilities are audited each year. 115.401 (b): The facility is part of the Missouri Department of Correction. A review of the audit schedule and audit reports on the agency's website indicates that at least one third of the agency's facilities are audited each year. The facility is being audited in the first year of the three year cycle. 115.401 (h) – (m): The auditor had access to all areas of the facility; was permitted to review any relevant policies, procedure or documents; was permitted to retain physical and electronic copies of all documents; was permitted to conduct private interviews and was able to receive confidential information/correspondence from offenders. 115.401 (n): The facility provided photos of the audit announcement posted around the facility at least six weeks prior to the on-site portion of the audit. During the tour the auditor observed the audit announcement posted on bright colored letter size paper in English and Spanish. The audit announcements were observed at the

	entrance to all housing units and in some of the work, program and common areas. The audit announcement advised the offenders that correspondence with the auditor would remain confidential unless the offender reported information such as sexual abuse, harm to self or harm to others. The offenders were able to send correspondence via legal mail.
